# Journal of the Senate

## SECOND REGULAR SESSION

---

**FIFTY-SECOND DAY—WEDNESDAY, APRIL 14, 2010**

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Even in the darkest moments of your life, God is still in charge.” (Marie T. Freeman)

Lord, it is becoming a long week filled with many difficulties that continue to be problems for us. Help us to adjust to the new realities that face us as we govern. Help us make decisions that produce the most helpful results. Help us, we pray, that we may find ways to work together even when differences are clearly present. And Lord, walk with us as we remember our good friend, B.W. Robinson. Comfort his family and us who will truly miss him and give us a certain hope and joyful expectation of eternal life we may share with him. In Your Holy Name we pray. Amen.

# Journal of the Senate

## SECOND REGULAR SESSION

---

**FIFTY-THIRD DAY—THURSDAY, APRIL 15, 2010**

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Your word was unto me the joy and rejoicing of my heart.” (Jeremiah 15:16)

Heavenly Father, as we complete the work of this week and head home to be with loved ones and family, we would pray that Your word continues to bring joy in our hearts and joy in our daily living. As we discern Your word this weekend may we keep Your judgements and grace in a proper perspective and may Your gifts of peace, joy and love be permanent residents in our souls. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

In our serving may we always honor one another and see to love even those who are sometimes hard to love. (3) Arrange for the provision of services by an in-home provider;

(4) Reimburse the in-home provider for one nurse visit to conduct an assessment and recommendation for a care plan and, where necessary based on case circumstances, a second nurse visit may be authorized to gather additional information or documentation necessary to constitute a completed referral;

#### SENATE AMENDMENT NO. 3

Amend Senate Substitute for Senate Bill No. 1007, Page 10, Section 208.010, Line 8, by inserting after all of said line the following:

"208.215. 1. MO HealthNet is payer of last resort unless otherwise specified by law. When any person, corporation, institution, public agency or private agency is liable, either pursuant to contract or otherwise, to a participant receiving public assistance on account of personal injury to or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled, payments made by the department of social services or MO HealthNet division shall be a debt due the state and recoverable from the liable party or participant for all payments made [in] **on** behalf of the participant and the debt due the state shall not exceed the payments made from MO HealthNet benefits provided under sections 208.151 to 208.158 and section 208.162 and section 208.204 on behalf of the participant, minor or estate for

payments on account of the injury, disease, or disability or benefits arising from a health insurance program to which the participant may be entitled. **Any health benefit plan as defined in section 376.1350, third party administrator, administrative service organization, and pharmacy benefits manager, shall process and pay all properly submitted medical assistance subrogation claims or MO HealthNet subrogation claims:**

**(1) For a period of three years from the date services were provided or rendered, regardless of any other timely filing requirement otherwise imposed by such entity, and the entity shall not deny such claims on the basis of the type or format of the claim form, failure to present proper documentation of coverage at the point of sale, or failure to obtain prior authorization; and**

**(2) If any action by the state to enforce its rights with respect to such claim is commenced within six years of the state's submission of such claim.**

2. The department of social services, MO HealthNet division, or its contractor may maintain an appropriate action to recover funds paid by the department of social services or MO HealthNet division or its contractor that are due under this section in the name of the state of Missouri against the person, corporation, institution, public agency, or private agency liable to the participant, minor or estate.

3. Any participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death who pursues legal rights against a person, corporation, institution, public agency, or private agency liable to that participant or minor for injuries, disease or disability or benefits arising from a health insurance plan to which the participant may be entitled as outlined in subsection 1 of this section shall upon actual knowledge that the department of social services or MO HealthNet division has paid MO HealthNet benefits as defined by this chapter promptly notify the MO HealthNet division as to the pursuit of such legal rights.

4. Every applicant or participant by application assigns his right to the department of social services or MO HealthNet division of any funds recovered or expected to be recovered to the extent provided for in this section. All applicants and participants, including a person authorized by the probate code, shall cooperate with the department of social services, MO HealthNet division in identifying and providing information to assist the state in pursuing any third party who may be liable to pay for care and services available under the state's plan for MO HealthNet benefits as provided in sections 208.151 to 208.159 and sections 208.162 and 208.204. All applicants and participants shall cooperate with the agency in obtaining third-party resources due to the applicant, participant, or child for whom assistance is claimed. Failure to cooperate without good cause as determined by the department of social services, MO HealthNet division in accordance with federally prescribed standards shall render the applicant or participant ineligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204. A [recipient] **participant** who has notice or who has actual knowledge of the department's rights to third-party benefits who receives any third-party benefit or proceeds for a covered illness or injury is either required to pay the division within sixty days after receipt of settlement proceeds the full amount of the third-party benefits up to the total MO HealthNet benefits provided or to place the full amount of the third-party benefits in a trust account for the benefit of the division pending judicial or administrative determination of the division's right to third-party benefits.

5. Every person, corporation or partnership who acts for or on behalf of a person who is or was eligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204 for purposes of pursuing the applicant's or participant's claim which accrued as a result of a nonoccupational

or nonwork-related incident or occurrence resulting in the payment of MO HealthNet benefits shall notify the MO HealthNet division upon agreeing to assist such person and further shall notify the MO HealthNet division of any institution of a proceeding, settlement or the results of the pursuit of the claim and give thirty days' notice before any judgment, award, or settlement may be satisfied in any action or any claim by the applicant or participant to recover damages for such injuries, disease, or disability, or benefits arising from a health insurance program to which the participant may be entitled.

6. Every participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death, or his attorney or legal representative shall promptly notify the MO HealthNet division of any recovery from a third party and shall immediately reimburse the department of social services, MO HealthNet division, or its contractor from the proceeds of any settlement, judgment, or other recovery in any action or claim initiated against any such third party. A judgment, award, or settlement in an action by a [recipient] **participant** to recover damages for injuries or other third-party benefits in which the division has an interest may not be satisfied without first giving the division notice and a reasonable opportunity to file and satisfy the claim or proceed with any action as otherwise permitted by law.

7. The department of social services, MO HealthNet division or its contractor shall have a right to recover the amount of payments made to a provider under this chapter because of an injury, disease, or disability, or benefits arising from a health insurance plan to which the participant may be entitled for which a third party is or may be liable in contract, tort or otherwise under law or equity. Upon request by the MO HealthNet division, all third-party payers shall provide the MO HealthNet division with information contained in a 270/271 Health Care Eligibility Benefits Inquiry and Response standard transaction mandated under the federal Health Insurance Portability and Accountability Act, except that third-party payers shall not include accident-only, specified disease, disability income, hospital indemnity, or other fixed indemnity insurance policies.

8. The department of social services or MO HealthNet division shall have a lien upon any moneys to be paid by any insurance company or similar business enterprise, person, corporation, institution, public agency or private agency in settlement or satisfaction of a judgment on any claim for injuries or disability or disease benefits arising from a health insurance program to which the participant may be entitled which resulted in medical expenses for which the department or MO HealthNet division made payment. This lien shall also be applicable to any moneys which may come into the possession of any attorney who is handling the claim for injuries, or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled which resulted in payments made by the department or MO HealthNet division. In each case, a lien notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or participant has a claim, demand or cause of action. The lien shall claim the charge and describe the interest the department or MO HealthNet division has in the claim, demand or cause of action. The lien shall attach to any verdict or judgment entered and to any money or property which may be recovered on account of such claim, demand, cause of action or suit from and after the time of the service of the notice.

9. On petition filed by the department, or by the participant, or by the defendant, the court, on written notice of all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either before or after a verdict, and nothing in this section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the department has charge. The court may determine what portion of the

recovery shall be paid to the department against the recovery. In making this determination the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

(1) The amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the participant incident to the recovery; and whether the department should, as a matter of fairness and equity, bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;

(2) The amount, if any, of the attorney's fees and other costs incurred by the participant incident to the recovery and paid by the participant up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;

(3) The total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the participant, by insurance provided by the participant, and by the department, and the amount of such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;

(4) Whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the participant;

(5) The age of the participant and of persons dependent for support upon the participant, the nature and permanency of the participant's injuries as they affect not only the future employability and education of the participant but also the reasonably necessary and foreseeable future material, maintenance, medical rehabilitative and training needs of the participant, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;

(6) The realistic ability of the participant to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

10. The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction. **The computerized records of the MO HealthNet division, certified by the director or his designee, shall be prima facie evidence of proof of moneys expended and the amount of the debt due the state.**

11. The court may reduce and apportion the department's or MO HealthNet division's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The department or MO HealthNet division shall pay its pro rata share of the attorney's fees based on the department's or MO HealthNet division's lien as it compares to the total settlement agreed upon. This section shall not affect the priority of an attorney's lien under section 484.140, RSMo. The charges of the department or MO HealthNet division or contractor described in this section, however, shall take priority over all other liens and charges existing under the laws of the state of Missouri with the exception of the attorney's lien under such statute.

12. Whenever the department of social services or MO HealthNet division has a statutory charge under this section against a recovery for damages incurred by a participant because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, [irrespective] **regardless** of whether [or not] an action based on participant's claim has been filed in court. Nothing herein shall prohibit the director from entering into a compromise agreement with any participant, after consideration of the factors in subsections 9 to 13 of this section.

13. This section shall be inapplicable to any claim, demand or cause of action arising under the workers' compensation act, chapter 287, RSMo. From funds recovered pursuant to this section the federal government shall be paid a portion thereof equal to the proportionate part originally provided by the federal government to pay for MO HealthNet benefits to the participant or minor involved. The department or MO HealthNet division shall enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on permanently institutionalized individuals. The department or MO HealthNet division shall have the right to enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on all other institutionalized individuals. For the purposes of this subsection, "permanently institutionalized individuals" includes those people who the department or MO HealthNet division determines cannot reasonably be expected to be discharged and return home, and "property" includes the homestead and all other personal and real property in which the participant has sole legal interest or a legal interest based upon co-ownership of the property which is the result of a transfer of property for less than the fair market value within thirty months prior to the participant's entering the nursing facility. The following provisions shall apply to such liens:

(1) The lien shall be for the debt due the state for MO HealthNet benefits paid or to be paid on behalf of a participant. The amount of the lien shall be for the full amount due the state at the time the lien is enforced;

(2) The MO HealthNet division shall file for record, with the recorder of deeds of the county in which any real property of the participant is situated, a written notice of the lien. The notice of lien shall contain the name of the participant and a description of the real estate. The recorder shall note the time of receiving such notice, and shall record and index the notice of lien in the same manner as deeds of real estate are required to be recorded and indexed. The director or the director's designee may release or discharge all or part of the lien and notice of the release shall also be filed with the recorder. The department of social services, MO HealthNet division, shall provide payment to the recorder of deeds the fees set for similar filings in connection with the filing of a lien and any other necessary documents;

(3) No such lien may be imposed against the property of any individual prior to the individual's death on account of MO HealthNet benefits paid except:

(a) In the case of the real property of an individual:

a. Who is an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, if such individual is required, as a condition of receiving services in such institution, to spend for costs of medical care all but a minimal amount of his or her income required for personal needs; and

b. With respect to whom the director of the MO HealthNet division or the director's designee determines, after notice and opportunity for hearing, that he cannot reasonably be expected to be discharged from the medical institution and to return home. The hearing, if requested, shall proceed under the provisions of chapter 536, RSMo, before a hearing officer designated by the director of the MO HealthNet

division; or

(b) Pursuant to the judgment of a court on account of benefits incorrectly paid on behalf of such individual;

(4) No lien may be imposed under paragraph (b) of subdivision (3) of this subsection on such individual's home if one or more of the following persons is lawfully residing in such home:

(a) The spouse of such individual;

(b) Such individual's child who is under twenty-one years of age, or is blind or permanently and totally disabled; or

(c) A sibling of such individual who has an equity interest in such home and who was residing in such individual's home for a period of at least one year immediately before the date of the individual's admission to the medical institution;

(5) Any lien imposed with respect to an individual pursuant to subparagraph b of paragraph (a) of subdivision (3) of this subsection shall dissolve upon that individual's discharge from the medical institution and return home.

14. The debt due the state provided by this section is subordinate to the lien provided by section 484.130, RSMo, or section 484.140, RSMo, relating to an attorney's lien and to the participant's expenses of the claim against the third party.

15. Application for and acceptance of MO HealthNet benefits under this chapter shall constitute an assignment to the department of social services or MO HealthNet division of any rights to support for the purpose of medical care as determined by a court or administrative order and of any other rights to payment for medical care.

16. All participants receiving benefits as defined in this chapter shall cooperate with the state by reporting to the family support division or the MO HealthNet division, within thirty days, any occurrences where an injury to their persons or to a member of a household who receives MO HealthNet benefits is sustained, on such form or forms as provided by the family support division or MO HealthNet division.

17. If a person fails to comply with the provision of any judicial or administrative decree or temporary order requiring that person to maintain medical insurance on or be responsible for medical expenses for a dependent child, spouse, or ex-spouse, in addition to other remedies available, that person shall be liable to the state for the entire cost of the medical care provided pursuant to eligibility under any public assistance program on behalf of that dependent child, spouse, or ex-spouse during the period for which the required medical care was provided. Where a duty of support exists and no judicial or administrative decree or temporary order for support has been entered, the person owing the duty of support shall be liable to the state for the entire cost of the medical care provided on behalf of the dependent child or spouse to whom the duty of support is owed.

18. The department director or the director's designee may compromise, settle or waive any such claim in whole or in part in the interest of the MO HealthNet program. Notwithstanding any provision in this section to the contrary, the department of social services, MO HealthNet division is not required to seek reimbursement from a liable third party on claims for which the amount it reasonably expects to recover will be less than the cost of recovery or for which recovery efforts will not be cost-effective. Cost-effectiveness is determined based on the following:

(1) Actual and legal issues of liability as may exist between the [recipient] **participant** and the liable party;

(2) Total funds available for settlement; and

(3) An estimate of the cost to the division of pursuing its claim.”; and

## SECOND REGULAR SESSION

---

**FIFTY-FIFTH DAY—TUESDAY, APRIL 20, 2010**

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Meekness is the greatest of virtues.” (Talmud 20b)

Heavenly Father, we know meekness is the quiet, peaceful sense of strength that comes from commitment to You and what is important in our life and the values we hold. It is important then that we truly are meek in ourselves so that the way we live and handle the various stresses and changes that come into our life comes from this core. And we pray that the decisions we make and the effectiveness of the bills we pass comes also from our meekness so that they produce the most helpful results that we seek to make happen. In Your Holy Name we pray. Amen.

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Make it a practice to judge person and things in the most favorable light at all times, in all circumstances.” (St. Vincent de Paul)

Gracious God, there are many things, bills and people who cross our path each day and we would ask that You help us to judge each in the most favorable light until it or they are proven otherwise. So give us proper discernment in all matters for only then are we capable of making sound judgements and can take the proper actions and put forth the needed effort it or they call from us. In Your Holy Name we pray. Amen.

# Journal of the Senate

## SECOND REGULAR SESSION

---

**FIFTY-SEVENTH DAY—THURSDAY, APRIL 22, 2010**

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Stand at the crossroads, and look, and ask for the ancient paths, where the good way lies; and walk in it, and find rest for your souls.”  
(Jeremiah 6:16)

Praise to You, O God, source of all and giver of Life. Your love sustains this planet earth and by Your hand all things living are cared for. Help us, we pray, to do what we can to care for and restore the earth. Together let us find the good way for all of God’s creation. Make us mindful of the balance of all life as it contributes one to the other and help us do our part to keep that balance rightly. Make us see, truly see, the beauty of our state as we return home to loved ones and see the love that created it all. In Your Holy Name we pray. Amen.

Further amend said bill, Page 5, Section 161.215, Line 103, by inserting after all of said line the following:

“313.807. 1. A person may apply to the commission for a license to conduct gambling games on an excursion gambling boat or to operate an excursion gambling boat as provided in sections 313.800 to 313.850. The application for such licenses shall be filed with the commission and shall identify the excursion gambling boat upon which gambling games will be authorized, shall specify the exact location where the excursion gambling boat will be docked, shall specify the extent of the land-based economic development or impact and an affirmative action plan for ownership, contracting and recruiting, training and hiring of minorities and women in all employment classifications for that area, a lease with a home dock city or county, or in lieu thereof a resolution adopted by a city or county supporting or opposing the docking and land-based economic development or impact plan of the operator, and shall be in a form and contain information as the commission prescribes. If a city or county fails to pass a resolution, such action shall not adversely affect the application which shall be deemed complete. The applicant for such license shall file with the application a nonrefundable fee of fifty thousand dollars or fifteen thousand dollars for each person to be investigated, whichever amount is greater. The applicant shall be responsible for the total cost of the investigation. If the cost of the investigation exceeds the total amount of fees filed by the applicant in this subsection, the commission may assess additional fees as it deems appropriate; however, if the applicant is denied a license, the applicant shall be entitled to a refund of the difference between the application fee

and the actual cost of the investigation. The initial license and first subsequent license renewal of an excursion gambling boat operator shall be for a period of one year. Thereafter, license renewal periods shall be two years. However, the commission may reopen licensing hearings at any time. The annual fee for anyone licensed pursuant to this subsection shall be set by the commission at a minimum of twenty-five thousand dollars.

2. A person may apply to the commission for a license to conduct an occupation within excursion gambling boat operations which the commission has identified as requiring a license. The commission shall establish and charge holders of occupational licenses an annual license fee for each occupation in amounts determined appropriate by the commission and shall be charged each year the license is in effect. The commission shall set a nonrefundable filing fee to cover the cost of any investigation. Each applicant for a license pursuant to this subsection shall annually file for a license.

3. A supplier shall annually apply for a license. The application fee shall be a nonrefundable amount set by the commission to cover the cost of any investigation. The annual fee for such license shall be set by the commission. The commission shall set all standards for equipment and supplies.

4. A licensee licensed to conduct gambling games shall acquire all gambling games or implements of gambling from a licensed supplier or from a person or entity approved by the commission. A licensee shall not sell or give gambling games or implements of gambling to another licensee without the commission's prior written approval. Any licensed supplier shall have a registered agent within this state.

5. The commission may issue a limited license to operate an excursion gambling boat as defined pursuant to subdivision (7) of section 313.800 at a dock other than its home dock, if such city or county where such dock is located has approved gambling games on excursion gambling boats pursuant to subsection 10 of section 313.812.

6. Prior to granting a license for an excursion gambling boat, the commission shall ensure that the applicant complies with all local zoning laws, provided that such laws were not changed to the detriment of the applicant having an ownership interest, including without limitation, an option to purchase, a contingent purchase agreement, leasehold interest or contingent leasehold interest, that is the subject of the zoning law change when such law is enacted subsequent to the filing of such application. Nothing in this section shall be construed to prohibit a change in local law in favor of the applicant having the ownership interest in the property.

**7. Prior to any further consideration or solicitation of interest by the Missouri gaming commission for a gaming license, the Missouri gaming commission shall first conduct a comprehensive market study to determine the economic and financial impact of an additional gaming license and facility on existing licensees as well as the impact that anticipated adjoining state gaming facilities will have on existing licensees and shall take such impact into consideration when determining whether an additional license shall be issued.**

“301.147. 1. Notwithstanding the provisions of section 301.020 to the contrary, beginning July 1, 2000, the director of revenue may provide owners of motor vehicles, other than commercial motor vehicles licensed in excess of twelve thousand pounds gross weight, the option of biennially registering motor vehicles. Any vehicle manufactured as an even-numbered model year vehicle shall be renewed each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be renewed each odd-numbered calendar year, subject to the following requirements:

(1) The fee collected at the time of biennial registration shall include the annual registration fee plus a pro rata amount for the additional twelve months of the biennial registration;

(2) Presentation of all documentation otherwise required by law for vehicle registration including, but not limited to, a personal property tax receipt or certified statement for the preceding year that no such taxes were due as set forth in section 301.025, **and** proof of [a motor vehicle safety inspection and] any applicable emission inspection conducted within sixty days prior to the date of application and proof of insurance as required by section 303.026, RSMo.

2. The director of revenue may prescribe rules and regulations for the effective administration of this section. The director is authorized to adopt those rules that are reasonable and necessary to accomplish the limited duties specifically delegated within this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is promulgated pursuant to the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2000, shall be invalid and void.

3. The director of revenue shall have the authority to stagger the registration period of motor vehicles other than commercial motor vehicles licensed in excess of twelve thousand pounds gross weight. Once the owner of a motor vehicle chooses the option of biennial registration, such registration must be maintained for the full twenty-four month period.

301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, RSMo, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application.

When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, RSMo, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536, RSMo, indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

(1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or

(2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner,

and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307, RSMo, and the emissions inspection required under chapter 643, RSMo, shall be completed and the fees required by section 307.365, RSMo, and section 643.315, RSMo, shall be charged to the owner.

10. [When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri or as required by section 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307, RSMo. The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station shall collect the same fee as authorized in section 307.365, RSMo, for making the inspection, and the fee shall be deposited in the

same manner as provided in section 307.365, RSMo. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307, RSMo, and the emissions inspection required under chapter 643, RSMo, shall be completed and only the fees required by section 307.365, RSMo, and section 643.315, RSMo, shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin.

11.] Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall[, in lieu of the inspection required by subsection 10 of this section,] be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

[12.] **11.** When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

[13.] **12.** When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

[14.] **13.** The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

[15.] **14.** Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by:

(1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;

(2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;

(3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and

(4) An inspection certificate, other than a motor vehicle examination certificate required under

subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles. The department of revenue shall issue the owner a certificate of ownership designated with the words “Reconstructed Motor Vehicle” and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol.”; and

Further amend said bill, page 81, section 301.580, line 19 of said page, by inserting after all of said line the following:

“301.800. 1. Any motor vehicle assembled by a two- or four-year institution of higher education exclusively utilizing solar power and built to compete in a national competition organized to foster interest in solar energy shall be registered and titled by the director of revenue, other laws regulating licensing of motor vehicles to the contrary notwithstanding.

2. Such institution shall file an application in a form prescribed by the director, verified by affidavit, that such vehicle meets the requirements of subsection 1 of this section.

3. The plate issued by the director shall be the collegiate plate of the institution and shall display the term “solar” in a manner prescribed by the director.

4. The institution shall pay the applicable fees as determined by the director.

5. Such motor vehicle shall be exempt from the inspections required by [section 307.350, RSMo, and] section 643.315, RSMo, and shall only be operated on the streets and highways with the approval of the institution of higher education.”; and

Further amend said bill, page 106, section 304.820, line 3 of said page, by inserting after all of said line the following:

“307.375. 1. The owner of every bus used to transport children to or from school in addition to any other inspection required by law shall submit the vehicle to an [official] inspection [station] **conducted by the state highway patrol or by any entity approved by the state highway patrol**, and obtain a certificate of inspection, sticker, seal or other device annually, but the inspection of the vehicle shall not be made more than sixty days prior to operating the vehicle during the school year. The inspection shall[, in addition to the inspection of the mechanism and equipment required for all motor vehicles under the provisions of sections 307.350 to 307.390,] include an inspection to ascertain that the following items are correctly fitted, adjusted, and in good working condition:

(1) All mirrors, including crossview, inside, and outside;

2. In addition to the inspection required by subsection 1 of this section, the Missouri state highway patrol shall conduct an inspection after February first of each school year of all vehicles required to be marked as school buses under section 304.050, RSMo. This inspection shall be conducted by the Missouri highway patrol in cooperation with the department of elementary and secondary education and shall include, as a minimum, items in subsection 1 of this section and the following:

- (1) The driver seat belts;

3. If, upon inspection, conditions which violate the standards in subsection 2 of this section are found, the owner or operator shall have them corrected in ten days and notify the superintendent of the Missouri state highway patrol or those persons authorized by the superintendent. If the defects or unsafe conditions found constitute an immediate danger, the bus shall not be used until corrections are made and the superintendent of the Missouri state highway patrol or those persons authorized by the superintendent are notified.

4. The Missouri highway patrol may inspect any school bus at any time and if such inspection reveals a deficiency affecting the safe operation of the bus, the provisions of subsection 3 of this section shall be applicable.

**5. The superintendent shall promulgate rules and regulations to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.**

6. Notwithstanding the provisions of section 307.390 to the contrary, a violation of this section shall be a class C misdemeanor.

307.390. 1. Any person who violates any provision of [sections 307.350 to 307.390] **section 307.375** is guilty of an infraction and upon plea or finding of guilt shall be punished as provided by law.

2. The superintendent of the Missouri state highway patrol may assign qualified persons who are not highway patrol officers to investigate and enforce motor vehicle safety inspection laws and regulations pursuant to [sections 307.350 to 307.390] **section 307.375** and sections 643.300 to 643.355, RSMo. A person assigned by the superintendent pursuant to the authority granted by this subsection shall be designated a motor vehicle inspector and shall have limited powers to issue a uniform complaint and summons for a violation of the motor vehicle inspection laws and regulations. A motor vehicle inspector shall not have authority to exercise the power granted in this subsection until such inspector successfully completes training provided by, and to the satisfaction of, the superintendent.

643.303. 1. Beginning September 1, 2007, emissions inspections required by sections 643.300 to 643.355 shall be conducted through a decentralized emissions program that meets the requirements of this section. Prior to September 1, 2007, the air conservation commission shall develop a decentralized emissions inspection program that allows official inspection stations to conduct on-board diagnostic emission inspections of 1996 model year and newer motor vehicles equipped with on-board diagnostic systems meeting the federal Environmental Protection Agency On-Board Diagnostics II (OBDII) standards. The decentralized emissions inspection program shall, at a minimum, provide for the following:

- (1) The periodic inspection of certain motor vehicles as required under section 643.315;

(2) The certification and operation of official emissions inspection stations and the licensing of emission inspectors;

(3) The testing of motor vehicles through on-board diagnostic testing technologies;

(4) The training, certification, and supervision of emission inspectors and other personnel; and

(5) Procedures for certifying test results and for reporting and maintaining relevant data records.

2. In addition to any other criteria established by the commission under section 643.320 or by rule, the decentralized emissions inspection program shall allow any [official inspection station] **individual, corporation, or entity that is certified under sections 643.200 to 643.355** located in an area described in subsection 1 of section 643.305 [otherwise qualified by the Missouri state highway patrol to conduct motor vehicle safety inspections under section 307.360, RSMo,] to conduct on-board diagnostic emission inspections. Any [motor vehicle safety inspection station] **individual, corporation, or entity** that desires to conduct emissions inspections shall submit an application for a certificate of authorization to the commission as provided for under section 643.320. [Other] **Such** individuals, corporations, or entities [that do not conduct motor vehicle safety inspections] may conduct emission inspections provided they meet the qualifications set forth in sections 643.300 to 643.355 and the rules promulgated by the commission. Applications shall be made upon a form designated by the commission and shall contain such information as may be required by the commission. A certificate of authorization issued under section 643.320 to conduct emission inspections shall be issued only after the commission has made a determination that the applicant's proposed inspection station will be properly equipped, has the necessary licensed emission inspectors to conduct inspections, and meets all other requirements of sections 643.300 to 643.355 or rules promulgated to carry out the provisions of those sections.

3. The decentralized emissions inspection program shall allow any official inspection station that is certified to conduct an on-board diagnostic emission inspection under sections 643.300 to 643.355 to repair motor vehicles in order to bring such vehicles into compliance with sections 643.300 to 643.355, if such station and personnel meet the qualifications to conduct emission repairs as set forth in sections 643.300 to 643.355. An official emission inspection station may elect to be an emissions test-only station or may elect to conduct both emission inspections and repairs.

4. The commission is authorized to begin certification of official inspection stations prior to September 1, 2007, in order to implement the decentralized emissions inspection program. Prior to January 1, 2007, the department of natural resources shall issue a report to the general assembly and the governor regarding the progress of implementing the decentralized emissions inspection program. The report shall include, but not be limited to, a summary describing how many inspection stations or individuals the department expects to participate in the program and how many inspection stations or individuals will be qualified by September 1, 2007, to conduct such emissions inspections.

5. The commission may, as a part of implementing the decentralized emissions inspection program, use remote sensing devices to collect information regarding the vehicle fleet emissions characteristics and registration compliance within the area described in subsection 1 of section 643.305. The decentralized emissions inspection program established by the commission may also include a clean screen program that utilizes remote sensing devices. Owners of eligible vehicles who comply with clean screen/remote sensing procedures shall be deemed to have complied with the mandatory inspection requirements for the next inspection cycle. As used in this subsection, the term “clean screen program” shall mean a procedure or system that utilizes remote sensing technologies to determine whether a motor vehicle has acceptable

emission levels and then allows the motor vehicle owner to bypass the emissions inspection test required under section 643.315.

6. [The decentralized emissions inspection program may include a gas cap pressure test and a visual inspection component, and such tests may be included as part of the motor vehicle safety inspection test under section 307.350, RSMo.

7.] As used in sections 643.300 to 643.355, “decentralized emissions inspection program” means an emissions inspection program under which a certified emissions inspector conducts emissions inspection testing at an official inspection station.

[8.] 7. The decentralized emission inspection program shall satisfy the requirements established by regulation of the United States Environmental Protection Agency.

[9.] 8. The decentralized emissions inspection program established by the commission and sections 643.300 to 643.355 shall not be construed to be a new program as described in section 23.253, RSMo, and the decentralized emissions inspection program shall not be subject to the sunset mandate prescribed by sections 23.250 to 23.298, RSMo.

[10.] 9. No later than July 1, 2007, the department of natural resources and the Missouri highway patrol shall enter into an interagency agreement covering all aspects of the administration and enforcement of sections 643.300 to 643.355.

[11.] 10. No later than July 1, 2007, the air conservation commission shall promulgate rules for the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly under chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.

[12.] 11. Prior to September 1, 2007, the department of natural resources shall actively promote participation in the decentralized emissions inspection program among qualified motor vehicle dealers, service stations, and other individuals. After the implementation of the decentralized emission inspection program, the department shall monitor participation in such program. In determining whether there are a sufficient number of individuals conducting motor vehicle emission inspections under the decentralized program, the department shall attempt to ensure, through promotional efforts, that no more than twenty percent of all persons residing in the affected nonattainment area reside farther than five miles from the nearest inspection station.

643.315. 1. Except as provided in sections 643.300 to 643.355, all motor vehicles which are domiciled, registered or primarily operated in an area for which the commission has established a motor vehicle emissions inspection program pursuant to sections 643.300 to 643.355 shall be inspected and approved prior to sale or transfer; provided that, if such vehicle is inspected and approved prior to sale or transfer, such vehicle shall not be subject to another emissions inspection for ninety days after the date of sale or transfer of such vehicle. In addition, any such vehicle manufactured as an even-numbered model year vehicle shall be inspected and approved under the emissions inspection program established pursuant to sections 643.300 to 643.355 in each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be inspected and approved under the emissions inspection program established

pursuant to sections 643.300 to 643.355 in each odd-numbered calendar year. All motor vehicles subject to the inspection requirements of sections 643.300 to 643.355 shall display a valid emissions inspection sticker, and when applicable, a valid emissions inspection certificate shall be presented at the time of registration or registration renewal of such motor vehicle. The department of revenue shall require evidence of the safety and emission inspection and approval required by this section in issuing the motor vehicle annual registration in conformity with the procedure required by [sections 307.350 to 307.390, RSMo, and] sections 643.300 to 643.355. The director of revenue may verify that a successful [safety and] emissions inspection was completed via electronic means.

2. The inspection requirement of subsection 1 of this section shall apply to all motor vehicles except:

(1) Motor vehicles with a manufacturer's gross vehicle weight rating in excess of eight thousand five hundred pounds;

(2) Motorcycles and motortricycles if such vehicles are exempted from the motor vehicle emissions inspection under federal regulation and approved by the commission by rule;

(3) Model year vehicles manufactured prior to 1996;

(4) Vehicles which are powered exclusively by electric or hydrogen power or by fuels other than gasoline which are exempted from the motor vehicle emissions inspection under federal regulation and approved by the commission by rule;

(5) Motor vehicles registered in an area subject to the inspection requirements of sections 643.300 to 643.355 which are domiciled and operated exclusively in an area of the state not subject to the inspection requirements of sections 643.300 to 643.355, but only if the owner of such vehicle presents to the department an affidavit that the vehicle will be operated exclusively in an area of the state not subject to the inspection requirements of sections 643.300 to 643.355 for the next twenty-four months, and the owner applies for and receives a waiver which shall be presented at the time of registration or registration renewal;

(6) New and unused motor vehicles, of model years of the current calendar year and of any calendar year within two years of such calendar year, which have an odometer reading of less than six thousand miles at the time of original sale by a motor vehicle manufacturer or licensed motor vehicle dealer to the first user;

(7) Historic motor vehicles registered pursuant to section 301.131, RSMo;

(8) School buses;

(9) Heavy-duty diesel-powered vehicles with a gross vehicle weight rating in excess of eight thousand five hundred pounds;

(10) New motor vehicles that have not been previously titled and registered, for the four-year period following their model year of manufacture[, provided the odometer reading for such motor vehicles are under forty thousand miles at their first required biennial safety inspection conducted under sections 307.350 to 307.390, RSMo; otherwise such motor vehicles shall be subject to the emissions inspection requirements of subsection 1 of this section during the same period that the biennial safety inspection is conducted]; and

(11) Motor vehicles that are driven fewer than twelve thousand miles [between biennial safety inspections] **on a biennial basis.**

3. The commission may, by rule, allow inspection reciprocity with other states having equivalent or more stringent testing and waiver requirements than those established pursuant to sections 643.300 to

643.355.

4. (1) At the time of sale, a licensed motor vehicle dealer, as defined in section 301.550, RSMo, may choose to sell a motor vehicle subject to the inspection requirements of sections 643.300 to 643.355 either:

- (a) With prior inspection and approval as provided in subdivision (2) of this subsection; or
- (b) Without prior inspection and approval as provided in subdivision (3) of this subsection.

(2) If the dealer chooses to sell the vehicle with prior inspection and approval, the dealer shall disclose, in writing, prior to sale, whether the vehicle obtained approval by meeting the emissions standards established pursuant to sections 643.300 to 643.355 or by obtaining a waiver pursuant to section 643.335. A vehicle sold pursuant to this subdivision by a licensed motor vehicle dealer shall be inspected and approved within the one hundred twenty days immediately preceding the date of sale, and, for the purpose of registration of such vehicle, such inspection shall be considered timely.

The inspection, except the inspection of school buses which shall be made at the time provided in section 307.375, shall be made at the time prescribed in the rules and regulations issued by the superintendent of the Missouri state highway patrol; but the inspection of a vehicle shall not be made more than sixty days prior to the date of application for registration or within sixty days of when a vehicle's registration is transferred. Any vehicle manufactured as an even-numbered model year vehicle shall be inspected and approved pursuant to the safety inspection program established pursuant to sections 307.350 to 307.390 in each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be inspected and approved pursuant to sections 307.350 to 307.390 in each odd-numbered year. It shall also be lawful to operate such a vehicle from an inspection station to another place where repairs may be made and to return the vehicle to the inspection station notwithstanding the absence of a current state registration license.

3. No person whose motor vehicle was duly inspected and approved as provided in this section shall be required to have the same motor vehicle again inspected and approved for the sole reason that such person wishes to obtain a set of any special personalized license plates available pursuant to section 301.144, RSMo, or a set of any license plates available pursuant to section 301.142, RSMo, prior to the expiration date of such motor vehicle's current registration.

[307.355. 1. No state registration license to operate the type of vehicle required to be inspected by section 307.350 may be transferred or issued during a biennial registration year in which the vehicle is required to be inspected unless the application is accompanied by a certificate of inspection and approval issued no more than sixty days prior to the date of application, or in the case of school buses, which will be required to be inspected annually as provided in section 307.375, except:

(1) The director of revenue may transfer or issue a state registration license to the type of vehicle required to be inspected by section 307.350 without a certificate of inspection and approval accompanying the application if the director has satisfactory evidence that the vehicle was not in the state of Missouri at any time during the sixty days prior to the date of application; however, the

owner of every such vehicle must submit the vehicle for inspection and obtain a certificate of inspection and approval within ten days after the vehicle is first returned to the state of Missouri;

(2) The director of revenue shall renew a vehicle's registration license without a certificate of inspection and approval accompanying the application if satisfactory documentary evidence is presented at the time of application that the license being renewed was properly transferred within a six-month period prior to the expiration of the license being renewed or that the vehicle for which the registration is being issued was issued a registration for a period of less than one year for the registration period just expiring.

2. If due to interstate operation a commercial motor vehicle as defined in section 301.010, RSMo, or a trailer of the type required to be inspected is required to obtain full fee registration in this and any other state during the same calendar year, no Missouri certificate of inspection and approval is required if the vehicle bears evidence that a current valid inspection sticker or decal was issued by such other state in which the vehicle is registered; provided that the sticker or decal issued by such other state is valid for the registration period in this state.

3. After a commercial motor vehicle as defined in section 301.010, RSMo, has been registered for the current year, no certificate of inspection and approval is required when a local commercial motor vehicle license is changed to a beyond-local commercial motor vehicle license or when the licensed gross weight is changed during the licensed period.]

[307.360. 1. In no instance will road testing of a vehicle be considered a part of the inspection procedure.

2. The superintendent of the Missouri state highway patrol shall prescribe the standards and equipment necessary for an official inspection station and the qualifications for persons who conduct the inspections, and no applicant may be approved to operate an official inspection station until the applicant meets the standards and has the required equipment and qualified inspectors as prescribed. The superintendent of the Missouri state highway patrol shall establish standards and procedures to be followed in the making of inspections required by sections 307.350 to 307.390 and shall prescribe rules and regulations for the operation of the stations.

3. (1) The application for permit as an official inspection station shall be made to the superintendent of the Missouri state highway patrol on a form furnished by the superintendent. The fee for a permit to operate an official inspection station shall be ten dollars per year and each permit shall be renewed annually on the date of issue. All fees shall be payable to the director of revenue and shall be deposited by him in the state treasury to the credit of the state highway fund.

(2) The application shall set forth the name under which applicant transacts or intends to transact business, the location of the applicant's place of business and such other information as the superintendent of the Missouri state highway patrol may require. If the applicant is a partnership, the application shall set forth the names of the partners; if a corporation, the names of the officers shall be shown. The application shall be signed and verified by oath or affirmation of the owner or an authorized officer or partner.

(3) Each location which fulfills the superintendent of the Missouri state highway patrol's requirements and whose owners, proprietors and employees comply with the superintendent's regulations and qualifications shall be designated as an official inspection station and the applicant issued a certificate. The superintendent of the Missouri state highway patrol shall investigate all applicants for inspection station permits to determine whether or not the premises, equipment and personnel meet the requirements prescribed by him.

(4) Any automobile mechanic who has had at least one year of practical experience as an automotive mechanic or any person who has successfully completed a course of vocational instruction in automotive mechanics from a generally recognized educational institution, either public or private, and who has demonstrated the knowledge and ability to conduct an inspection in compliance with the regulations established by the superintendent of the Missouri state highway patrol may be issued a permit to conduct inspections at any official inspection station. No person without a valid permit shall conduct any part of an inspection, except a person without a valid permit may assist in the inspection of a vehicle by operating the vehicle's lighting equipment and signaling devices. The superintendent of the Missouri state highway patrol may require a mechanic to be reexamined at any time to determine the mechanic's knowledge and ability to conduct an inspection. If the mechanic fails the reexamination or refuses to be reexamined, the permit issued to the mechanic shall be suspended until the mechanic passes the examination but under no circumstances can the mechanic again be tested until a period of thirty days has elapsed. No fee shall be charged for the permit and the permit shall remain valid for a period of three years from the date of issue or until suspended or revoked by the superintendent of the Missouri state highway patrol.

(5) The superintendent of the Missouri state highway patrol may issue a private official inspection station permit to any association, person, partnership, corporation and/or subsidiary corporation, and governmental entity having registered or titled in his, her or its name in this state one or more vehicles of the type required to be inspected by section 307.350, or who maintains such vehicles under a written maintenance agreement of at least one year's duration and who maintains approved inspection facilities and has qualified personnel; but separate permits must be obtained for separate facilities of the same association, person, partnership, corporation and/or subsidiary corporation, or governmental entity. Such private stations shall inspect only vehicles registered or to be registered, titled or to be titled or maintained in the name of the person or organization described on the application for permit. No fee shall be charged for a permit issued to a governmental entity.

4. (1) The superintendent of the Missouri state highway patrol shall supervise and cause inspections to be made of the official inspection stations and inspecting personnel and if the superintendent finds that the provisions of sections 307.350 to 307.390 or the regulations issued pursuant to sections 307.350 to 307.390 are not being complied with, or that the business of an official inspection station, in connection with corrections, adjustments, repairs or inspection of vehicles is being improperly conducted, the superintendent shall suspend or revoke the permit of the station for a period of not less than thirty days or more than one year and require the immediate surrender and return of the permit, together with all official forms and certificates of inspection and approval. If the superintendent finds that an inspector has violated any of the provisions of sections 307.350 to 307.390 or the regulations issued pursuant to sections 307.350 to 307.390, the superintendent shall suspend or revoke the inspector's permit for a period of not less than thirty days nor more than one year. If a station operator or if an inspector violates any of the provisions of

sections 307.350 to 307.390, he or she is subject to prosecution as provided in section 307.390.

(2) The suspension or revocation of a station permit or of an inspector's permit shall be in writing to the operator, inspector, or the person in charge of the station. Before suspending or revoking either of the permits, the superintendent shall serve notice in writing by certified mail or by personal service to the permittee at the permittee's address of record giving the permittee the opportunity to appear in the office of the superintendent on a stated date, not less than ten nor more than thirty days after the mailing or service of the notice, for a hearing to show cause why the permittee's permit should not be suspended or revoked. An inspection station owner or an inspector may appear in person or by counsel in the office of the superintendent to show cause why the proposed suspension or revocation is in error, or to present any other facts or testimony that would bear on the final decision of the superintendent. If the permittee or the permittee's agent does not appear on the stated day after receipt of notice, it shall be presumed that the permittee admits the allegations of fact contained in the hearing notification letter. The decision of the superintendent may in such case be based upon the written reports submitted by the superintendent's officers. The order of the superintendent, specifying his findings of fact and conclusions of law, shall be considered final immediately after receipt of notice thereof by the permittee.

(3) Any person whose permit is suspended or revoked or whose application for a permit is denied may within ten days appeal the action as provided in chapter 536, RSMo.]

[307.365. 1. No permit for an official inspection station shall be assigned or transferred or used at any location other than therein designated and every permit shall be posted in a conspicuous place at the location designated. The superintendent of the Missouri state highway patrol shall design and furnish each official inspection station, at no cost, one official sign made of metal or other durable material to be displayed in a conspicuous location to designate the station as an official inspection station. Additional signs may be obtained by an official inspection station for a fee equal to the cost to the state. Each inspection station shall also be supplied with one or more posters which must be displayed in a conspicuous location at the place of inspection and which informs the public that required repairs or corrections need not be made at the inspection station.

2. No person operating an official inspection station pursuant to the provisions of sections 307.350 to 307.390 may issue a certificate of inspection and approval for any vehicle except upon an official form furnished by the superintendent of the Missouri state highway patrol for that purpose and only after inspecting the vehicle and determining that its brakes, lighting equipment, signaling devices, steering mechanisms, horns, mirrors, windshield wipers, tires, wheels, exhaust system, glazing, air pollution control devices, fuel system and any other safety equipment as required by the state are in proper condition and adjustment to be operated upon the public highways of this state with safety to the driver or operator, other occupants therein, as well as other persons and property upon the highways, as provided by sections 307.350 to 307.390 and the regulations prescribed by the superintendent of the Missouri state highway patrol. Brakes may be inspected for safety by means of visual inspection or computerized brake testing. No person operating an official inspection station shall furnish, loan, give or sell a certificate of inspection and approval to any other person except those entitled to receive it under provisions of sections 307.350 to 307.390. No person shall have in such person's possession any certificate of inspection and approval and/or inspection sticker with knowledge that the certificate and/or inspection sticker has been illegally purchased, stolen or counterfeited.

3. The superintendent of the Missouri state highway patrol may require officially designated stations to furnish reports upon forms furnished by the superintendent for that purpose as the superintendent considers reasonably necessary for the proper and efficient administration of sections 307.350 to 307.390.

4. If, upon inspection, defects or unsafe conditions are found, the owner may correct them or shall have them corrected at any place the owner chooses within twenty days after the defect or unsafe condition is found, and shall have the right to remove the vehicle to such place for correction, but before the vehicle is operated thereafter upon the public highways of this state, a certificate of inspection and approval must be obtained. The inspecting personnel of the official inspection station must inform the owner that the corrections need not be made at the inspection station.

5. A fee, not to exceed twelve dollars, as determined by each official inspection station, may be charged by an official inspection station for each official inspection including the issuance of the certificate of inspection and approval, sticker, seal or other device and a total fee, not to exceed ten dollars, as determined by each official inspection station, may be charged for an official inspection of a trailer or motorcycle, which shall include the issuance of the certificate of inspection and approval, sticker, seal or other device. Such fee shall be conspicuously posted on the premises of each such official inspection station. No owner shall be charged an additional inspection fee upon having corrected defects or unsafe conditions found in an inspection completed within the previous twenty consecutive days, excluding Saturdays, Sundays and holidays, if such follow-up inspection is made by the station making the initial inspection. Every inspection for which a fee is charged shall be a complete inspection, and upon completion of the inspection, if any defects are found the owner of the vehicle shall be furnished a list of the defects and a receipt for the fee paid for the inspection. If the owner of a vehicle decides to have any necessary repairs or corrections made at the official inspection station, the owner shall be furnished a written estimate of the cost of such repairs before such repairs or corrections are made by the official inspection station. The written estimate shall have plainly written upon it that the owner understands that the corrections need not be made by the official inspection station and shall have a signature line for the owner. The owner must sign below the statement on the signature line before any repairs are made.

6. Certificates of inspection and approval, sticker, seal or other device shall be purchased by the official inspection stations from the superintendent of the Missouri state highway patrol. The superintendent of the Missouri state highway patrol shall collect a fee of one dollar and fifty cents for each certificate of inspection, sticker, seal or other device issued to the official inspection stations, except that no charge shall be made for certificates of inspection, sticker, seal or other device issued to official inspection stations operated by governmental entities. All fees collected shall be deposited in the state treasury with one dollar of each fee collected credited to the state highway fund and, for the purpose of administering and enforcing the state motor vehicle laws and traffic regulations, fifty cents credited to the "Highway Patrol Inspection Fund" which is hereby created. The moneys collected and deposited in the highway patrol inspection fund shall be expended subject to appropriations by the general assembly for the administration and enforcement of sections 307.350 to 307.390 by the Missouri state highway patrol. The unexpended balance in the fund at the end of each biennium exceeding the amount of the appropriations from the fund for the first two fiscal years shall be transferred to the state road fund, and the provisions of section 33.080, RSMo, relating to the transfer of funds to the general revenue fund at the end of the

biennium, shall not apply to the fund.

7. The owner or operator of any inspection station who discontinues operation during the period that a station permit is valid or whose station permit is suspended or revoked shall return all official signs and posters and any current unused inspection stickers, seals or other devices to the superintendent of the Missouri state highway patrol and shall receive a full refund on request except for official signs and posters, provided the request is made during the calendar year or within sixty days thereafter in the manner prescribed by the superintendent of the Missouri state highway patrol. Stations which have a valid permit shall exchange unused previous year issue inspection stickers and/or decals for an identical number of current year issue, provided the unused stickers and/or decals are submitted for exchange not later than April thirtieth of the current calendar year, in the manner prescribed by the superintendent of the Missouri state highway patrol.]

[307.370. 1. No person shall represent in any manner any place as an official inspection station unless the station is operated under a valid permit issued by the superintendent of the Missouri state highway patrol.

2. No person unless then holding a valid permit shall issue a certificate of inspection and approval, sticker, seal or other device.

3. No person shall make, issue or knowingly use any imitation or counterfeit of an official certificate of inspection, sticker, seal or other device.

4. No person shall display or cause or permit to be displayed upon any vehicle any certificate of inspection and approval, sticker, seal or other device knowing the same to be fictitious or issued for another vehicle or issued without an inspection having been made.]

[307.380. 1. Every vehicle of the type required to be inspected upon having been involved in an accident and when so directed by a police officer must be inspected and an official certificate of inspection and approval, sticker, seal or other device be obtained for such vehicle before it is again operated on the highways of this state. At the seller's expense every vehicle of the type required to be inspected by section 307.350, whether new or used, shall immediately prior to sale be fully inspected regardless of any current certificate of inspection and approval, and an appropriate new certificate of inspection and approval, sticker, seal or other device shall be obtained.

2. Nothing contained in the provisions of this section shall be construed to prohibit a dealer or any other person from selling a vehicle without a certificate of inspection and approval if the vehicle is sold for junk, salvage, or for rebuilding, or for vehicles sold at public auction or from dealer to dealer. The purchaser of any vehicle which is purchased for junk, salvage, or for rebuilding, shall give to the seller an affidavit, on a form prescribed by the superintendent of the Missouri state highway patrol, stating that the vehicle is being purchased for one of the reasons stated herein. No vehicle of the type required to be inspected by section 307.350 which is purchased as junk, salvage, or for rebuilding shall again be registered in this state until the owner has submitted the vehicle for inspection and obtained an official certificate of inspection and approval, sticker, seal or other device for such vehicle.

3. Notwithstanding the provisions of section 307.390, violation of this section shall be deemed an infraction.]

[307.385. The superintendent of the Missouri state highway patrol may notify the director of

revenue and the director of revenue shall suspend the registration of any vehicle which the superintendent of the Missouri state highway patrol determines, after a written notice, is not equipped as required by law or for which a certificate required by sections 307.350 to 307.390 has not been obtained.]]"; and

Was taken up by Senator Scott.

Senator Barnitz offered **SA 1**:

**SENATE AMENDMENT NO. 1**

Amend House Bill No. 1942, Page 1, In the Title, Line 3, by striking all of said line and inserting in lieu thereof the following: “emergency service boards.”; and

Further amend said bill, page 3, section 190.309, line 85, by inserting immediately after said line the following:

“190.335. 1. In lieu of the tax levy authorized under section 190.305 for emergency telephone services, the county commission of any county may impose a county sales tax for the provision of central dispatching of fire protection, including law enforcement agencies, emergency ambulance service or any other emergency services, including emergency telephone services, which shall be collectively referred to herein as “emergency services”, and which may also include the purchase and maintenance of communications and emergency equipment, including the operational costs associated therein, in accordance with the provisions of this section.

2. Such county commission may, by a majority vote of its members, submit to the voters of the county, at a public election, a proposal to authorize the county commission to impose a tax under the provisions of this section. If the residents of the county present a petition signed by a number of residents equal to ten percent of those in the county who voted in the most recent gubernatorial election, then the commission shall submit such a proposal to the voters of the county.

3. The ballot of submission shall be in substantially the following form:

Shall the county of ..... (insert name of county) impose a county sales tax of ..... (insert rate of percent) percent for the purpose of providing central dispatching of fire protection, emergency ambulance service, including emergency telephone services, and other emergency services?

☐ YES

☐ NO

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance shall be in effect as provided herein. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the county commission shall have no power to impose the tax authorized by this section unless and until the county commission shall again have submitted another proposal to authorize the county commission to impose the tax under the provisions of this section, and such proposal is approved by a majority of the qualified voters voting thereon.

4. The sales tax may be imposed at a rate not to exceed one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any county adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525, RSMo. The sales tax shall not be collected prior to thirty-six months before operation of the central dispatching of emergency services.

5. Except as modified in this section, all provisions of sections 32.085 and 32.087, RSMo, shall apply to the tax imposed under this section.

6. Any tax imposed pursuant to section 190.305 shall terminate at the end of the tax year in which the tax imposed pursuant to this section for emergency services is certified by the board to be fully operational. Any revenues collected from the tax authorized under section 190.305 shall be credited for the purposes for which they were intended.

7. At least once each calendar year, the [governing body] **board** shall establish a tax rate, not to exceed the amount authorized, that together with any surplus revenues carried forward will produce sufficient revenues to fund the expenditures authorized by this act. Amounts collected in excess of that necessary within a given year shall be carried forward to subsequent years. The [governing body] **board** shall make

its determination of such tax rate each year no later than September first and shall fix the new rate which shall be collected as provided in this act. Immediately upon making its determination and fixing the rate, the [governing body] **board** shall publish in its minutes the new rate, and it shall notify every retailer by mail of the new rate.

8. Immediately upon the affirmative vote of voters of such a county on the ballot proposal to establish a county sales tax pursuant to the provisions of this section, the county commission shall appoint the initial members of a board to administer the funds and oversee the provision of emergency services in the county. Beginning with the general election in 1994, all board members shall be elected according to this section and other applicable laws of this state. At the time of the appointment of the initial members of the board, the commission shall relinquish and no longer exercise the duties prescribed in this chapter with regard to the provision of emergency services and such duties shall be exercised by the board.

9. The initial board shall consist of seven members appointed without regard to political affiliation, who shall be selected from, and who shall represent, the fire protection districts, ambulance districts, sheriff's department, municipalities, any other emergency services and the general public. This initial board shall serve until its successor board is duly elected and installed in office. The commission shall ensure geographic representation of the county by appointing no more than four members from each district of the county commission.

10. Beginning in 1994, three members shall be elected from each district of the county commission and one member shall be elected at large, such member to be the chairman of the board. Of those first elected, four members from districts of the county commission shall be elected for terms of two years and two members from districts of the county commission and the member at large shall be elected for terms of four years. In 1996, and thereafter, all terms of office shall be four years.

11. Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the first classification with more than two hundred forty thousand three hundred but fewer than two hundred forty thousand four hundred inhabitants, any emergency telephone service 911 board appointed by the county under section 190.309 which is in existence on the date the voters approve a sales tax under this section shall continue to exist and shall have the powers set forth under section 190.339.

12. (1) Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the second classification with more than fifty-four thousand two hundred but fewer than fifty-four thousand three hundred inhabitants that has approved a sales tax under this section, the county commission shall appoint the members of the board to administer the funds and oversee the provision of emergency services in the county.

(2) The board shall consist of seven members appointed without regard to political affiliation. Each member shall be one of the following:

- (a) The head of any of the county's fire protection districts, or a designee;
- (b) The head of any of the county's ambulance districts, or a designee;
- (c) The county sheriff, or a designee;
- (d) The head of any of the police departments in the county, or a designee; and
- (e) The head of any of the county's emergency management organizations, or a designee.

in section 190.339 and shall exercise all powers and duties exercised by the county commission under this chapter, and the commission shall relinquish all powers and duties relating to the provision of emergency services under this chapter to the board.

190.339. 1. The powers and duties of the emergency services board shall include, but not be limited to:

(1) Planning a 911 system and dispatching system;

(2) Coordinating and supervising the implementation, upgrading or maintenance of the system, including the establishment of equipment specifications and coding systems;

(3) Receiving money from any county sales tax authorized to be levied pursuant to section 190.335 and authorizing disbursements from such moneys collected;

(4) Hiring any staff necessary for the implementation, upgrade or operation of the system.

**2. The board shall be a body corporate and a political subdivision of the state and shall be known as the “..... Emergency Services Board”.**

**3.** The administrative control and management of the moneys from any county sales tax authorized to be levied pursuant to section 190.335 and the administrative control and management of the central dispatching of emergency services shall rest solely with the board, and the board shall employ all necessary personnel, affix their compensation and provide suitable quarters and equipment for the operation of the central dispatching of emergency services from the funds available for this purpose.

[3.] **4.** The board may contract to provide services relating in whole or in part to central dispatching of emergency services and for such purpose may expend the tax funds or other funds.

[4.] **5.** The board shall elect a vice chairman, treasurer, secretary and such other officers as it deems necessary. Before taking office, the treasurer shall furnish a surety bond in an amount to be determined and in a form to be approved by the board for the faithful performance of the treasurer's duties and faithful accounting of all moneys that may come into the treasurer's hands. The treasurer shall enter into the surety bond with a surety company authorized to do business in Missouri, and the cost of such bond shall be paid by the board of directors.

[5.] **6.** The board may accept any gift of property or money for the use and benefit of the central dispatching of emergency services, and the board is authorized to sell or exchange any such property which it believes would be to the benefit of the service so long as the proceeds are used exclusively for central dispatching of emergency services. The board shall have exclusive control of all gifts, property or money it may accept; of all interest of other proceeds which may accrue from the investment of such gifts or money or from the sale of such property; of all tax revenues collected by the county on behalf of the central dispatching of emergency services; and of all other funds granted, appropriated or loaned to it by the federal government, the state or its political subdivisions so long as such resources are used solely to benefit the central dispatching of emergency services.

[6.] **7.** Any board member may, following notice and an opportunity to be heard, be removed from any office by a majority vote of the other members of the board for any of the following reasons:

(1) Failure to attend five consecutive meetings, without good cause;

(2) Conduct prejudicial to the good order and efficient operation of the central dispatching of emergency services; or

(3) Neglect of duty.

[7.] **8.** The chairperson of the board shall preside at such removal hearing, unless the chairperson is the person sought to be removed, in which case the hearing shall be presided over by another member elected by a majority vote of the other board members. All interested parties may present testimony and arguments at such hearing, and the witnesses shall be sworn in by oath or affirmation before testifying. Any interested party may, at his or her own expense, record the proceedings.

[8.] **9.** Vacancies on the board occasioned by removals, resignations or otherwise, shall be filled by the remaining members of the board. The appointee or appointees shall act until the next election at which a director or directors are elected to serve the remainder of the unexpired term.

[9.] **10.** Individual board members shall not be eligible for employment by the board within twelve months of termination of service as a member of the board.

**3.** Notice shall be provided by both publication and mailing. Notice by publication shall be given by publication in a newspaper of general circulation within the municipality or county in which the port authority is located at least once not more than fifteen, but not less than ten, days prior to the date of the public hearing. Notice by mail shall be given not more than thirty, but not less than twenty, days prior to the date of the public hearing by sending the notice via registered or certified United States mail with a return receipt attached to the address of record of each owner within the boundaries of the proposed district. proposed district is illegal or unconstitutional, or why the proposed method for funding the district is illegal or unconstitutional. The respondent shall ask the court for a declaratory judgment respecting these issues. The answer of each respondent shall be served on each petitioner and every other respondent named in the petition. Any resident or taxpayer within the proposed district not qualifying as a respondent may join in or file a petition supporting or answer opposing the creation of the district and seeking a declaratory judgment respecting these same issues within thirty days after the date notice is last published by the circuit clerk under section 68.325.

2. The court shall hear the case without a jury. If the court shall thereafter determine the petition is defective or the proposed district is illegal or unconstitutional, or shall be an undue burden on any owner of property within the district or is unjust and unreasonable, it shall enter its declaratory judgment to that effect and shall refuse to make the certifications requested in the pleadings. If the court determines that any proposed funding method is illegal or unconstitutional, it shall enter its judgment striking that funding method in whole or in part. If the court determines the petition is not legally defective and the proposed district and method of funding are neither illegal nor unconstitutional, the court shall enter its judgment to that effect. The court shall then certify the single question regarding the proposed real property tax or sales and use tax, or both, as applicable, needed to fund the project for voter approval. If no objections to the petition are timely filed, the court may make such certifications based upon the pleadings before it without any hearing.

3. Any party having filed an answer or petition may appeal the circuit court's order or declaratory judgment in the same manner provided for other appeals.

68.325. The circuit court clerk in whose office the petition was filed shall give notice to the public by causing one or more newspapers of general circulation serving the counties or portions thereof contained in the proposed district to publish once a week for four consecutive weeks a notice substantially in the following form:

“190.108. 1. The department shall, within a reasonable time after receipt of an application, cause such investigation as the department deems necessary to be made of the applicant for an air ambulance license.

2. The department shall have the authority and responsibility to license an air ambulance service in accordance with sections 190.001 to 190.245, and in accordance with rules adopted by the department pursuant to sections 190.001 to 190.245. The department may promulgate rules relating to the requirements for an air ambulance license including, but not limited to:

- (1) Medical control plans;

4. Upon the sale or transfer of any air ambulance service ownership, the owner of such service shall notify the department of the change in ownership within thirty days of such sale or transfer. After receipt of such notice, the department shall conduct an inspection of the ambulance service to verify compliance with the licensure standards of sections 190.001 to 190.245.

**5. The department shall promulgate rules prescribing the amount of fees to be required for licensure and relicensure under this section. All license fees shall be paid to the director of revenue and deposited in the state treasury to the credit of the general revenue fund.**

190.109. 1. The department shall, within a reasonable time after receipt of an application, cause such investigation as the department deems necessary to be made of the applicant for a ground ambulance license.

2. Any person that owned and operated a licensed ambulance on December 31, 1997, shall receive an ambulance service license from the department, unless suspended, revoked or terminated, for that ambulance service area which was, on December 31, 1997, described and filed with the department as the primary service area for its licensed ambulances on August 28, 1998, provided that the person makes application and adheres to the rules and regulations promulgated by the department pursuant to sections 190.001 to 190.245.

In order to be considered for a new ambulance service license, an ambulance service shall submit to the department a letter of endorsement from each ambulance district or fire protection district that is authorized to provide ambulance service, or from each municipality not within an ambulance district or fire protection district that is authorized to provide ambulance service, in which the ambulance service proposes to operate. Any letter of endorsement required pursuant to this section shall verify that the political subdivision has conducted a public hearing regarding the endorsement and that the governing body of the political subdivision has adopted a resolution approving the endorsement. A contract between a political subdivision and a licensed ambulance service for the provision of ambulance services for that political subdivision shall expand, without further action by the department, the ambulance service area of the licensed ambulance service to include the jurisdictional boundaries of the political subdivision. The termination of the aforementioned contract shall result in a reduction of the licensed ambulance service's ambulance service area by removing the geographic area of the political subdivision from its ambulance service area, except that licensed ambulance service providers may provide ambulance services as are needed at and around the state fair grounds for protection of attendees at the state fair.

5. The department shall renew a ground ambulance service license if the applicant meets the requirements established pursuant to sections 190.001 to 190.245, and the rules adopted by the department pursuant to sections 190.001 to 190.245.

6. Subsequent to the issuance of a training entity accreditation or certification, the department shall cause a periodic review of the training entity to assure continued compliance with the requirements of sections 190.001 to 190.245 and all rules promulgated pursuant to sections 190.001 to 190.245.

## SECOND REGULAR SESSION

---

**SIXTIETH DAY—WEDNESDAY, APRIL 28, 2010**

---

The Senate met pursuant to adjournment.

Senator Stouffer in the Chair.

Reverend Carl Gauck offered the following prayer:

“God doesn’t always smooth the path, but sometimes he puts springs in the wagon.” (*Marshall Lucas*)

We are aware, O God, that this time of year can make our time together here a very rough road. We are grateful it isn’t as rough as previous years but not as smooth as we could hope. So we pray, put a spring in our step and as we move bills along this day help us accomplish more in an unruffled way. And may You truly bless our efforts, gracious Lord. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

(c) Two members appointed by the school boards whose districts are included in the county in a manner in which the school boards agree; and

(d) One member to represent all other districts levying ad valorem taxes in the proposed redevelopment area in a manner in which all such districts agree. No city, town, or village subject to this subsection shall

create or maintain a commission under subsection 2 of this section, except as necessary to complete a public hearing for which notice under section 99.830 has been provided prior to August 28, [2008] **2010**, and to vote or make recommendations relating to redevelopment plans, redevelopment projects, or designation of redevelopment areas, or amendments thereto that were the subject of such public hearing;

(2) Members appointed to the commission created under this subsection, except those six members appointed by either the county executive or presiding commissioner, shall serve on the commission for a term to coincide with the length of time a redevelopment project, redevelopment plan, or designation of a redevelopment area is considered for approval by the commission. The six members appointed by either the county executive or the presiding commissioner shall serve on all such commissions until replaced. The city, town, or village that creates a commission under this subsection shall send notice thereof by certified mail to the county executive or presiding commissioner, to the school districts whose boundaries include any portion of the proposed redevelopment area, and to the other taxing districts whose boundaries include any portion of the proposed redevelopment area. The city, town, or village that creates the commission shall also be solely responsible for notifying all other cities, towns, and villages in the county that have tax increment financing districts and shall exercise all administrative functions of the commission. The school districts receiving notice from the city, town, or village shall be solely responsible for notifying the other school districts within the county of the formation of the commission. If the county, school board, or other taxing district fails to appoint members to the commission within thirty days after the city, town, or village sends the written notice, as provided herein, that it has convened such a commission or within thirty days of the expiration of any such member's term, the remaining duly appointed members of the commission may exercise the full powers of the commission.

4. (1) Any commission created under this section, subject to approval of the governing body of the municipality, may exercise the powers enumerated in sections 99.800 to 99.865, except final approval of plans, projects and designation of redevelopment areas. The commission shall hold public hearings and provide notice pursuant to sections 99.825 and 99.830.

(2) Any commission created under subsection 2 of this section shall vote on all proposed redevelopment plans, redevelopment projects and designations of redevelopment areas, and amendments thereto, within thirty days following completion of the hearing on any such plan, project or designation and shall make recommendations to the governing body within ninety days of the hearing referred to in section 99.825 concerning the adoption of or amendment to redevelopment plans and redevelopment projects and the designation of redevelopment areas. The requirements of subsection 2 of this section and this subsection shall not apply to redevelopment projects upon which the required hearings have been duly held prior to August 31, 1991.

(3) Any commission created under subsection 3 of this section shall, within fifteen days of the receipt of a redevelopment plan meeting the minimum requirements of section 99.810, as determined by counsel to the city, town, or village creating the commission and a request by the applicable city, town, or village for a public hearing, fix a time and place for the public hearing referred to in section 99.825. The public hearing shall be held no later than seventy-five days from the commission's receipt of such redevelopment plan and request for public hearing. The commission shall vote and make recommendations to the governing body of the city, town, or village requesting the public hearing on all proposed redevelopment plans, redevelopment projects, and designations of redevelopment areas, and amendments thereto within thirty days following the completion of the public hearing. If the commission fails to vote within thirty days following the completion of the public hearing referred to in section 99.825 concerning the proposed

redevelopment plan, redevelopment project, or designation of redevelopment area, or amendments thereto, such plan, project, designation, or amendment thereto shall be deemed rejected by the commission.”; and

Further amend the title and enacting clause accordingly.

SENATE AMENDMENT NO. 7

Amend Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1290, Page 180, Section 165.071, Line 3, by inserting after all of said line the following:

“169.270. Unless a different meaning is clearly required by the context, the following words and phrases as used in sections 169.270 to 169.400 shall have the following meanings:

(1) “Accumulated contributions”, the sum of all amounts deducted from the compensation of a member or paid on behalf of the member by the employer and credited to the member's individual account together with interest thereon in the employees' contribution fund. The board of trustees shall determine the rate of interest allowed thereon as provided for in section 169.295;

(2) “Actuarial equivalent”, a benefit of equal value when computed upon the basis of formulas and/or tables which have been approved by the board of trustees. **The formulas and tables in effect at any time shall be set forth in a written document which shall be maintained at the offices of the retirement system and treated for all purposes as part of the documents governing the retirement system established by section 169.280. The formulas and tables may be changed from time to time if recommended by the retirement system's actuary and approved by the board of trustees;**

(3) “Average final compensation”, the highest average annual compensation received for any four consecutive years of service. In determining whether years of service are “consecutive”, only periods for which creditable service is earned shall be considered, and all other periods shall be disregarded;

(4) “Beneficiary”, any person designated by a member for a retirement allowance or other benefit as provided by sections 169.270 to 169.400;

(5) “Board of education”, the board of directors or corresponding board, by whatever name, having charge of the public schools of the school district in which the retirement system is established;

(6) “Board of trustees”, the board provided for in section 169.291 to administer the retirement system;

(7) “Break in service”, an occurrence when a regular employee ceases to be a regular employee for any reason other than retirement (including termination of employment, resignation, or furlough but not including vacation, sick leave, excused absence or leave of absence granted by an employer) and such person does not again become a regular employee until after sixty consecutive calendar days have elapsed, or after fifteen consecutive school or work days have elapsed, whichever occurs later. A break in service also occurs when a regular employee retires under the retirement system established by section 169.280 and does not again become a regular employee until after fifteen consecutive school or work days have elapsed. A “school or work day” is a day on which the employee's employer requires (or if the position no longer exists, would require, based on past practice) employees having the former employee's last job description to report to their place of employment for any reason;

(8) “Charter school”, any charter school established pursuant to sections 160.400 to 160.420, RSMo, and located, at the time it is established, within the school district;

(9) “Compensation”, the regular compensation as shown on the salary and wage schedules of the employer, including any amounts paid by the employer on a member's behalf pursuant to subdivision (5) of subsection 1 of section 169.350, but such term is not to include extra pay, overtime pay, consideration for entering into early retirement, or any other payments not included on salary and wage schedules. For any year beginning after December 31, 1988, the annual compensation of each member taken into account under the retirement system shall not exceed the limitation set forth in Section 401(a)(17) of the Internal Revenue Code of 1986, as amended;

(10) “Creditable service”, the amount of time that a regular employee is a member of the retirement system and makes contributions thereto in accordance with the provisions of sections 169.270 to 169.400;

(11) “Employee”, any person who is classified by the school district, a charter school, the library district or the retirement system established by section 169.280 as an employee of such employer and is reported contemporaneously for federal and state tax purposes as an employee of such employer. A person is not considered to be an employee for purposes of such retirement system with respect to any service for which the person was not reported contemporaneously for federal and state tax purposes as an employee of such employer, regardless of whether the person is or may later be determined to be or to have been a common law employee of such employer, including but not limited to a person classified by the employer as independent contractors and persons employed by other entities which contract to provide staff and services to the employer. In no event shall a person reported for federal tax purposes as an employee of a private, for-profit entity be deemed to be an employee eligible to participate in the retirement system established by section 169.280 with respect to such employment;

(12) “Employer”, the school district, any charter school, the library district, or the retirement system established by section 169.280, or any combination thereof, as required by the context to identify the employer of any member, or, for purposes only of subsection 2 of section 169.324, of any retiree;

(13) “Employer's board”, the board of education, the governing board of any charter school, the board

of trustees of the library district, the board of trustees, or any combination thereof, as required by the context to identify the governing body of an employer;

(15) "Medical board", the board of physicians provided for in section 169.291;

(16) "Member", any person who is a regular employee after the retirement system has been established hereunder ("active member"), and any person who (i) was an active member, (ii) has vested retirement benefits hereunder, and (iii) is not receiving a retirement allowance hereunder ("inactive member");

(17) "Minimum normal retirement age", the earlier of the date the member attains the age of sixty or the date the member has a total of at least seventy-five credits, with each year of creditable service and each year of age equal to one credit, with both years of creditable service and years of age prorated for fractional years;

(18) "Prior service", service prior to the date the system becomes operative which is creditable in accordance with the provisions of section 169.311. Prior service in excess of thirty-eight years shall be considered thirty-eight years;

(19) "Regular employee", any employee who is assigned to an established position which requires service of not less than twenty-five hours per week, and not less than nine calendar months a year. Any regular employee who is subsequently assigned without break in service to a position demanding less service than is required of a regular employee shall continue the employee's status as a regular employee. Except as stated in the preceding sentence, a temporary, part-time, or furloughed employee is not a regular employee;

(20) "Retirant", a former member receiving a retirement allowance hereunder;

(21) "Retirement allowance", annuity payments to a retirant or to such beneficiary as is entitled to same;

(22) "School district", any school district in which a retirement system shall be established under section 169.280.

169.280. 1. In each school district of this state (i) that now has or may hereafter have a population of not more than seven hundred thousand and (ii) not less than seventy percent of whose population resides in a city other than a city not within a county which now has or may hereafter have a population of four hundred thousand or more, according to the latest United States decennial census, there is hereby created and established a retirement system for the purpose of providing retirement allowances and related benefits for employees of the employer. Each such system shall be under the management of a board of trustees herein described, and shall be known as "The Public School Retirement System of (name of school district)", and by such name all of its business shall be transacted, all of its funds invested, and all of its cash and securities and other property held. When a school district first satisfies the foregoing population conditions, the board of education shall adopt a resolution certifying the same and take all actions necessary to cause the retirement system to begin operation on the thirtieth day of September following such certification.

2. In the event that (i) the population of a school district having a retirement system created hereunder should increase to a number greater than seven hundred thousand, or (ii) the population of the city in which not less than seventy percent of the population of the school district resides should decrease to a number

less than four hundred thousand, or (iii) less than seventy percent of the population of the school district should reside in a city having a population of at least four hundred thousand, or (iv) the corporate organization of the school district shall lapse in accordance with subsections 1 and 4 of section 162.081, RSMo, the retirement system of such school district shall continue to be governed by and subject to sections 169.270 to 169.400 and all other statutes, rules, and regulations applicable to retirement systems in school districts having a population of not more than seven hundred thousand and not less than seventy percent of whose population resides in a city, other than a city not within a county, of four hundred thousand or more, as if the population of such school district and city continued to be within such numerical limits.

**3. The plan of retirement benefits administered by the retirement system established hereby is intended to be a qualified plan under the provisions of applicable federal law. The board of trustees shall interpret the statutes governing the retirement system and shall administer the retirement system in all respects consistent with such intent. The assets of the retirement system shall be held in trust for the exclusive benefit of members and their beneficiaries and for defraying reasonable administrative expenses of the retirement system. No part of such assets shall, at any time prior to the satisfaction of all liabilities with respect to members and their beneficiaries, be used for or diverted to any purposes other than for such exclusive benefit or for any purpose inconsistent with the requirements of sections 169.270 to 169.400.**

169.301. 1. Any active member who has completed five or more years of actual (not purchased) creditable service shall be entitled to a vested retirement benefit equal to the annual service retirement allowance provided in sections 169.270 to 169.400 payable after attaining the minimum normal retirement age and calculated in accordance with the law in effect on the last date such person was a regular employee; provided, that such member does not withdraw such person's accumulated contributions pursuant to section 169.328 prior to attaining the minimum normal retirement age.

2. Any member who elected on October 13, 1961, or within thirty days thereafter, to continue to contribute and to receive benefits under sections 169.270 to 169.400 may continue to be a member of the retirement system under the terms and conditions of the plan in effect immediately prior to October 13, 1961, or may, upon written request to the board of trustees, transfer to the present plan, provided that the member pays into the system any additional contributions with interest the member would have credited to the member's account if such person had been a member of the current plan since its inception or, if the person's contributions and interest are in excess of what the person would have paid, such person will receive a refund of such excess. The board of trustees shall adopt appropriate rules and regulations governing the operation of the plan in effect immediately prior to October 13, 1961.

3. Should a retirant again become an active member, such person's retirement allowance payments shall cease during such membership and shall be recalculated upon subsequent retirement to include any creditable service earned during the person's latest period of active membership in accordance with subsection 2 of section 169.324.

**4. In the event of the complete termination of the retirement system established by section 169.280 or the complete discontinuance of contributions to such retirement system, the rights of all members to benefits accrued to the date of such termination or discontinuance, to the extent then funded, shall be fully vested and nonforfeitable.**

169.324. 1. The annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life shall be the retirant's number of years of creditable service multiplied by one

and three-fourths percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation. For any member who retires as an active member on or after June 30, 1999, the annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life shall be the retirant's number of years of creditable service multiplied by two percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation. Any member whose number of years of creditable service is greater than thirty-four and one-quarter on August 28, 1993, shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service as of August 28, 1993, multiplied by one and three-fourths percent of the person's average final compensation but shall not receive a greater annual service retirement allowance based on additional years of creditable service after August 28, 1993. Provided, however, that, effective January 1, 1996, any retiree who retired on, before or after January 1, 1996, with at least twenty years of creditable service shall receive at least three hundred dollars each month as a retirement allowance, or the actuarial equivalent thereof if the retiree elected any of the options available under section 169.326. Provided, further, any retiree who retired with at least ten years of creditable service shall receive at least one hundred fifty dollars each month as a retirement allowance, plus fifteen dollars for each additional full year of creditable service greater than ten years but less than twenty years (or the actuarial equivalent thereof if the retiree elected any of the options available under section 169.326). Any beneficiary of a deceased retiree who retired with at least ten years of creditable service and elected one of the options available under section 169.326 shall also be entitled to the actuarial equivalent of the minimum benefit provided by this subsection, determined from the option chosen.

2. Except as otherwise provided in sections 169.331, 169.580 and 169.585, payment of a retirant's retirement allowance will be suspended for any month for which such person receives remuneration from the person's employer or from any other employer in the retirement system established by section 169.280 for the performance of services except any such person other than a person receiving a disability retirement allowance under section 169.322 may serve as a nonregular substitute, part-time or temporary employee for not more than six hundred hours in any school year without becoming a member and without having the person's retirement allowance discontinued, **provided that through such substitute, part-time, or temporary employment, the person may earn no more than fifty percent of the annual salary or wages the person was last paid by the employer before the person retired and commenced receiving a retirement allowance, adjusted for inflation. If a person exceeds such hours limit or such compensation limit, payment of the person's retirement allowance shall be suspended for the month in which such limit was exceeded and each subsequent month in the school year for which the person receives remuneration from any employer in the retirement system.** If a retirant is reemployed by any employer in any capacity, whether pursuant to this section, or section 169.331, 169.580, or 169.585, or as a regular employee, the amount of such person's retirement allowance attributable to service prior to the person's first retirement date shall not be changed by the reemployment. If the person again becomes an active member and earns additional creditable service, upon the person's second retirement the person's retirement allowance shall be the sum of:

(1) The retirement allowance the person was receiving at the time the person's retirement allowance was suspended, pursuant to the payment option elected as of the first retirement date, plus the amount of any increase in such retirement allowance the person would have received pursuant to subsection 3 of this section had payments not been suspended during the person's reemployment; and

(2) An additional retirement allowance computed using the benefit formula in effect on the person's second retirement date, the person's creditable service following reemployment, and the person's average **final** annual compensation as of the second retirement date. The sum calculated pursuant to this subsection shall not exceed the greater of sixty percent of the person's average final compensation as of the second retirement date or the amount determined pursuant to subdivision (1) of this subsection. Compensation earned prior to the person's first retirement date shall be considered in determining the person's average final compensation as of the second retirement date if such compensation would otherwise be included in determining the person's average final compensation.

3. The board of trustees shall determine annually whether the investment return on funds of the system can provide for an increase in benefits for retirants eligible for such increase. A retirant shall and will be eligible for an increase awarded pursuant to this section as of the second January following the date the retirant commenced receiving retirement benefits. Any such increase shall also apply to any monthly joint and survivor retirement allowance payable to such retirant's beneficiaries, regardless of age. The board shall make such determination as follows:

(1) After determination by the actuary of the investment return for the preceding year as of December thirty-first (the "valuation year"), the actuary shall recommend to the board of trustees what portion of the investment return is available to provide such benefits increase, if any, and shall recommend the amount of such benefits increase, if any, to be implemented as of the first day of the thirteenth month following the end of the valuation year, and the first payable on or about the first day of the fourteenth month following the end of the valuation year. The actuary shall make such recommendations so as not to affect the financial soundness of the retirement system, recognizing the following safeguards:

(a) The retirement system's funded ratio as of January first of the year preceding the year of a proposed increase shall be at least one hundred percent after adjusting for the effect of the proposed increase. The funded ratio is the ratio of assets to the pension benefit obligation;

(b) The actuarially required contribution rate, after adjusting for the effect of the proposed increase, may not exceed the statutory contribution rate;

(c) The actuary shall certify to the board of trustees that the proposed increase will not impair the actuarial soundness of the retirement system;

(d) A benefit increase, under this section, once awarded, cannot be reduced in succeeding years;

(2) The board of trustees shall review the actuary's recommendation and report and shall, in their discretion, determine if any increase is prudent and, if so, shall determine the amount of increase to be awarded.

4. This section does not guarantee an annual increase to any retirant.

5. If an inactive member becomes an active member after June 30, 2001, and after a break in service, unless the person earns at least four additional years of creditable service without another break in service, upon retirement the person's retirement allowance shall be calculated separately for each separate period of service ending in a break in service. The retirement allowance shall be the sum of the separate retirement allowances computed for each such period of service using the benefit formula in effect, the person's average final compensation as of the last day of such period of service and the creditable service the person earned during such period of service; provided, however, if the person earns at least four additional years of creditable service without another break in service, all of the person's creditable service prior to and

including such service shall be aggregated and, upon retirement, the retirement allowance shall be computed using the benefit formula in effect and the person's average final compensation as of the last day of such period of four or more years and all of the creditable service the person earned prior to and during such period.

6. Notwithstanding anything contained in this section to the contrary, the amount of the annual service retirement allowance payable to any retirant pursuant to the provisions of sections 169.270 to 169.400, including any adjustments made pursuant to subsection 3 of this section, shall at all times comply with the provisions and limitations of Section 415 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder, the terms of which are specifically incorporated herein by reference.

7. All retirement systems established by the laws of the state of Missouri shall develop a procurement action plan for utilization of minority and women money managers, brokers and investment counselors. Such retirement systems shall report their progress annually to the joint committee on public employee retirement and the governor's minority advocacy commission.

169.328. 1. Should a member cease to be a regular employee, except by retirement, the member, if living, shall be paid on demand, made by written notice to the board of trustees, the amount of the person's accumulated contributions (with interest as determined by the board of trustees as provided in sections 169.270 to 169.400) standing to the credit of the person's individual account in the employees' contribution fund. The accumulated contributions with interest shall not be paid to a member so long as the person remains a regular employee or before the member incurs a break in service. If the member dies before retirement such accumulated contributions (with interest) shall be paid to the member's estate or designated beneficiary unless the provisions of subsection 3 of section 169.326 apply.

2. If a former unvested member's accumulated contributions have not been withdrawn four years after the person has ceased to be a member (other than by reason of death or retirement), the board of trustees shall pay the same to such former member within a reasonable time after the expiration of such four-year period.

3. If, on account of undeliverability, improper mailing or forwarding address, or other similar problem, the board of trustees is unable to refund the accumulated contributions of a former unvested member or to commence payment of retirement benefits within four years after the end of the calendar year in which such former member ceased to be a regular employee, the board may transfer the accumulated contributions to the general reserve fund. If, thereafter, written application is made to the board of trustees for such refund or benefits, the board shall cause the same to be paid from the general reserve fund, but no interest shall be accrued after the end of the fourth year following the end of the calendar year in which such former member ceased to be a regular employee.

4. In its discretion the board of trustees may approve extensions of any time periods in this section on account of a former member's military or naval service, academic study or illness.

**5. Any member or beneficiary who is entitled to receive a distribution that is an eligible rollover distribution, as defined in Section 402(c)(4) of the Internal Revenue Code, may elect to have that distribution transferred directly to another eligible retirement plan, as defined in Section 402(c)(8) of the Internal Revenue Code, designated by the member or beneficiary in accordance with procedures established by the board of trustees. An eligible rollover distribution shall include a distribution to a nonspouse beneficiary that is treated as an eligible rollover distribution under Section 402(c)(11) of the Internal Revenue Code. All such transfers shall be made in compliance with**

**the requirements of Section 401(a)(31) of the Internal Revenue Code and regulations thereunder.”;**  
and

Further amend the title and enacting clause accordingly.

Senator Justus moved that the above amendment be adopted, which motion prevailed.

Senator Engler offered **SA 8**:

4. A qualified manufacturing company may, upon the department's approval of a notice of intent and the execution of an agreement that meets the requirements of subsection 9 of this section, but no earlier than January 1, 2012, retain fifty percent of the withholding tax from full-time jobs at the facility for a period of ten years. Except as otherwise allowed under subsection 7 of this section, the commencement of the withholding period may be delayed by no more than twenty-four months after execution of the agreement at the option of the qualified manufacturing company. Such qualified manufacturing company shall be eligible for participation in the Missouri quality jobs program under sections 620.1875 to 620.1890 for any new jobs for which it does not retain withholding tax pursuant to this section, provided all qualifications for such program are met.

Notwithstanding any provision of law to the contrary, a qualified supplier that is awarded benefits under this section shall not receive any tax credit or exemption or be entitled to retain withholding under sections 100.700 to 100.850, sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, sections 135.900 to 135.906, sections 135.950 to 135.970, or section 620.1881 for the same jobs.

6. Notwithstanding any other provision of this section, the maximum amount of withholding tax that may be retained by any one qualified manufacturing company pursuant to this section shall not

exceed ten million dollars per calendar year. The aggregate amount of withholding tax that may be retained by all qualified manufacturing companies pursuant to this section shall not exceed fifteen million dollars per calendar year.

7. Notwithstanding any provision of law to the contrary, any qualified manufacturing company that is awarded benefits under this section shall not simultaneously receive tax credits or exemptions under sections 100.700 to 100.850, sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, or sections 135.900 to 135.906 for the jobs created or retained or capital improvement which qualified for benefits under this section. The benefits available to the qualified manufacturing company under any other state programs for which the qualified manufacturing company is eligible and which utilize withholding tax from the jobs at the facility shall first be credited to the other state program before the applicable withholding period for benefits provided under this section shall begin. These other state programs shall include, but are not limited to, the new jobs training program under sections 178.892 to 178.896, the job retention program under sections 178.760 to 178.764, the real property tax increment allocation redevelopment act, sections 99.800 to 99.865, or the Missouri downtown and rural economic stimulus act under sections 99.915 to 99.980. Any taxpayer who is awarded benefits under this section who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any withholding taxes already retained. Subsection 5 of section 285.530 shall not apply to taxpayers awarded benefits under this program.

8. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

9. Within six months of completion of a notice of intent required under this section, the qualified manufacturing company shall enter into an agreement with the department that memorializes the contents of the notice of intent, the requirements of this section, and the consequences for failing to meet such requirements, which shall include the following:

(1) If the number of full-time jobs of the qualified manufacturing company at the facility falls below the number of full-time jobs specified within the notice of intent at any time during the withholding period, or if the amount of capital investment made by the qualified manufacturing company is not made within the two-year period provided for such investment, the qualified manufacturing company shall immediately cease retaining any withholding tax with respect to jobs at the facility and it shall forfeit all rights to retain withholding tax for the remainder of the withholding period. In addition, the qualified manufacturing company shall repay any amounts of withholding tax retained plus interest of five percent per annum. However, in the event that such employment shortfall is due to economic conditions beyond the control of the qualified manufacturing

company, the director may, at the qualified manufacturing company's request, suspend rather than terminate its privilege to retain withholding tax pursuant to this section for up to three years. Any such suspension shall extend the withholding period by the same amount of time. No more than one such suspension shall be granted to a qualified manufacturing company;

(2) If the qualified manufacturing company discontinues the manufacturing of the new product and does not replace it with a subsequent or additional new product manufactured at the facility at any time during the withholding period, the qualified manufacturing company shall immediately cease retaining any withholding tax with respect to jobs at that facility and it shall forfeit all rights to retain withholding tax for the remainder of the withholding period.

10. Prior to March first each year, the department shall provide a report to the general assembly including the names of participating qualified manufacturing companies or qualified suppliers, location of facilities or suppliers, the annual amount of benefits provided, the estimated net state fiscal impact including direct and indirect new state taxes derived, and the number of new jobs created or jobs retained.

11. Under section 23.253, of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after the effective date of this section unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.” ; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

# Journal of the Senate

## SECOND REGULAR SESSION

---

**SIXTY-FIRST DAY—THURSDAY, APRIL 29, 2010**

---

The Senate met pursuant to adjournment.

Senator Stouffer in the Chair.

Reverend Carl Gauck offered the following prayer:

“Don't let your brain interfere with your heart.” (Albert Einstein)

Lord God, we bring another week to a close with the work we complete today. We pray that we have carefully thought through all the implications of the actions we have taken and the work we do. As we go home this afternoon, help us to process the week and debrief ourselves so we can let our brains rest and not get in the way of our hearts. May our hearts be free to express the appreciation of our families who make it possible for us to be here; and for their understanding how our thoughts and actions often are centered here other than on loved ones and constituents. We ask that our hearts speak to the hearts of our loved ones, enjoying those You have given us to love. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The principal of such funds shall be kept intact and appropriately invested by the trustee, or the independent investment advisor. An endowed care trust agreement may provide that when the principal in an endowed care trust exceeds two hundred fifty thousand dollars, investment decisions regarding the principal and undistributed income may be made by a federally registered or Missouri-registered independent qualified investment advisor designated by the cemetery owner, relieving the trustee of all liability regarding investment decisions made by such qualified investment advisor. It shall be the duty of the trustee, or the investment advisor, in the investment of such funds to exercise the diligence and care men of ordinary prudence, intelligence and discretion would employ, but with a view to permanency of investment considering probable safety of capital investment, income produced and appreciation of capital investment. No funds shall be expended without the signature of either the administrator of the office of endowed care cemeteries, or a licensed practicing attorney with

escrow powers in this state. The account shall be insured by the Federal Deposit Insurance Corporation or comparable deposit insurance and held in the state- or federally chartered financial institution authorized to do business in Missouri and located in this state. The income from the endowed care fund shall be distributed to the cemetery operator at least in annual or semiannual installments. The cemetery operator shall have the duty and responsibility to apply the income to provide care and maintenance only for that part of the cemetery in which burial space shall have been sold and with respect to which sales the endowed care fund shall have been established and not for any other purpose. The principal of such funds shall be kept intact and appropriately invested by the cemetery operator with written approval of either the administrator of the office of endowed care cemeteries or a licensed practicing attorney with escrow powers in this state. It shall be the duty of the cemetery owner in the investment of such funds to exercise the diligence and care a person of reasonable prudence, intelligence and discretion would employ, but with a view to permanency of investment considering probable safety of capital investment, income produced and appreciation of capital investment. The cemetery owner's duties shall be the maintenance of records and the accounting for an investment of moneys deposited by the operator to the endowed care fund. 3. The cemetery operator shall have the duty and responsibility to apply the income distributed to provide care and maintenance only for that part of the cemetery designated as an endowed care section and not for any other purpose.

4. In addition to any other duty, obligation, or requirement imposed by sections 214.270 to 214.410 or the endowed care trust agreement, the trustee's duties shall be the maintenance of records related

9. If the endowed care trust fund agreement, or any changes, amendments, or revisions filed with the office, are not disapproved by the office within thirty days after submission by the cemetery operator, the endowed care trust fund agreement, or the related change, amendment, or revision, shall be deemed approved and may be used by the cemetery operator and the trustee. Notwithstanding any other provision of this section, the office may review and disapprove an endowed care trust fund agreement, or any submitted change, amendment, or revision, after the thirty days provided herein or at any other time if the agreement is not in compliance with sections 214.270 to 214.410 or the rules promulgated thereunder. Notice of disapproval by the office shall be in writing and delivered to the cemetery operator and the trustee within ten days of disapproval.

10. Funds in an endowed care trust fund or escrow account may be commingled with endowed care funds for other endowed care cemeteries, provided that the cemetery operator and the trustee shall maintain adequate accounting records of the disbursements, contributions, and income allocated for each cemetery.

11. By accepting the trusteeship of an endowed care trust or accepting funds as an escrow agent pursuant to sections 214.270 to 214.410, the trustee or escrow agent submits personally to the jurisdiction of the courts of this state and the office of endowed care cemeteries regarding the administration of the trust or escrow account. A trustee or escrow agent shall consent in writing to the jurisdiction of the state of Missouri and the office in regards to the trusteeship or the operation of the escrow account and to the appointment of the office of secretary of state as its agent for service of process regarding any administrative or legal actions relating to the trust or the escrow account, if it has no designated agent for service of process located in this state. Such consent shall be filed with the office prior to accepting funds pursuant to sections 214.270 to 214.410 as trustee or as an escrow agent on a form provided by the office by rule.

If the cemetery operator fails to correct the deficiency with respect to funds maintained under section 214.330, the cemetery operator shall thereafter not represent the cemetery as an endowed care cemetery. Any funds held in the cemetery's endowed care trust shall continue to be used for endowed care for that cemetery. The cemetery operator shall remain subject to the provisions of sections 214.270 to 214.410 for any cemetery or any section of the cemetery for which

**endowed care payments have been collected, subject to the penalties contained in section 214.410, and civil actions, as well as subject to any regulations promulgated by the division. For purposes of this section, the term “deficiency” shall mean a deficiency in the amount required to be deposited pursuant to subsection 1 of this section, or a deficiency created by disbursements in excess of what is permitted under section 214.330 and shall not include or be affected by deficiencies or shortages caused by the fluctuating value of investments.**

2. Subdivisions (1) through (7) of the report described in subsection 1 above shall be certified to under oath as complete and correct by a corporate officer of the trustee. Subdivision (8) of such report shall be certified under oath as complete and correct by an officer of the cemetery operator. Both the trustee and cemetery operator or officer shall be subject to the penalty of making a false affidavit or declaration.

3. The report shall be placed in the cemetery's office within ninety days of the close of the trust's fiscal year. A copy of this report shall be filed by the cemetery operator with the division of professional registration as condition of license renewal as required by subsection 4 of section 214.275. [The report shall not be sent to the state board of embalmers and funeral directors.]

4. 214.345. 1. Any cemetery operator who negotiates the sale of burial space in any cemetery located in

this state shall provide each prospective owner of burial space a written statement, which may be a separate form or a part of the sales contract, which states and explains in plain language that the burial space is part of an endowed care cemetery; that the cemetery has established and maintains the endowed care **trust** fund required by law; and that the information regarding the fund described in section 214.340 is available to the prospective purchaser. If the burial space is in a nonendowed cemetery, or in a nonendowed section of an endowed care cemetery, the cemetery operator shall state he has elected not to establish an endowed care **trust** fund.

2. The operator of each endowed care cemetery shall, upon request, give to the public for retention a copy of the endowed care **trust** fund annual report prepared pursuant to the provisions of subsection 1 of section 214.340.

214.363. In the event of a cemetery's bankruptcy, insolvency, or assignment for the benefit of creditors, the endowed care **trust** funds shall not be available to any creditor as assets of the cemetery's owner or to pay any expenses of any bankruptcy or similar proceeding, but shall be retained intact to provide for the future maintenance of the cemetery.

214.365. Prior to any action as provided in subsection 2 of section 214.205, and when the division has information that a [public] cemetery is not providing maintenance and care, has been abandoned, or has ceased operation, the division may investigate the cemetery to determine the cemetery's current status. If the division finds evidence that the cemetery is abandoned, is not conducting business, or is not providing maintenance and care, the division may apply to the circuit court for appointment as receiver, trustee, or successor in trust.

214.367. **1. Prior to selling or otherwise disposing of a majority of the business assets of a cemetery, or a majority of its stock or other ownership interest, if a corporation or other organized business entity, the cemetery operator shall provide written notification to the division of its intent at least thirty days prior to the date set for the transfer, or the closing of the sale, or the date set for termination of its business. Such notice is confidential and shall not be considered a public record subject to the provisions of chapter 610 until the sale of the cemetery has been effectuated. Upon receipt of the written notification, the division may take reasonable and necessary action to determine that the cemetery operator has made proper plans to assure that trust funds or funds held in an escrow account for or on behalf of the cemetery will be set aside and used as provided in sections 214.270 to 214.410, including, but not limited to, an audit or examination of books and records. Funds deposited in a trustee account pursuant to this section and section 214.385 shall be maintained in such account until delivery of the service is made or the agreement for the purchase of the service is canceled. No withdrawals may be made from the trustee account established pursuant to this section and section 214.385 except as provided herein. Money in this account shall be invested utilizing the prudent man theory and is subject to audit by the division. Names and addresses of depositories of such money shall be submitted with the annual report.

3. Upon the delivery of the interment, entombment, or inurnment cemetery service agreed upon by the cemetery or its agent, or the cancellation of the agreement for the purchase of such service, the cemetery operator may withdraw from the trustee account an amount equal to (i) the market value of the trustee account based on the most recent account statement issued to the cemetery operator, times (ii) the ratio the service's deposit in the account bears to the aggregate deposit of all services which are paid in full but not delivered. **214.389. 1. The division may direct a trustee, financial institution, or escrow agent to suspend distribution from an endowed care trust fund or escrow account if the cemetery operator does not have a current and active cemetery operator license, has failed to file an annual report, or if, after an**

audit or examination, the division determines there is a deficiency in an endowed care trust fund or escrow account maintained under section 214.330 and the cemetery operator has failed to file a corrective action plan detailing how the deficiency shall be remedied. For purposes of this section, a deficiency shall only be deemed to exist if, after an audit or examination, the division determines a cemetery operator has failed to deposit the total aggregate of funds required to be deposited in trust or an escrow account pursuant to section 214.320 or subsection 1 of section 214.335, or has received disbursements from the trust or escrow account in excess of what is permitted under section 214.330. No deficiency shall be deemed to be created by fluctuations in the value of investments held in trust or escrow.

2. The division shall provide written notification to the cemetery operator and the trustee, financial institution, or escrow agent within fourteen days of discovering a potential violation as described in this section. Upon receipt of written notification from the division, the cemetery operator shall have sixty days to cure any alleged violations or deficiencies cited in the notification without a suspension of distribution. If, after the sixty-day time period, the division feels the cemetery has not cured the alleged violations or deficiencies cited in the notification, the division may send a notice of suspension to the cemetery operator that the division is ordering a suspension of distribution as described in this section. In the event of a suspension of distribution, the amount of any distribution suspended shall become principal, with credit against the deficiency, unless the cemetery operator files an appeal with a court of competent jurisdiction or with the administrative hearing commission, as provided herein. In the event of an appeal, a cemetery operator may request the court or administrative hearing commission stay the suspension of distribution after a showing of necessity and good cause or authorize payment from the endowed care trust fund or escrow account for necessary expenses from any amount subject to distribution.

3. Upon receipt of an order from the division suspending distribution pursuant to this section, a trustee, financial institution, or escrow agent shall immediately suspend distribution as required by the order. A trustee, financial institution, or escrow agent shall be exempt from liability for failure to distribute funds as ordered by the division.

4. A cemetery operator may appeal an order suspending distribution pursuant to this section to the administrative hearing commission. The administrative hearing commission shall receive notice of such appeal within thirty days from the date the notice of suspension was mailed by certified mail. Failure of a person whose license was suspended to notify the administrative hearing commission of his or her intent to appeal waives all rights to appeal the suspension. Upon notice of such person's intent to appeal, a hearing shall be held before the administrative hearing commission pursuant to chapter 621.

5. A cemetery operator may apply for reinstatement of distributions upon demonstration that the deficiencies or other problems have been cured or that the operator has otherwise come into compliance.

6. The division may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to

**review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.**

**(6) The division may promulgate rules necessary to implement the provisions of sections 214.270 to 214.516, including but not limited to:**

(a) Rules setting the amount of fees authorized pursuant to sections 214.270 to 214.516. The fees shall be set at a level to produce revenue that shall not substantially exceed the cost and expense of administering sections 214.270 to 214.516. All moneys received by the division pursuant to sections 214.270 to 214.516 shall be collected by the director who shall transmit such moneys to the department of revenue for deposit in the state treasury to the credit of the endowed care cemetery audit fund created in section 193.265, RSMo;

(b) Rules to administer the inspection and audit provisions of the endowed care cemetery law;

**SENATE AMENDMENT NO. 6**

Amend Senate Committee Substitute for House Bill No. 2226, House Bill No. 1824, House Bill No. 1832 and House Bill No. 1990, Page 40, Section 334.613, Line 279, by inserting immediately after said line the following:

“334.735. 1. As used in sections 334.735 to 334.749, the following terms mean:

(1) “Applicant”, any individual who seeks to become licensed as a physician assistant;

(2) “Certification” or “registration”, a process by a certifying entity that grants recognition to applicants meeting predetermined qualifications specified by such certifying entity;

(3) “Certifying entity”, the nongovernmental agency or association which certifies or registers individuals who have completed academic and training requirements;

(4) “Department”, the department of insurance, financial institutions and professional registration or a

designated agency thereof;

(5) "License", a document issued to an applicant by the board acknowledging that the applicant is entitled to practice as a physician assistant;

(6) "Physician assistant", a person who has graduated from a physician assistant program accredited by the American Medical Association's Committee on Allied Health Education and Accreditation or by its successor agency, who has passed the certifying examination administered by the National Commission on Certification of Physician Assistants and has active certification by the National Commission on Certification of Physician Assistants who provides health care services delegated by a licensed physician. A person who has been employed as a physician assistant for three years prior to August 28, 1989, who has passed the National Commission on Certification of Physician Assistants examination, and has active certification of the National Commission on Certification of Physician Assistants;

(7) "Recognition", the formal process of becoming a certifying entity as required by the provisions of sections 334.735 to 334.749;

(8) "Supervision", control exercised over a physician assistant working within the same facility as the supervising physician sixty-six percent of the time a physician assistant provides patient care, except a physician assistant may make follow-up patient examinations in hospitals, nursing homes, patient homes, and correctional facilities, each such examination being reviewed, approved and signed by the supervising physician, except as provided by subsection 2 of this section. For the purposes of this section, the percentage of time a physician assistant provides patient care with the supervising physician on-site shall be measured each calendar quarter. The supervising physician must be readily available in person or via telecommunication during the time the physician assistant is providing patient care. The board shall promulgate rules pursuant to chapter 536, RSMo, for documentation of joint review of the physician assistant activity by the supervising physician and the physician assistant. The physician assistant shall be limited to practice at locations where the supervising physician is no further than thirty miles by road using the most direct route available, or in any other fashion so distanced as to create an impediment to effective intervention and supervision of patient care or adequate review of services. Any other provisions of this chapter notwithstanding, for up to ninety days following the effective date of rules promulgated by the board to establish the waiver process under subsection 2 of this section, any physician assistant practicing in a health professional shortage area as of April 1, 2007, shall be allowed to practice under the on-site requirements stipulated by the supervising physician on the supervising physician form that was in effect on April 1, 2007.

2. The board shall promulgate rules under chapter 536, RSMo, to direct the advisory commission on physician assistants to establish a formal waiver mechanism by which an individual physician-physician assistant team may apply for alternate minimum amounts of on-site supervision and maximum distance from the supervising physician. After review of an application for a waiver, the advisory commission on physician assistants shall present its recommendation to the board for its advice and consent on the approval or denial of the application. The rule shall establish a process by which the public is invited to comment on the application for a waiver, and shall specify that a waiver may only be granted if a supervising physician and physician assistant demonstrate to the board's satisfaction in accordance with its uniformly applied criteria that:

(1) Adequate supervision will be provided by the physician for the physician assistant, given the physician assistant's training and experience and the acuity of patient conditions normally treated in the

clinical setting;

(2) The physician assistant shall be limited to practice at locations where the supervising physician is no further than fifty miles by road using the most direct route available, or in any other fashion so distanced as to create an impediment to effective intervention and supervision of patient care or adequate review of services;

(3) The community or communities served by the supervising physician and physician assistant would experience reduced access to health care services in the absence of a waiver;

(4) The applicant will practice in an area designated at the time of application as a health professional shortage area;

(5) Nothing in this section shall be construed to require a physician-physician assistant team to increase their on-site requirement allowed in their initial waiver in order to qualify for renewal of such waiver;

(6) If a waiver has been granted by the board of healing arts **on or after August 28, 2009**, to a **physician-physician assistant team** working in a rural health clinic under the federal Rural Health Clinic Services Act, P.L. 95-210, as amended, no additional waiver shall be required **for the physician-physician assistant team**, so long as the rural health clinic maintains its status as a rural health clinic under such federal act, and such [physician assistant and supervising physician] **physician-physician assistant team** comply with federal supervision requirements. **No supervision requirements in addition to the minimum federal law shall be required for the physician-physician assistant team in a rural health clinic if a waiver has been granted by the board. However, the board shall be able to void a current waiver after conducting a hearing and upon a finding of fact that the physician-physician assistant team has failed to comply with such federal act or either member of the team has violated a provision of this chapter;**

(7) A physician assistant shall only be required to seek a renewal of a waiver every five years or when his or her supervising physician is a different physician than the physician shown on the waiver application or they move their primary practice location more than ten miles from the location shown on the waiver application.

3. The scope of practice of a physician assistant shall consist only of the following services and procedures:

(1) Taking patient histories;

(2) Performing physical examinations of a patient;

(3) Performing or assisting in the performance of routine office laboratory and patient screening procedures;

(4) Performing routine therapeutic procedures;

(5) Recording diagnostic impressions and evaluating situations calling for attention of a physician to institute treatment procedures;

(6) Instructing and counseling patients regarding mental and physical health using procedures reviewed and approved by a licensed physician;

(7) Assisting the supervising physician in institutional settings, including reviewing of treatment plans, ordering of tests and diagnostic laboratory and radiological services, and ordering of therapies, using procedures reviewed and approved by a licensed physician;

(8) Assisting in surgery;

(9) Performing such other tasks not prohibited by law under the supervision of a licensed physician as the physician's assistant has been trained and is proficient to perform;

(10) Physician assistants shall not perform abortions.

4. Physician assistants shall not prescribe nor dispense any drug, medicine, device or therapy [independent of consultation with the supervising physician] **unless pursuant to a physician supervision agreement in accordance with the law**, nor prescribe lenses, prisms or contact lenses for the aid, relief or correction of vision or the measurement of visual power or visual efficiency of the human eye, nor administer or monitor general or regional block anesthesia during diagnostic tests, surgery or obstetric procedures. Prescribing and dispensing of drugs, medications, devices or therapies by a physician assistant shall be pursuant to a physician assistant supervision agreement which is specific to the clinical conditions treated by the supervising physician and the physician assistant shall be subject to the following:

(1) A physician assistant shall only prescribe controlled substances in accordance with section 334.747;

(2) The types of drugs, medications, devices or therapies prescribed or dispensed by a physician assistant shall be consistent with the scopes of practice of the physician assistant and the supervising physician;

(3) All prescriptions shall conform with state and federal laws and regulations and shall include the name, address and telephone number of the physician assistant and the supervising physician;

(4) A physician assistant or advanced practice nurse as defined in section 335.016, RSMo, may request, receive and sign for noncontrolled professional samples and may distribute professional samples to patients;

(5) A physician assistant shall not prescribe any drugs, medicines, devices or therapies the supervising physician is not qualified or authorized to prescribe; and

(6) A physician assistant may only dispense starter doses of medication to cover a period of time for seventy-two hours or less.

5. A physician assistant shall clearly identify himself or herself as a physician assistant and shall not use or permit to be used in the physician assistant's behalf the terms "doctor", "Dr." or "doc" nor hold himself or herself out in any way to be a physician or surgeon. No physician assistant shall practice or attempt to practice without physician supervision or in any location where the supervising physician is not immediately available for consultation, assistance and intervention, except as otherwise provided in this section, and in an emergency situation, nor shall any physician assistant bill a patient independently or directly for any services or procedure by the physician assistant.

6. For purposes of this section, the licensing of physician assistants shall take place within processes established by the state board of registration for the healing arts through rule and regulation. The board of healing arts is authorized to establish rules pursuant to chapter 536, RSMo, establishing licensing and renewal procedures, supervision, supervision agreements, fees, and addressing such other matters as are necessary to protect the public and discipline the profession. An application for licensing may be denied or the license of a physician assistant may be suspended or revoked by the board in the same manner and for violation of the standards as set forth by section 334.100, or such other standards of conduct set by the board by rule or regulation. Persons licensed pursuant to the provisions of chapter 335, RSMo, shall not be required to be licensed as physician assistants. All applicants for physician assistant licensure who complete

a physician assistant training program after January 1, 2008, shall have a master's degree from a physician assistant program.

7. “Physician assistant supervision agreement” means a written agreement, jointly agreed-upon protocols or standing order between a supervising physician and a physician assistant, which provides for the delegation of health care services from a supervising physician to a physician assistant and the review of such services.

8. When a physician assistant supervision agreement is utilized to provide health care services for conditions other than acute self-limited or well-defined problems, the supervising physician or other physician designated in the supervision agreement shall see the patient for evaluation and approve or formulate the plan of treatment for new or significantly changed conditions as soon as practical, but in no case more than two weeks after the patient has been seen by the physician assistant.

9. At all times the physician is responsible for the oversight of the activities of, and accepts responsibility for, health care services rendered by the physician assistant.

10. It is the responsibility of the supervising physician to determine and document the completion of at least a one-month period of time during which the licensed physician assistant shall practice with a supervising physician continuously present before practicing in a setting where a supervising physician is not continuously present.

11. No contract or other agreement shall require a physician to act as a supervising physician for a physician assistant against the physician's will. A physician shall have the right to refuse to act as a supervising physician, without penalty, for a particular physician assistant. No contract or other agreement shall limit the supervising physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any physician assistant, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician for more than three full-time equivalent licensed physician assistants. This limitation shall not apply to physician assistant agreements of hospital employees providing inpatient care service in hospitals as defined in chapter 197, RSMo.”; and

Further amend the title and enacting clause accordingly.

**(2) If any action by the state to enforce its rights with respect to such claim is commenced within six years of the state's submission of such claim.**

2. The department of social services, MO HealthNet division, or its contractor may maintain an appropriate action to recover funds paid by the department of social services or MO HealthNet division or its contractor that are due under this section in the name of the state of Missouri against the person, corporation, institution, public agency, or private agency liable to the participant, minor or estate.

3. Any participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death who pursues legal rights against a person, corporation, institution, public agency, or private agency liable to that participant or minor for injuries, disease or disability or benefits arising from a health insurance plan to which the participant may be entitled as outlined in subsection 1 of this section shall upon actual knowledge that the department of social services or MO HealthNet division has paid MO HealthNet benefits as defined by this chapter

promptly notify the MO HealthNet division as to the pursuit of such legal rights.

4. Every applicant or participant by application assigns his right to the department of social services or MO HealthNet division of any funds recovered or expected to be recovered to the extent provided for in this section. All applicants and participants, including a person authorized by the probate code, shall cooperate with the department of social services, MO HealthNet division in identifying and providing information to assist the state in pursuing any third party who may be liable to pay for care and services available under the state's plan for MO HealthNet benefits as provided in sections 208.151 to 208.159 and sections 208.162 and 208.204. All applicants and participants shall cooperate with the agency in obtaining third-party resources due to the applicant, participant, or child for whom assistance is claimed. Failure to cooperate without good cause as determined by the department of social services, MO HealthNet division in accordance with federally prescribed standards shall render the applicant or participant ineligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204. A [recipient] **participant** who has notice or who has actual knowledge of the department's rights to third-party benefits who receives any third-party benefit or proceeds for a covered illness or injury is either required to pay the division within sixty days after receipt of settlement proceeds the full amount of the third-party benefits up to the total MO HealthNet benefits provided or to place the full amount of the third-party benefits in a trust account for the benefit of the division pending judicial or administrative determination of the division's right to third-party benefits.

5. Every person, corporation or partnership who acts for or on behalf of a person who is or was eligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204 for purposes of pursuing the applicant's or participant's claim which accrued as a result of a nonoccupational or nonwork-related incident or occurrence resulting in the payment of MO HealthNet benefits shall notify the MO HealthNet division upon agreeing to assist such person and further shall notify the MO HealthNet division of any institution of a proceeding, settlement or the results of the pursuit of the claim and give thirty days' notice before any judgment, award, or settlement may be satisfied in any action or any claim by the applicant or participant to recover damages for such injuries, disease, or disability, or benefits arising from a health insurance program to which the participant may be entitled.

6. Every participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death, or his attorney or legal representative shall promptly notify the MO HealthNet division of any recovery from a third party and shall immediately reimburse the department of social services, MO HealthNet division, or its contractor from the proceeds of any settlement, judgment, or other recovery in any action or claim initiated against any such third party. A judgment, award, or settlement in an action by a [recipient] **participant** to recover damages for injuries or other third-party benefits in which the division has an interest may not be satisfied without first giving the division notice and a reasonable opportunity to file and satisfy the claim or proceed with any action as otherwise permitted by law.

7. The department of social services, MO HealthNet division or its contractor shall have a right to recover the amount of payments made to a provider under this chapter because of an injury, disease, or disability, or benefits arising from a health insurance plan to which the participant may be entitled for which a third party is or may be liable in contract, tort or otherwise under law or equity. Upon request by the MO HealthNet division, all third-party payers shall provide the MO HealthNet division with information contained in a 270/271 Health Care Eligibility Benefits Inquiry and Response standard transaction mandated under the federal Health Insurance Portability and Accountability Act, except that third-party payers shall

not include accident-only, specified disease, disability income, hospital indemnity, or other fixed indemnity insurance policies.

8. The department of social services or MO HealthNet division shall have a lien upon any moneys to be paid by any insurance company or similar business enterprise, person, corporation, institution, public agency or private agency in settlement or satisfaction of a judgment on any claim for injuries or disability or disease benefits arising from a health insurance program to which the participant may be entitled which resulted in medical expenses for which the department or MO HealthNet division made payment. This lien shall also be applicable to any moneys which may come into the possession of any attorney who is handling the claim for injuries, or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled which resulted in payments made by the department or MO HealthNet division. In each case, a lien notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or participant has a claim, demand or cause of action. The lien shall claim the charge and describe the interest the department or MO HealthNet division has in the claim, demand or cause of action. The lien shall attach to any verdict or judgment entered and to any money or property which may be recovered on account of such claim, demand, cause of action or suit from and after the time of the service of the notice.

9. On petition filed by the department, or by the participant, or by the defendant, the court, on written notice of all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either before or after a verdict, and nothing in this section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the department has charge. The court may determine what portion of the recovery shall be paid to the department against the recovery. In making this determination the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

(1) The amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the participant incident to the recovery; and whether the department should, as a matter of fairness and equity, bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;

(2) The amount, if any, of the attorney's fees and other costs incurred by the participant incident to the recovery and paid by the participant up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;

(3) The total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the participant, by insurance provided by the participant, and by the department, and the amount of such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;

(4) Whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the participant;

(5) The age of the participant and of persons dependent for support upon the participant, the nature and

permanency of the participant's injuries as they affect not only the future employability and education of the participant but also the reasonably necessary and foreseeable future material, maintenance, medical rehabilitative and training needs of the participant, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;

(6) The realistic ability of the participant to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

10. The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction. **The computerized records of the MO HealthNet division, certified by the director or his designee, shall be prima facie evidence of proof of moneys expended and the amount of the debt due the state.**

11. The court may reduce and apportion the department's or MO HealthNet division's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The department or MO HealthNet division shall pay its pro rata share of the attorney's fees based on the department's or MO HealthNet division's lien as it compares to the total settlement agreed upon. This section shall not affect the priority of an attorney's lien under section 484.140, RSMo. The charges of the department or MO HealthNet division or contractor described in this section, however, shall take priority over all other liens and charges existing under the laws of the state of Missouri with the exception of the attorney's lien under such statute.

12. Whenever the department of social services or MO HealthNet division has a statutory charge under this section against a recovery for damages incurred by a participant because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, [irrespective] **regardless** of whether [or not] an action based on participant's claim has been filed in court. Nothing herein shall prohibit the director from entering into a compromise agreement with any participant, after consideration of the factors in subsections 9 to 13 of this section.

13. This section shall be inapplicable to any claim, demand or cause of action arising under the workers' compensation act, chapter 287, RSMo. From funds recovered pursuant to this section the federal government shall be paid a portion thereof equal to the proportionate part originally provided by the federal government to pay for MO HealthNet benefits to the participant or minor involved. The department or MO HealthNet division shall enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on permanently institutionalized individuals. The department or MO HealthNet division shall have the right to enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on all other institutionalized individuals. For the purposes of this subsection, "permanently institutionalized individuals" includes those people who the department or MO HealthNet division determines cannot reasonably be expected to be discharged and return home, and "property" includes the homestead and all other personal and real property in which the participant has sole legal interest or a legal interest based upon co-ownership of the property which is the result of a transfer of property for less than the fair market value within thirty months prior to the participant's entering the nursing facility. The following provisions shall apply to such liens:

(1) The lien shall be for the debt due the state for MO HealthNet benefits paid or to be paid on behalf of a participant. The amount of the lien shall be for the full amount due the state at the time the lien is

enforced;

(2) The MO HealthNet division shall file for record, with the recorder of deeds of the county in which any real property of the participant is situated, a written notice of the lien. The notice of lien shall contain the name of the participant and a description of the real estate. The recorder shall note the time of receiving such notice, and shall record and index the notice of lien in the same manner as deeds of real estate are required to be recorded and indexed. The director or the director's designee may release or discharge all or part of the lien and notice of the release shall also be filed with the recorder. The department of social services, MO HealthNet division, shall provide payment to the recorder of deeds the fees set for similar filings in connection with the filing of a lien and any other necessary documents;

(3) No such lien may be imposed against the property of any individual prior to the individual's death on account of MO HealthNet benefits paid except:

(a) In the case of the real property of an individual:

a. Who is an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, if such individual is required, as a condition of receiving services in such institution, to spend for costs of medical care all but a minimal amount of his or her income required for personal needs; and

b. With respect to whom the director of the MO HealthNet division or the director's designee determines, after notice and opportunity for hearing, that he cannot reasonably be expected to be discharged from the medical institution and to return home. The hearing, if requested, shall proceed under the provisions of chapter 536, RSMo, before a hearing officer designated by the director of the MO HealthNet division; or

(b) Pursuant to the judgment of a court on account of benefits incorrectly paid on behalf of such individual;

(4) No lien may be imposed under paragraph (b) of subdivision (3) of this subsection on such individual's home if one or more of the following persons is lawfully residing in such home:

(a) The spouse of such individual;

(b) Such individual's child who is under twenty-one years of age, or is blind or permanently and totally disabled; or

(c) A sibling of such individual who has an equity interest in such home and who was residing in such individual's home for a period of at least one year immediately before the date of the individual's admission to the medical institution;

(5) Any lien imposed with respect to an individual pursuant to subparagraph b of paragraph (a) of subdivision (3) of this subsection shall dissolve upon that individual's discharge from the medical institution and return home.

14. The debt due the state provided by this section is subordinate to the lien provided by section 484.130, RSMo, or section 484.140, RSMo, relating to an attorney's lien and to the participant's expenses of the claim against the third party.

15. Application for and acceptance of MO HealthNet benefits under this chapter shall constitute an assignment to the department of social services or MO HealthNet division of any rights to support for the

purpose of medical care as determined by a court or administrative order and of any other rights to payment for medical care.

16. All participants receiving benefits as defined in this chapter shall cooperate with the state by reporting to the family support division or the MO HealthNet division, within thirty days, any occurrences where an injury to their persons or to a member of a household who receives MO HealthNet benefits is sustained, on such form or forms as provided by the family support division or MO HealthNet division.

17. If a person fails to comply with the provision of any judicial or administrative decree or temporary order requiring that person to maintain medical insurance on or be responsible for medical expenses for a dependent child, spouse, or ex-spouse, in addition to other remedies available, that person shall be liable to the state for the entire cost of the medical care provided pursuant to eligibility under any public assistance program on behalf of that dependent child, spouse, or ex-spouse during the period for which the required medical care was provided. Where a duty of support exists and no judicial or administrative decree or temporary order for support has been entered, the person owing the duty of support shall be liable to the state for the entire cost of the medical care provided on behalf of the dependent child or spouse to whom the duty of support is owed.

18. The department director or the director's designee may compromise, settle or waive any such claim in whole or in part in the interest of the MO HealthNet program. Notwithstanding any provision in this section to the contrary, the department of social services, MO HealthNet division is not required to seek reimbursement from a liable third party on claims for which the amount it reasonably expects to recover will be less than the cost of recovery or for which recovery efforts will not be cost-effective. Cost-effectiveness is determined based on the following:

(1) Actual and legal issues of liability as may exist between the [recipient] **participant** and the liable party;

(2) Total funds available for settlement; and

(3) An estimate of the cost to the division of pursuing its claim.”; and

Further amend the title and enacting clause accordingly.

Senator Schmitt moved that the above amendment be adopted, which motion prevailed.

Senator Stouffer offered **SA 12**:

## SECOND REGULAR SESSION

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“I am in perpetual anxiety lest...an accidental quarrel, a personal insult, an imprudent order...make a breach that can never afterward be healed.” (Benjamin Franklin)

Heavenly Father, we pray that in these closing two weeks that we would always be known for who and what we are for and not what we are against. We trust in You who sees beyond today to guide our steps and help us clearly to be known for the openness and forgiveness we convey as we deal with each other and serve our people. Grant us patience and love to willingly protect the reputation and interest of others as we seek to do Your will this day and every day. In Your Holy Name we pray. Amen.

All sales taxes collected by the director of revenue pursuant to this section on behalf of the district, less one percent for the cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, RSMo, shall be deposited in the trust fund. The director of revenue shall keep accurate records of the amount of moneys in the trust fund which was collected in the district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of the officers of each district and the general public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the district. The director of revenue may authorize refunds from the amounts in the trust fund and credited to the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of the district.

[12.] **13.** Once the sales tax authorized by this section is abolished or terminated by any means, all funds

remaining in the trust fund shall be used solely for the purposes approved in the ballot question authorizing the sales tax. The sales tax shall not be abolished or terminated while the district has any financing or other obligations outstanding; provided that any new financing, debt, or other obligation or any restructuring or refinancing of an existing debt or obligation incurred more than ten years after voter approval of the sales tax provided in this section or more than ten years after any voter-approved extension thereof shall not cause the extension of the sales tax provided in this section or cause the final maturity of any financing or other obligations outstanding to be extended. Any funds in the trust fund which are not needed for current expenditures may be invested by the district in the securities described in subdivisions (1) to (12) of subsection 1 of section 30.270, RSMo, or repurchase agreements secured by such securities. If the district abolishes the sales tax, the district shall notify the director of revenue of the action at least ninety days before the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the sales tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the sales tax in the district, the director of revenue shall remit the balance in the account to the district and close the account of the district. The director of revenue shall notify the district of each instance of any amount refunded or any check redeemed from receipts due the district.

No appointment, promotion, demotion or dismissal shall be made because of favoritism, prejudice or discrimination. The regulations shall prohibit discrimination in other phases of employment and personnel administration and shall provide such remedy as is required by federal merit system standards for grant-in-aid programs [and is not provided in chapter 296, RSMo].

2. Political endorsements shall not be considered in connection with any such appointment.

3. No person shall use or promise to use, directly or indirectly, for any consideration whatsoever, any official authority or influence to secure or attempt to secure for any person an appointment or advantage in appointment to any such position or an increase in pay, promotion or other advantage in employment.

4. No person shall in any manner levy or solicit any financial assistance or subscription for any political party, candidate, political fund, or publication, or for any other political purpose, from any employee in a position subject to this chapter, and no such employee shall act as agent in receiving or accepting any such financial contribution, subscription, or assignment of pay. No person shall use, or threaten to use, coercive means to compel an employee to give such assistance, subscription, or support, nor in retaliation for the employee's failure to do so.

5. No such employee shall be a candidate for nomination or election to any partisan public office or nonpartisan office in conflict with that employee's duties unless such person resigns, or obtains a regularly granted leave of absence, from such person's position.

6. No person elected to partisan public office shall, while holding such office, be appointed to any position covered by this chapter.

7. Any officer or employee in a position subject to this chapter who purposefully violates any of the provisions of this section shall forfeit such office or position. If an appointing authority finds that such a violation has occurred, or is so notified by the director, this shall constitute cause for dismissal pursuant to section 36.390 and a final determination by the [board] **administrative hearing commission** as to the occurrence of a violation.

36.280. 1. An appointing authority may at any time assign an employee from one position to another position in the same class in the appointing authority's division; except that, transfers of employees made because of a layoff, or shortage of work or funds which might require a layoff, shall be governed by the regulations. Upon making such an assignment the appointing authority shall forthwith give written notice of the appointing authority's action to the director. A transfer of an employee from a position in one division to a position in the same class in another division may be made with the approval of the director and of the appointing authorities of both divisions. No employee shall be transferred from a position in one class to a position in another class of a higher rank or for which there are substantially dissimilar requirements for appointment unless the employee is appointed to such latter position after certification of the employee's name from a register in accordance with the provisions of this chapter. Any change of an employee from a position in one class to a position in a class of lower rank shall be considered a demotion and shall be made only in accordance with the procedure prescribed by section 36.380 for cases of dismissal. An employee thus involuntarily demoted shall have the right to appeal to the [board] **administrative hearing commission** pursuant to section 36.390.

2. An employee who has successfully served at least one year in a position not subject to subsection 1 of section 36.030, but which is subject to section 36.031, may be transferred to a position subject to subsection 1 of section 36.030 in the same class with the approval of the director and of the appointing authorities of both divisions, provided he or she possesses the qualifications and has successfully completed a noncompetitive examination for the position involved.

36.370. 1. An appointing authority may, for disciplinary purposes, suspend without pay any employee in his division for such length of time as he considers appropriate, not exceeding twenty working days in any twelve-month period except that this limitation shall not apply in the event of a terminal suspension given in conjunction with a dismissal. In case of a suspension, the director shall be furnished with a statement in writing specifically setting forth the reasons for such suspension. Upon request, a copy of such statement shall be furnished to such employee. With the approval of the director, any employee may be suspended for a longer period pending the investigation or trial of any charges against him. Any regular employee who is suspended for more than five working days shall have the right to appeal to the [board] **administrative hearing commission** as provided under section 36.390.

2. An appointing authority may not suspend without pay any employee in his division who is a member of the national guard and is engaged in the performance of duty or training in the service of this state at the call of the governor and as ordered by the adjutant general, but shall grant a leave of absence from duty without loss of time, pay, regular leave, impairment of efficiency rating, or of any other rights or benefits, to which otherwise entitled, and shall pay that employee his salary or compensation for the entire period of absence for that purpose.

36.380. An appointing authority may dismiss for cause any employee in his division occupying a position subject hereto when he considers that such action is required in the interests of efficient administration and that the good of the service will be served thereby. No dismissal of a regular employee shall take effect unless, prior to the effective date thereof, the appointing authority gives to such employee a written statement setting forth in substance the reason therefor and files a copy of such statement with the director. When it is not practicable to give the notice of dismissal to an employee in person, it may be sent to the employee by certified or registered mail, return receipt requested, at his last mailing address as shown in the personnel records of the appointing authority. Proof of refusal of the employee to accept delivery or the inability of postal authorities to deliver such mail shall be accepted as evidence that the required notice of dismissal has been given. If the director determines that the statement of reasons for the dismissal given by the appointing authority shows that such dismissal does not reflect discredit on the character or conduct of the employee, he may, upon request of the employee, approve reemployment under section 36.240, in any class in which the employee has held regular status. Any regular employee who is dismissed shall have the right to appeal to the [board] **administrative hearing commission** as provided under section 36.390.

36.390. 1. An applicant whose request for admission to any examination has been rejected by the director may appeal to the [board] **administrative hearing commission** in writing within fifteen days of the mailing of the notice of rejection by the director, and in any event before the holding of the examination. The [board's] **commission's** decision on all matters of fact shall be final.

2. Applicants may be admitted to an examination pending a consideration of the appeal, but such admission shall not constitute the assurance of a passing grade in education and experience.

3. Any applicant who has taken an examination and who feels that he or she has not been dealt with fairly in any phase of the examination process may request that the director review his or her case. Such

request for review of any examination shall be filed in writing with the director within [thirty] **fifteen** days after the date on which notification of the results of the examination was mailed to the applicant. A candidate may appeal the decision of the director in writing to the [board] **administrative hearing commission**. This appeal shall be filed with the [board] **administrative hearing commission** within [thirty] **fifteen** days after date on which notification of the decision of the director was mailed to the applicant. The [board's] **commission's** decision with respect to any changes shall be final, and shall be entered in the minutes. A correction in the rating shall not affect a certification or appointment which may have already been made from the register.

4. An eligible whose name has been removed from a register for any of the reasons specified in section 36.180 or in section 36.240 may appeal to the [board] **administrative hearing commission** for reconsideration. Such appeal shall be filed in writing [at] **with** the [office of the director] **administrative hearing commission** within [thirty] **fifteen** days after the date on which notification was mailed to the [board] **eligible**. The [board] **commission**, after investigation, shall make its decision which shall be recorded in the minutes and the eligible shall be notified accordingly by the director.

5. Any regular employee who is dismissed or involuntarily demoted for cause or suspended for more than five working days may appeal in writing to the [board] **administrative hearing commission** within thirty days after the effective date thereof, setting forth in substance the employee's reasons for claiming that the dismissal, suspension or demotion was for political, religious, or racial reasons, or not for the good of the service. [Upon such appeal, both the appealing employee and the appointing authority whose action is reviewed shall have the right to be heard and to present evidence at a hearing which, at the request of the appealing employee, shall be public. At the hearing of such appeals, technical rules of evidence shall not apply. After the hearing and consideration of the evidence for and against a suspension, demotion, or dismissal, the board shall approve or disapprove such action and may make any one of the following appropriate orders:

(1) Order the reinstatement of the employee to the employee's former position;

(2) Sustain the dismissal of such employee;

(3) Except as provided in subdivisions (1) and (2) of this subsection, the board may sustain the dismissal, but may order the director to recognize reemployment rights for the dismissed employee pursuant to section 36.240, in an appropriate class or classes, or may take steps to effect the transfer of such employee to an appropriate position in the same or another division of service.

6. Any order by the board under subsection 5 of this section shall be a final decision on the merits and may be appealed as provided in chapter 536, RSMo.

7. After an order of reinstatement has been issued and all parties have let the time for appeal lapse or have filed an appeal and that appeal process has become final and the order of reinstatement has been affirmed, the board shall commence a separate action to determine the date of reinstatement and the amount of back pay owed to the employee. This action may be done by hearing, or by affidavit, depositions, or stipulations, or by agreement on the amount of back pay owed. If the parties cannot reach an agreement as to how the parties shall be heard on this separate action, then the board shall decide on the method through its hearing officer. No hearing will be public unless requested to be public by the employee.

8. The board shall establish such rules as may be necessary to give effect to the provisions of this section. The rules may provide that the board or the chairman of the board may delegate responsibility for

the conduct of investigations and the hearing of appeals provided pursuant to any section of this chapter to a member of the board or to a hearing officer designated by the board. Such hearing officer shall have the power to administer oaths, subpoena witnesses, compel the production of records pertinent to any hearing, and take any action in connection with such hearing which the board itself is authorized to take by law other than making the final decision and appropriate order. When the hearing has been completed, the individual board member or the hearing officer who conducted the hearing shall prepare a summary thereof and recommend a findings of fact, conclusions of law, decision and appropriate order for approval of the board. The board may adopt such recommendations in whole or in part, require the production of additional testimony, reassign the case for rehearing, or may itself conduct such new or additional hearing as is deemed necessary prior to rendering a final decision. The board may also establish rules which provide for alternative means of resolving one or more of the types of appeals outlined in this section.]

[9.] 6. The provisions for appeals provided in subsection 5 of this section for dismissals of regular merit employees may be adopted by nonmerit agencies of the state for any or all employees of such agencies.

[10.] 7. Agencies not adopting the provisions for appeals provided in subsection 5 of this section shall adopt dismissal procedures substantially similar to those provided for merit employees. However, these procedures need not apply to employees in policy-making positions, or to members of military or law enforcement agencies.

[11.] 8. Hearings under this section shall be deemed to be a contested case and the procedures applicable to the processing of such hearings and determinations shall be those established by chapter 536, RSMo. Decisions of the [personnel advisory board] **administrative hearing commission** shall be final and binding subject to appeal by either party. Final decisions of the [personnel advisory board] **administrative hearing commission** pursuant to this subsection shall be subject to review on the record by the circuit court pursuant to chapter 536, RSMo.

36.400. The [board] **administrative hearing commission**, each [member of the board,] **commissioner** and the director shall have power to administer oaths, subpoena witnesses, and compel the production of books and papers pertinent to any investigation or hearing authorized by this law. Any person who shall fail to appear in response to a subpoena or to answer any question or produce any books or papers pertinent to any such investigation or hearing, or who shall knowingly give false testimony therein, shall be guilty of a misdemeanor.”; and

Further amend said bill, Page 2, Section 37.900, Line 14, by inserting after all of said line the following:

“105.055. 1. No supervisor or appointing authority of any state agency shall prohibit any employee of the agency from discussing the operations of the agency, either specifically or generally, with any member of the legislature, state auditor, attorney general, or any state official or body charged with investigating such alleged misconduct.

2. No supervisor or appointing authority of any state agency shall:

(1) Prohibit a state employee from or take any disciplinary action whatsoever against a state employee for the disclosure of any alleged prohibited activity under investigation or any related activity, or for the disclosure of information which the employee reasonably believes evidences:

(a) A violation of any law, rule or regulation; or

(b) Mismanagement, a gross waste of funds or abuse of authority, or a substantial and specific danger

to public health or safety, if the disclosure is not specifically prohibited by law; or

(2) Require any such employee to give notice to the supervisor or appointing authority prior to making any such report.

3. This section shall not be construed as:

(1) Prohibiting a supervisor or appointing authority from requiring that an employee inform the supervisor or appointing authority as to legislative requests for information to the agency or the substance of testimony made, or to be made, by the employee to legislators on behalf of the employee to legislators on behalf of the agency;

(2) Permitting an employee to leave the employee's assigned work areas during normal work hours without following applicable rules and regulations and policies pertaining to leaves, unless the employee is requested by a legislator or legislative committee to appear before a legislative committee;

(3) Authorizing an employee to represent the employee's personal opinions as the opinions of a state agency; or

(4) Restricting or precluding disciplinary action taken against a state employee if: the employee knew that the information was false; the information is closed or is confidential under the provisions of the open meetings law or any other law; or the disclosure relates to the employee's own violations, mismanagement, gross waste of funds, abuse of authority or endangerment of the public health or safety.

4. As used in this section, "disciplinary action" means any dismissal, demotion, transfer, reassignment, suspension, reprimand, warning of possible dismissal or withholding of work, whether or not the withholding of work has affected or will affect the employee's compensation.

5. Any employee may file an administrative appeal whenever the employee alleges that disciplinary action was taken against the employee in violation of this section. The appeal shall be filed with the [state personnel advisory board] **administrative hearing commission**; provided that the appeal shall be filed with the appropriate agency review board or body of nonmerit agency employers which have established appeal procedures substantially similar to those provided for merit employees in subsection 5 of section 36.390, RSMo. The appeal shall be filed within thirty days of the alleged disciplinary action. Procedures governing the appeal shall be in accordance with chapter [36] **536**, RSMo. If the [board] **commission** or appropriate review body finds that disciplinary action taken was unreasonable, the [board] **commission** or appropriate review body shall modify or reverse the agency's action and order such relief for the employee as the [board] **commission** considers appropriate. If the [board] **commission** finds a violation of this section, it may review and recommend to the appointing authority that the violator be suspended on leave without pay for not more than thirty days or, in cases of willful or repeated violations, may review and recommend to the appointing authority that the violator forfeit the violator's position as a state officer or employee and disqualify the violator for appointment to or employment as a state officer or employee for a period of not more than two years. The decision of the [board] **commission** or appropriate review body in such cases may be appealed by any party pursuant to law.

6. Each state agency shall prominently post a copy of this section in locations where it can reasonably be expected to come to the attention of all employees of the agency.

7. (1) In addition to the remedies in subsection 6 of this section, a person who alleges a violation of this section may bring a civil action for damages within ninety days after the occurrence of the alleged violation.

(2) A civil action commenced pursuant to this subsection may be brought in the circuit court for the county where the alleged violation occurred, the county where the complainant resides, or the county where the person against whom the civil complaint is filed resides.

(3) An employee must show by clear and convincing evidence that he or she or a person acting on his or her behalf has reported or was about to report, verbally or in writing, a prohibited activity or a suspected prohibited activity.

(4) A court, in rendering a judgment in an action brought pursuant to this section, shall order, as the court considers appropriate, actual damages, and may also award the complainant all or a portion of the costs of litigation, including reasonable attorney fees.”; and

**621.075. 1. Except as otherwise provided by law, any employee with merit status who has been dismissed or involuntarily demoted for cause or suspended for more than five working days shall have the right to appeal to the administrative hearing commission. Any such person shall be entitled to a hearing before the administrative hearing commission by the filing of an appeal setting forth in substance the employee's reasons for claiming that the dismissal, suspension, or demotion was for political, religious, or racial reasons, or not for the good of the service with the administrative hearing commission within thirty days after the effective date of the action. The decision of the appointing authority shall contain a notice of the right of appeal in substantially the following language:**

**2. The procedures applicable to the processing of such hearings and determinations shall be those established by chapter 536. A physician or other authorized health care practitioner who issues or signs a physician’s statement so that disabled plates or a disabled windshield placard may be obtained shall maintain in such disabled person’s medical chart documentation that such a certificate has been issued, the date the statement was signed, the diagnosis or condition which existed that qualified the person as disabled pursuant to this section and shall contain sufficient documentation so as to objectively confirm that such condition exists.

6. The medical or other records of the physician or other authorized health care practitioner who issued a physician’s statement shall be open to inspection and review by such practitioner’s licensing board, in order to verify compliance with this section. Information contained within such records shall be confidential unless required for prosecution, disciplinary purposes, or otherwise required to be disclosed by law.

7. Owners of motor vehicles who are residents of the state of Missouri, and who are physically disabled, owners of motor vehicles operated at least fifty percent of the time by a physically disabled person, or owners of motor vehicles used to primarily transport physically disabled members of the owner’s household may obtain disabled person license plates. Such owners, upon application, accompanied by the documents and fees provided for in this section, a current physician’s statement which has been issued within ninety days proceeding the date the application is made and proof of compliance with the state motor vehicle laws relating to registration and licensing of motor vehicles, shall be issued motor vehicle license plates for vehicles, other than commercial vehicles with a gross weight in excess of twenty-four thousand pounds,

upon which shall be inscribed the international wheelchair accessibility symbol and the word “DISABLED” in addition to a combination of letters and numbers. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130.

8. The director shall further issue, upon request, to such applicant one, and for good cause shown, as the director may define by rule and regulations, not more than two, removable disabled windshield hanging placards for use when the disabled person is occupying a vehicle or when a vehicle not bearing the permanent handicap plate is being used to pick up, deliver, or collect the physically disabled person issued the disabled motor vehicle license plate or disabled windshield hanging placard.

9. No additional fee shall be paid to the director for the issuance of the special license plates provided in this section, except for special personalized license plates and other license plates described in this subsection. Priority for any specific set of special license plates shall be given to the applicant who received the number in the immediately preceding license period subject to the applicant’s compliance with the provisions of this section and any applicable rules or regulations issued by the director. If determined feasible by the advisory committee established in section 301.129, any special license plate issued pursuant to this section may be adapted to also include the international wheelchair accessibility symbol and the word “DISABLED” as prescribed in this section and such plate may be issued to any applicant who meets the requirements of this section and the other appropriate provision of this chapter, subject to the requirements and fees of the appropriate provision of this chapter.

10. Any physically disabled person, or the parent or guardian of any such person, or any not-for-profit group, organization, or other entity which transports more than one physically disabled person, may apply to the director of revenue for a removable windshield placard. The placard may be used in motor vehicles which do not bear the permanent handicap symbol on the license plate. Such placards must be hung from the front, middle rearview mirror of a parked motor vehicle and may not be hung from the mirror during operation. These placards may only be used during the period of time when the vehicle is being used by a disabled person, or when the vehicle is being used to pick up, deliver, or collect a disabled person. When there is no rearview mirror, the placard shall be displayed on the dashboard on the driver’s side.

11. The removable windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The removable windshield placard shall be renewed every four years. The director may stagger the expiration dates to equalize workload. Only one removable placard may be issued to an applicant who has been issued disabled person license plates. Upon request, one additional windshield placard may be issued to an applicant who has not been issued disabled person license plates.

12. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for the temporary windshield placard shall be two dollars. Upon request, and for good cause shown, one additional temporary windshield placard may be issued to an applicant. Temporary windshield placards shall be issued upon presentation of the physician’s statement provided by this section and shall be displayed in the same manner as removable windshield placards. A person or entity shall be qualified to possess and display a temporary removable

windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to this section is supplied to the director of revenue at the time of renewal.

13. Application for license plates or windshield placards issued pursuant to this section shall be made to the director of revenue and shall be accompanied by a statement signed by a licensed physician or other authorized health care practitioner which certifies that the applicant, user, or member of the applicant's household is a physically disabled person as defined by this section.

14. The placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when the physically disabled occupant for whom the disabled plate or placard was issued is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected. A disabled license plate and/or a removable windshield hanging placard are not transferable and may not be used by any other person whether disabled or not.

15. At the time the disabled plates or windshield hanging placards are issued, the director shall issue a registration certificate which shall include the applicant's name, address, and other identifying information as prescribed by the director, or if issued to an agency, such agency's name and address. This certificate shall further contain the disabled license plate number or, for windshield hanging placards, the registration or identifying number stamped on the placard. The validated registration receipt given to the applicant shall serve as the registration certificate.

16. The director shall, upon issuing any disabled registration certificate for license plates and/or windshield hanging placards, provide information which explains that such plates or windshield hanging placards are nontransferable, and the restrictions explaining who and when a person or vehicle which bears or has the disabled plates or windshield hanging placards may be used or be parked in a disabled reserved parking space, and the penalties prescribed for violations of the provisions of this act.

17. Every new applicant for a disabled license plate or placard shall be required to present a new physician's statement dated no more than ninety days prior to such application. Renewal applicants will be required to submit a physician's statement dated no more than ninety days prior to such application upon their first renewal occurring on or after August 1, 2005. Upon completing subsequent renewal applications, a physician's statement dated no more than ninety days prior to such application shall be required every fourth year. Such physician's statement shall state the expiration date for the temporary windshield placard. If the physician fails to record an expiration date on the physician's statement, the director shall issue the temporary windshield placard for a period of thirty days. The director may stagger the requirement of a physician's statement on all renewals for the initial implementation of a four-year period.

18. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, RSMo, or the Missouri state board of nursing established in section 335.021, RSMo, with respect to physician's statements signed by advanced practice registered nurses, or the Missouri state board of chiropractic examiners established in section 331.090, RSMo, with respect to physician's statements signed by licensed chiropractors, or with the board of optometry established in section 336.130, RSMo, with respect to physician's statements signed by licensed optometrists, or the state board of podiatric medicine created in section 330.100, RSMo, with respect to physician's statements signed by physicians of the foot or podiatrists to determine whether the physician is duly licensed and registered pursuant to law. If such applicant obtaining a disabled license plate or placard presents proof of disability in the form of a statement

from the United States Veterans' Administration verifying that the person is permanently disabled, the applicant shall be exempt from the four-year certification requirement of this subsection for renewal of the plate or placard. Initial applications shall be accompanied by the physician's statement required by this section. Notwithstanding the provisions of paragraph (f) of subdivision (4) of subsection 1 of this section, any person seventy-five years of age or older who provided the physician's statement with the original application shall not be required to provide a physician's statement for the purpose of renewal of disabled persons license plates or windshield placards.

19. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the director, establish a list of all Missouri physicians and other authorized health care practitioners and of any other information necessary to administer this section.

20. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit a statement stating this fact, in addition to the physician's statement. The statement shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this statement with each application for license plates. No person shall willingly or knowingly submit a false statement and any such false statement shall be considered perjury and may be punishable pursuant to section 301.420.

21. The director of revenue shall retain all physicians' statements and all other documents received in connection with a person's application for disabled license plates and/or disabled windshield placards.

22. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons.

23. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of the decedent or such other person who may come into or otherwise take possession of the disabled license plates or disabled windshield placard shall return the same to the director of revenue under penalty of law. Failure to return such plates or placards shall constitute a class B misdemeanor.

24. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards.

25. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

26. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be four dollars.

27. Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist or optometrist to certify that an individual or family member is qualified for a license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice

or if there is no basis for the diagnosis.”; and

#### SENATE AMENDMENT NO. 7

Amend Senate Committee Substitute for House Bill No. 1868, Page 2, Section 109.250, Line 23, by inserting after all of said line the following:

“208.215. 1. MO HealthNet is payer of last resort unless otherwise specified by law. When any person, corporation, institution, public agency or private agency is liable, either pursuant to contract or otherwise, to a participant receiving public assistance on account of personal injury to or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled, payments made by the department of social services or MO HealthNet division shall be a debt due the state and recoverable from the liable party or participant for all payments made [in] on behalf of the participant and the debt due the state shall not exceed the payments made from MO HealthNet benefits provided under sections 208.151 to 208.158 and section 208.162 and section 208.204 on behalf of the participant, minor or estate for payments on account of the injury, disease, or disability or benefits arising from a health insurance program to which the participant may be entitled. **Any health benefit plan as defined in section 376.1350, third party administrator, administrative service organization, and pharmacy benefits manager, shall**

**(2) If any action by the state to enforce its rights with respect to such claim is commenced within six years of the state's submission of such claim.**

2. The department of social services, MO HealthNet division, or its contractor may maintain an appropriate action to recover funds paid by the department of social services or MO HealthNet division or its contractor that are due under this section in the name of the state of Missouri against the person, corporation, institution, public agency, or private agency liable to the participant, minor or estate.

3. Any participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death who pursues legal rights against a person, corporation, institution, public agency, or private agency liable to that participant or minor for injuries, disease or disability or benefits arising from a health insurance plan to which the participant may be entitled as outlined in subsection 1 of this section shall upon actual knowledge that the department of social services or MO HealthNet division has paid MO HealthNet benefits as defined by this chapter promptly notify the MO HealthNet division as to the pursuit of such legal rights.

4. Every applicant or participant by application assigns his right to the department of social services or MO HealthNet division of any funds recovered or expected to be recovered to the extent provided for in this section. All applicants and participants, including a person authorized by the probate code, shall cooperate with the department of social services, MO HealthNet division in identifying and providing information to assist the state in pursuing any third party who may be liable to pay for care and services available under

the state's plan for MO HealthNet benefits as provided in sections 208.151 to 208.159 and sections 208.162 and 208.204. All applicants and participants shall cooperate with the agency in obtaining third-party resources due to the applicant, participant, or child for whom assistance is claimed. Failure to cooperate without good cause as determined by the department of social services, MO HealthNet division in accordance with federally prescribed standards shall render the applicant or participant ineligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204. A [recipient] **participant** who has notice or who has actual knowledge of the department's rights to third-party benefits who receives any third-party benefit or proceeds for a covered illness or injury is either required to pay the division within sixty days after receipt of settlement proceeds the full amount of the third-party benefits up to the total MO HealthNet benefits provided or to place the full amount of the third-party benefits in a trust account for the benefit of the division pending judicial or administrative determination of the division's right to third-party benefits.

5. Every person, corporation or partnership who acts for or on behalf of a person who is or was eligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204 for purposes of pursuing the applicant's or participant's claim which accrued as a result of a nonoccupational or nonwork-related incident or occurrence resulting in the payment of MO HealthNet benefits shall notify the MO HealthNet division upon agreeing to assist such person and further shall notify the MO HealthNet division of any institution of a proceeding, settlement or the results of the pursuit of the claim and give thirty days' notice before any judgment, award, or settlement may be satisfied in any action or any claim by the applicant or participant to recover damages for such injuries, disease, or disability, or benefits arising from a health insurance program to which the participant may be entitled.

6. Every participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death, or his attorney or legal representative shall promptly notify the MO HealthNet division of any recovery from a third party and shall immediately reimburse the department of social services, MO HealthNet division, or its contractor from the proceeds of any settlement, judgment, or other recovery in any action or claim initiated against any such third party. A judgment, award, or settlement in an action by a [recipient] **participant** to recover damages for injuries or other third-party benefits in which the division has an interest may not be satisfied without first giving the division notice and a reasonable opportunity to file and satisfy the claim or proceed with any action as otherwise permitted by law.

7. The department of social services, MO HealthNet division or its contractor shall have a right to recover the amount of payments made to a provider under this chapter because of an injury, disease, or disability, or benefits arising from a health insurance plan to which the participant may be entitled for which a third party is or may be liable in contract, tort or otherwise under law or equity. Upon request by the MO HealthNet division, all third-party payers shall provide the MO HealthNet division with information contained in a 270/271 Health Care Eligibility Benefits Inquiry and Response standard transaction mandated under the federal Health Insurance Portability and Accountability Act, except that third-party payers shall not include accident-only, specified disease, disability income, hospital indemnity, or other fixed indemnity insurance policies.

8. The department of social services or MO HealthNet division shall have a lien upon any moneys to be paid by any insurance company or similar business enterprise, person, corporation, institution, public agency or private agency in settlement or satisfaction of a judgment on any claim for injuries or disability or disease benefits arising from a health insurance program to which the participant may be entitled which

resulted in medical expenses for which the department or MO HealthNet division made payment. This lien shall also be applicable to any moneys which may come into the possession of any attorney who is handling the claim for injuries, or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled which resulted in payments made by the department or MO HealthNet division. In each case, a lien notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or participant has a claim, demand or cause of action. The lien shall claim the charge and describe the interest the department or MO HealthNet division has in the claim, demand or cause of action. The lien shall attach to any verdict or judgment entered and to any money or property which may be recovered on account of such claim, demand, cause of action or suit from and after the time of the service of the notice.

9. On petition filed by the department, or by the participant, or by the defendant, the court, on written notice of all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either before or after a verdict, and nothing in this section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the department has charge. The court may determine what portion of the recovery shall be paid to the department against the recovery. In making this determination the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

(1) The amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the participant incident to the recovery; and whether the department should, as a matter of fairness and equity, bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;

(2) The amount, if any, of the attorney's fees and other costs incurred by the participant incident to the recovery and paid by the participant up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;

(3) The total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the participant, by insurance provided by the participant, and by the department, and the amount of such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;

(4) Whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the participant;

(5) The age of the participant and of persons dependent for support upon the participant, the nature and permanency of the participant's injuries as they affect not only the future employability and education of the participant but also the reasonably necessary and foreseeable future material, maintenance, medical rehabilitative and training needs of the participant, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;

(6) The realistic ability of the participant to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

10. The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction. **The computerized records of the MO HealthNet division, certified by the director or his designee, shall be prima facie evidence of proof of moneys expended and the amount of the debt due the state.**

11. The court may reduce and apportion the department's or MO HealthNet division's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The department or MO HealthNet division shall pay its pro rata share of the attorney's fees based on the department's or MO HealthNet division's lien as it compares to the total settlement agreed upon. This section shall not affect the priority of an attorney's lien under section 484.140, RSMo. The charges of the department or MO HealthNet division or contractor described in this section, however, shall take priority over all other liens and charges existing under the laws of the state of Missouri with the exception of the attorney's lien under such statute.

12. Whenever the department of social services or MO HealthNet division has a statutory charge under this section against a recovery for damages incurred by a participant because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, [irrespective] **regardless** of whether [or not] an action based on participant's claim has been filed in court. Nothing herein shall prohibit the director from entering into a compromise agreement with any participant, after consideration of the factors in subsections 9 to 13 of this section.

13. This section shall be inapplicable to any claim, demand or cause of action arising under the workers' compensation act, chapter 287, RSMo. From funds recovered pursuant to this section the federal government shall be paid a portion thereof equal to the proportionate part originally provided by the federal government to pay for MO HealthNet benefits to the participant or minor involved. The department or MO HealthNet division shall enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on permanently institutionalized individuals. The department or MO HealthNet division shall have the right to enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on all other institutionalized individuals. For the purposes of this subsection, "permanently institutionalized individuals" includes those people who the department or MO HealthNet division determines cannot reasonably be expected to be discharged and return home, and "property" includes the homestead and all other personal and real property in which the participant has sole legal interest or a legal interest based upon co-ownership of the property which is the result of a transfer of property for less than the fair market value within thirty months prior to the participant's entering the nursing facility. The following provisions shall apply to such liens:

(1) The lien shall be for the debt due the state for MO HealthNet benefits paid or to be paid on behalf of a participant. The amount of the lien shall be for the full amount due the state at the time the lien is enforced;

(2) The MO HealthNet division shall file for record, with the recorder of deeds of the county in which any real property of the participant is situated, a written notice of the lien. The notice of lien shall contain the name of the participant and a description of the real estate. The recorder shall note the time of receiving such notice, and shall record and index the notice of lien in the same manner as deeds of real estate are required to be recorded and indexed. The director or the director's designee may release or discharge all or

part of the lien and notice of the release shall also be filed with the recorder. The department of social services, MO HealthNet division, shall provide payment to the recorder of deeds the fees set for similar filings in connection with the filing of a lien and any other necessary documents;

(3) No such lien may be imposed against the property of any individual prior to the individual's death on account of MO HealthNet benefits paid except:

(a) In the case of the real property of an individual:

a. Who is an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, if such individual is required, as a condition of receiving services in such institution, to spend for costs of medical care all but a minimal amount of his or her income required for personal needs; and

b. With respect to whom the director of the MO HealthNet division or the director's designee determines, after notice and opportunity for hearing, that he cannot reasonably be expected to be discharged from the medical institution and to return home. The hearing, if requested, shall proceed under the provisions of chapter 536, RSMo, before a hearing officer designated by the director of the MO HealthNet division; or

(b) Pursuant to the judgment of a court on account of benefits incorrectly paid on behalf of such individual;

(4) No lien may be imposed under paragraph (b) of subdivision (3) of this subsection on such individual's home if one or more of the following persons is lawfully residing in such home:

(a) The spouse of such individual;

(b) Such individual's child who is under twenty-one years of age, or is blind or permanently and totally disabled; or

(c) A sibling of such individual who has an equity interest in such home and who was residing in such individual's home for a period of at least one year immediately before the date of the individual's admission to the medical institution;

(5) Any lien imposed with respect to an individual pursuant to subparagraph b of paragraph (a) of subdivision (3) of this subsection shall dissolve upon that individual's discharge from the medical institution and return home.

14. The debt due the state provided by this section is subordinate to the lien provided by section 484.130, RSMo, or section 484.140, RSMo, relating to an attorney's lien and to the participant's expenses of the claim against the third party.

15. Application for and acceptance of MO HealthNet benefits under this chapter shall constitute an assignment to the department of social services or MO HealthNet division of any rights to support for the purpose of medical care as determined by a court or administrative order and of any other rights to payment for medical care.

16. All participants receiving benefits as defined in this chapter shall cooperate with the state by reporting to the family support division or the MO HealthNet division, within thirty days, any occurrences where an injury to their persons or to a member of a household who receives MO HealthNet benefits is sustained, on such form or forms as provided by the family support division or MO HealthNet division.

17. If a person fails to comply with the provision of any judicial or administrative decree or temporary order requiring that person to maintain medical insurance on or be responsible for medical expenses for a dependent child, spouse, or ex-spouse, in addition to other remedies available, that person shall be liable to the state for the entire cost of the medical care provided pursuant to eligibility under any public assistance program on behalf of that dependent child, spouse, or ex-spouse during the period for which the required medical care was provided. The public counsel shall allocate to each such group of public utilities the estimated expenses directly attributable to his or her responsibilities under sections 386.700 to 386.710 with respect to such group and an amount equal to such proportion of the estimated expenses not directly attributable to any group as the gross intrastate operating revenues of such group during the three preceding calendar years bears to the total gross intrastate operating revenues of all public utilities subject to the jurisdiction of the commission during such calendar years. The amount so allocated to telephone corporations shall not exceed ten percent of the total estimated expenses directly attributable to the public counsel's responsibilities under sections 386.700 to 386.710. The commission shall then assess, on behalf of the public counsel, the amount so allocated to each group of public utilities, subject to reduction as provided in this section, to the public utilities in such group in proportion to its respective gross intrastate operating revenues during the preceding calendar year. The total amount so assessed to all such public utilities shall not exceed one percent of the total gross intrastate operating revenues of all utilities subject to the jurisdiction of the commission. Any amount remaining in such special fund or its successor fund at the end of any fiscal year shall not revert to the general revenue fund, but shall be applicable by appropriation of the general assembly to the payment of such expenditures of the public counsel in the succeeding fiscal year and shall be applied by the public counsel to the reduction of the amount to be assessed to such public utilities in such succeeding fiscal year, such reduction to be allocated to each group of public utilities in proportion to the respective gross intrastate operating revenues of the respective groups during the preceding calendar year.**

**5. In order to enable the public counsel to make the allocations and assessments provided for in this section, each public utility subject to the jurisdiction of the commission shall file with the commission on or before March thirty-first of each year, a statement under oath showing its gross intrastate operating revenues for the preceding calendar year, and if any public utility shall fail to file such statement within the time established in this subsection, the commission shall estimate such revenue. “86.252. 1. Notwithstanding any provision of sections 86.200 to 86.366 to the contrary, the entire interest of a member shall be distributed or begin to be distributed no later than the member's required beginning date. The general required beginning date of a member's benefit is April first of the calendar year

following the calendar year in which the member attains age seventy and one-half years or, if later, in which the member terminates employment as a police officer and actually retires.

2. All distributions required pursuant to this section prior to January 1, 2003, shall be determined and made in accordance with the income tax regulations under Section 401(a)(9) of the Internal Revenue Code in effect prior to January 1, 2003, including the minimum distribution incidental benefit requirement of Section 1.401(a)(9)-2 of the income tax regulations. As of the first distribution year, distributions, if not made in a single sum, may only be made over one of the following periods, or a combination thereof:

(1) The life of the member;

(2) The life of the member and a designated beneficiary;

(3) A period certain not extending beyond the life expectancy of the member; or

(4) A period certain not extending beyond the joint and last survivor expectancy of the member and a designated beneficiary.

3. (1) This subsection shall apply for purposes of determining required minimum distributions for calendar years beginning on and after January 1, 2003, and shall take precedence over any inconsistent provisions of section 86.200 to 86.366. members' interest thereon from the date of withdrawal to the date of repayment in order to receive credit for such prior service in accordance with section 86.210, to the extent that Section 415 of the Internal Revenue Code does not apply to such repayment by reason of subsection (k)(3) thereof, or to purchase permissive service credit, as defined in Section 415(n)(3)(A) of the Internal Revenue Code, for the member under the plan in accordance with the provisions of section 105.691, RSMo.

The commission, except where the department is specified, shall make whatever rules are necessary to enforce the renewable energy standard. Such rules shall include:

(1) A maximum average retail rate increase of one percent determined by estimating and comparing the electric utility's cost of compliance with least-cost renewable generation and the cost of continuing to generate or purchase electricity from entirely nonrenewable sources, taking into proper account future environmental regulatory risk including the risk of greenhouse gas regulation;

(2) Penalties of at least twice the average market value of renewable energy credits for the compliance period for failure to meet the targets of subsection 1. An electric utility will be excused if it proves to the commission that failure was due to events beyond its reasonable control that could not have been reasonably mitigated, or that the maximum average retail rate increase has been reached. Penalties shall not be recovered from customers. Amounts forfeited under this section shall be remitted to the department to purchase renewable energy credits needed for compliance. Any excess forfeited revenues shall be used by the department's energy center solely for renewable energy and energy efficiency projects;

(3) Provisions for an annual report to be filed by each electric utility in a format sufficient to document its progress in meeting the targets;

(4) Provision for recovery outside the context of a regular rate case of prudently incurred costs and the pass-through of benefits to customers of any savings achieved by an electrical corporation in meeting the requirements of this section.

3. Each electric utility shall make available to its retail customers a standard rebate offer of at least two dollars per installed watt for new or expanded solar electric systems sited on customers' premises, up to a maximum of twenty-five kilowatts per system, that become operational after 2009.

4. The department shall, in consultation with the commission, establish by rule a certification process

for electricity generated from renewable resources and used to fulfill the requirements of subsection 1 of this section. Certification criteria for renewable energy generation shall be determined by factors that include fuel type, technology, and the environmental impacts of the generating facility. Renewable energy facilities shall not cause undue adverse air, water, or land use impacts, including impacts associated with the gathering of generation feedstocks. If any amount of fossil fuel is used with renewable energy resources, only the portion of electrical output attributable to renewable energy resources shall be used to fulfill the portfolio requirements.

**5. In carrying out the provisions of this section, the commission and the department shall include methane generated from the anaerobic digestion of farm animal waste and thermal depolymerization or pyrolysis for converting waste material to energy as renewable energy resources for purposes of this section.”; and**

### **HOUSE AMENDMENT NO. 1**

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill Nos. 842, 799 and 809, Section 208.215, Page 8, Line 258 by inserting after all of said Section, Page, and Line the following:

“660.425. 1. In addition to all other fees and taxes required or paid, a tax is hereby imposed upon in-home services providers for the privilege of providing in-home services [under chapter 208, RSMo]. The tax is imposed upon payments received by an in-home services provider for the provision of in-home services [under chapter 208, RSMo].

2. For purposes of sections 660.425 to 660.465, the following terms shall mean:

(1) “Engaging in the business of providing in-home services”, all payments received by an in-home services provider for the provision of in-home services [under chapter 208, RSMo];

(2) “In-home services”, homemaker services, personal care services, chore services, respite services, consumer-directed services, and services, when provided in the individual's home and under a plan of care created by a physician, necessary to keep children out of hospitals. “In-home services” shall not include home health services as defined by federal and state law;

(3) “In-home services provider”, any provider or vendor, as defined in section 208.900, RSMo, of compensated in-home services [under chapter 208, RSMo], and under a provider agreement or contracted with the department of social services or the department of health and senior services.

660.430. 1. Each in-home services provider in this state providing in-home services [under chapter 208, RSMo,] shall, in addition to all other fees and taxes now required or paid, pay an in-home services gross receipts tax, not to exceed six and one-half percent of gross receipts, for the privilege of engaging in the business of providing in-home services in this state.

2. Each in-home services provider's tax shall be based on a formula set forth in rules promulgated by the department of social services. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo.

This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

3. The director of the department of social services or the director's designee may prescribe the form and contents of any forms or other documents required by sections 660.425 to 660.465.

4. Notwithstanding any other provision of law to the contrary, appeals regarding the promulgation of rules under this section shall be made to the circuit court of Cole County. The circuit court of Cole County shall hear the matter as the court of original jurisdiction.

2. Each in-home services provider subject to sections 660.425 to 660.465 shall keep such records as may be necessary to determine the total payments received for the provision of in-home services [under chapter 208, RSMo,] by the in-home services provider. Every in-home services provider shall submit to the department of social services a statement that accurately reflects such information as is necessary to determine such in-home services provider's tax due.

3. The director of the department of social services may prescribe the form and contents of any forms or other documents required by this section.

4. Each in-home services provider shall report the total payments received for the provision of in-home services [under chapter 208, RSMo,] to the department of social services.

660.445. 1. The determination of the amount of tax due shall be the total amount of payments reported to the department multiplied by the tax rate established by rule by the department of social services.

2. The department of social services shall notify each in-home services provider of the amount of tax due. Such amount may be paid in increments over the balance of the assessment period.

3. The department of social services may adjust the tax due quarterly on a prospective basis. The department of social services may adjust the tax due more frequently for individual providers if there is a substantial and statistically significant change in the in-home services provided or in the payments received for such services provided [under chapter 208, RSMo]. The department of social services may define such adjustment criteria by rule.

660.455. 1. The in-home services tax owed or, if an offset has been made, the balance after such offset,

if any, shall be remitted by the in-home services provider to the department of social services. The remittance shall be made payable to the director of the department of social services and shall be deposited in the state treasury to the credit of the “In-home Services Gross Receipts Tax Fund” which is hereby created to provide payments for in-home services provided [under chapter 208, RSMo]. All investment earnings of the fund shall be credited to the fund.

2. An offset authorized by section 660.450 or a payment to the in-home services gross receipts tax fund shall be accepted as payment of the obligation set forth in section 660.425.

3. The state treasurer shall maintain records showing the amount of money in the in-home services gross receipts tax fund at any time and the amount of investment earnings on such amount.

4. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any unexpended balance in the in-home services gross receipts tax fund at the end of the biennium shall not revert to the credit of the general revenue fund.

660.460. 1. The department of social services shall notify each in-home services provider with a tax due of more than ninety days of the amount of such balance. If any in-home services provider fails to pay its in-home services tax within thirty days of such notice, the in-home services tax shall be delinquent.

2. If any tax imposed under sections 660.425 to 660.465 is unpaid and delinquent, the department of social services may proceed to enforce the state's lien against the property of the in-home services provider and compel the payment of such assessment in the circuit court having jurisdiction in the county where the in-home services provider is located. In addition, the department of social services may cancel or refuse to issue, extend, or reinstate a Medicaid provider agreement to any in-home services provider that fails to pay the tax imposed by section 660.425.

3. Failure to pay the tax imposed under section 660.425 shall be grounds for failure to renew a provider agreement for services [under chapter 208, RSMo,] or failure to renew a provider contract. The department of social services may revoke the provider agreement of any in-home services provider that fails to pay such tax, or notify the department of health and senior services to revoke the provider contract.

660.465. 1. The in-home services tax required by sections 660.425 to 660.465 shall expire:

(1) Ninety days after any one or more of the following conditions are met:

(a) The aggregate in-home services fee as appropriated by the general assembly paid to in-home services providers for in-home services provided [under chapter 208, RSMo,] is less than the fiscal year 2010 in-home services fees reimbursement amount; or

(b) The formula used to calculate the reimbursement as appropriated by the general assembly for in-home services provided is changed resulting in lower reimbursement to in-home services providers in the aggregate than provided in fiscal year 2010; or

(2) September 1, [2011] **2012**.

The director of the department of social services shall notify the revisor of statutes of the expiration date as provided in this subsection.

2. Sections 660.425 to 660.465 shall expire on September 1, [2011] **2012**.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 1 TO  
HOUSE AMENDMENT NO. 2

Amend House Amendment No. 2 to House Committee Substitute for Senate Committee Substitute for Senate Bill No. 842, 799 & 809, Page 8, Line 14, by inserting after all of said line the following:

“208.152. 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as defined in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. 301, et seq.), but the MO HealthNet division may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the MO HealthNet division not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term “temporary leave of absence” shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

**(7) Diabetic education and initial diabetic management training services. Such services shall be limited to two visits for diabetic training that shall include an initial consultation and one follow-up visit;**

**(8)** Drugs and medicines when prescribed by a licensed physician, dentist, or podiatrist; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, or podiatrist may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

[(8)] **(9)** Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

[(9)] **(10)** Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

[(10)] **(11)** Home health care services;

[(11)] **(12)** Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in his professional judgment, the life of the mother would be endangered if the fetus were carried to term;

[(12)] **(13)** Inpatient psychiatric hospital services for individuals under age twenty-one as defined in Title XIX of the federal Social Security Act (42 U.S.C. 1396d, et seq.);

[(13)] **(14)** Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

[(14)] **(15)** Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198, RSMo, shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who

qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if her or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

**[(15)] (16) Mental health services.** The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097, RSMo. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

**[(16)] (17) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. 301, et seq.) subject to appropriation by the general assembly;**

[(17)] **(18)** Beginning July 1, 1990, the services of a certified pediatric or family nursing practitioner with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, RSMo, and regulations promulgated thereunder;

[(18)] **(19)** Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

[(19)] **(20)** Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

[(20)] **(21)** Hospice care. As used in this [subsection] **subdivision**, the term “hospice care” means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

[(21)] **(22)** Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care

and treatment guidelines consistent with national standards shall be used to verify medical need;

[(22)] **(23)** Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

[(23)] **(24)** The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the division of medical services, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010, RSMo;

(3) Optometric services as defined in section 336.010, RSMo;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subsection, the term “hospice care” means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section

536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (14) and (15) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, RSMo, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the Missouri MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be

eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. 1396a (a)(13)(C).

10. The MO HealthNet division, may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, RSMo, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178, RSMo, shall not be considered as income for purposes of determining eligibility under this section.”; and

HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill Nos. 842, 799 & 809, Section A, Page 1, Line 2, by inserting after all of said section and line the following:

“148.340. 1. Every insurance company or association not organized under the laws of this state, shall, as provided in section 148.350, quarterly pay tax upon the direct premiums received, whether in cash or in notes, in this state or on account of business done in this state, for insurance of life, property or interest in this state at the rate of two percent per annum in lieu of all other taxes, except as in sections 148.310 to 148.461 otherwise provided, which amount of taxes shall be assessed and collected as herein provided; provided, that fire and casualty insurance companies or associations shall be credited with canceled or return premiums actually paid during the year in this state, and that life insurance companies shall be credited with dividends actually declared to policyholders in this state, but held by the company and applied to the reduction of premiums payable by the policyholder.

**2. Every health maintenance organization under contract with the State of Missouri to provide services to recipients of medical assistance, not organized under the laws of this state, shall quarterly pay tax upon the direct premiums received, with such payment to be on the same terms as the insurance companies and associations described in subsection 1. Such tax shall be in addition to any other tax levied by the State. This subsection shall apply only as long as the revenues generated under this subsection are eligible for federal financial participation and payments. For the purposes of this subsection, “federal financial participation” is the federal government's share of Missouri's expenditures under the Medicaid program. This subsection shall expire June 30, 2012.**

148.350. 1. Every such company or association shall, on or before the first day of March in each year, make a return, verified by the affidavit of its president and secretary or other authorized officers, to the director of the department of insurance, financial institutions and professional registration stating the amount of all premiums received on account of policies issued in this state by such company, whether in cash or in notes, during the year ending on the thirty-first day of December, next preceding. Upon receipt of such returns, the director of the department of insurance, financial institutions and professional registration shall verify the same and certify the amount of tax due from the various companies on the basis and at the rate provided in section 148.340, and shall certify the same to the director of revenue together with the amount of the quarterly installments to be made as provided in subsection 2 of this section, on or before the thirtieth day of April of each year.

2. Beginning January 1, 1983, the amount of the tax due for that calendar year and each succeeding calendar year thereafter shall be paid in four approximately equal estimated quarterly installments and a fifth reconciling installment. The first four installments shall be based upon the tax assessed for the immediately

preceding taxable year ending on the thirty-first day of December, next preceding. The quarterly installment shall be made on the first day of March, the first day of June, the first day of September, and the first day of December. Immediately after receiving from the director of the department of insurance, financial institutions and professional registration, certification of the amount of tax due from the various companies, the director of revenue shall notify and assess each company the amount of taxes on its premiums for the calendar year ending on the thirty-first day of December, next preceding. The director of revenue shall also notify and assess each company the amount of the estimated quarterly installments to be made for the calendar year. If the amount of the actual tax due for any year exceeds the total of the installments made for such year, the balance of the tax due shall be paid on the first day of June of the following year, together with the regular quarterly installment due at that time. If the total amount of the tax actually due is less than the total amount of the installments actually paid, the amount by which the amount paid exceeds the amount due shall be credited against the tax for the following year and deducted from the quarterly installment otherwise due on the first day of June. If the March first quarterly installment made by a company is less than the amount assessed by the director of revenue, the difference will be due on June first, but no interest will accrue to the state on the difference unless the amount paid by the company is less than eighty percent of one-fourth of the total amount of tax assessed by the director of revenue for the immediately preceding taxable year. If the estimated quarterly tax installments are not so paid, the director of revenue shall certify such fact to the director of the department of insurance, financial institutions and professional registration who shall thereafter suspend such delinquent company or companies from the further transaction of business in this state until such taxes shall be paid, and such companies shall be subject to the provisions of sections 148.410 to 148.461.

**3. Except as provided in subsection 4,** upon receiving such money from the director of revenue, the state treasurer shall receipt one-half thereof into the general revenue fund of the state, and he shall place the remainder of such tax to the credit of a fund to be known as "The County Foreign Insurance Tax Fund", which is hereby created and established. All premium tax credits described in sections 135.500 to 135.529, RSMo, shall only reduce the amount of moneys received by the general revenue fund of this state and shall not reduce any moneys received by the county foreign insurance tax fund.

**4. Taxes collected from health maintenance organizations pursuant to 148.340.2 shall be deposited to the credit of the Managed Care Fund, which is hereby created and established in the state treasury.**

**5. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180, RSMo. The unexpended balance in the Managed Care Fund at the end of the biennium is exempt from the provisions of section 33.080, RSMo. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.**

148.370. 1. Every insurance company or association organized under the laws of the state of Missouri and doing business under the provisions of sections 376.010 to 376.670, 379.205 to 379.310, 379.650 to 379.790 and chapter 381, RSMo, and every mutual fire insurance company organized under the provisions of sections 379.010 to 379.190, RSMo, shall, as hereinafter provided, quarterly pay, beginning with the year 1983, a tax upon the direct premiums received by it from policyholders in this state, whether in cash or in notes, or on account of business done in this state, in lieu of the taxes imposed under the provisions of chapters 143 and 147, RSMo, for insurance of life, property or interest in this state, at the rate of two percent per annum, which amount of taxes shall be assessed and collected as hereinafter provided; provided, that fire and casualty insurance companies or associations shall be credited with canceled or returned premiums

actually paid during the year in this state, and that life insurance companies shall be credited with dividends actually declared to policyholders in this state but held by the company and applied to the reduction of premiums payable by the policyholder.

**2. Every health maintenance organization organized under the laws of this State, that is under contract with the State of Missouri to provide services to recipients of medical assistance shall quarterly pay tax upon the direct premiums received, with such payment to be on the same terms as the insurance companies and associations described in subsection 1. Such tax shall be in addition to any other tax levied by the State. This subsection shall apply only as long as the revenues generated under this subsection are eligible for federal financial participation and payments. For the purposes of this subsection, “federal financial participation” is the federal government's share of Missouri's expenditures under the Medicaid program. This subsection shall expire June 30, 2012.**

148.380. 1. Every such company, on or before the first day of March in each year, shall make a return verified by the affidavit of its president and secretary, or other chief officers, to the director of the department of insurance, financial institutions and professional registration, stating the amount of all direct premiums received by it from policyholders in this state, whether in cash or in notes, during the year ending on the thirty-first day of December, next preceding. Upon receipt of such returns the director of the department of insurance, financial institutions and professional registration shall verify the same and certify the amount of the tax due from the various companies on the basis and\* at the rate provided in section 148.370, taking into consideration deductions and credits allowed by law, and shall certify the same to the director of revenue together with the amount of the quarterly installments to be made as provided in subsection 2 of this section, on or before the thirtieth day of April of each year.

2. Beginning January 1, 1983, the amount of the tax due for that calendar year and each succeeding calendar year thereafter shall be paid in four approximately equal estimated quarterly installments, and a fifth reconciling installment. The first four installments shall be based upon the tax for the immediately\*\* preceding taxable year ending on the thirty-first day of December, next preceding. The quarterly installments shall be made on the first day of March, the first day of June, the first day of September and the first day of December. Immediately after receiving certification from the director of the department of insurance, financial institutions and professional registration of the amount of tax due from the various companies, the director of revenue shall notify and assess each company the amount of taxes on its premiums for the calendar year ending on the thirty-first day of December, next preceding. The director of revenue shall also notify and assess each company the amount of the estimated quarterly installments to be made for the calendar year. If the amount of the actual tax due for any year exceeds the total of the installments made for such year, the balance of the tax due shall be paid on the first day of June of the year following, together with the regular quarterly payment due at that time. If the total amount of the tax actually due is less than the total amount of the installments actually paid, the amount by which the amount paid exceeds the amount due shall be credited against the tax for the following year and deducted from the quarterly installment otherwise due on the first day of June. If the March first quarterly installment made by a company is less than the amount assessed by the director of revenue, the difference will be due on June first, but no interest will accrue to the state on the difference unless the amount paid by the company is less than eighty percent of one-fourth of the total amount of tax assessed by the director of revenue for the immediately preceding taxable year.

3. If the estimated quarterly tax installments are not so paid, the director of revenue shall notify the director of the department of insurance, financial institutions and professional registration who shall

thereupon suspend such delinquent company from the further transaction of business in this state until such taxes shall be paid, and such companies shall be subject to the provisions of sections 148.410 to 148.461.

4. **Except as provided in subsection 5**, upon receipt of the money the state treasurer shall receipt one-half thereof into the general revenue fund of the state, and one-half thereof to the credit of the county foreign insurance fund for the purposes set forth in section 148.360.

**5. Taxes collected from health maintenance organizations pursuant to 148.370.2 shall be to the credit of the Managed Care Fund, established under 148.350 RSMo.**

208.010. 1. "Living together" for the purpose of this chapter is defined as including a husband and wife separated for the purpose of obtaining medical care or nursing home care, except that the income of a husband or wife separated for such purpose shall be considered in determining the eligibility of his or her spouse, only to the extent that such income exceeds the amount necessary to meet the needs (as defined by rule or regulation of the division) of such husband or wife living separately. In determining the need of a claimant in federally aided programs there shall be disregarded such amounts per month of earned income in making such determination as shall be required for federal participation by the provisions of the federal Social Security Act (42 U.S.C.A. 301 et seq.), or any amendments thereto. (2) The provisions of subdivision (1) of this subsection shall not apply to a transfer, other than a transfer to claimant's spouse, made prior to March 26, 1981, when the claimant furnishes convincing evidence that the uncompensated value of the disposed of resource or any part thereof is no longer possessed or owned by the person to whom the resource was transferred;

Any in-home services provider which has had administrative penalties imposed by the department or which has had its contract terminated may seek an administrative review of the department's action pursuant to chapter 621, RSMo. Any decision of the administrative hearing commission may be appealed to the circuit court in the county where the violation occurred for a trial de novo. For purposes of this subsection, the term "violation" means a determination of guilt by a court.

13. The department shall establish a quality assurance and supervision process for clients that requires an in-home services provider agency to conduct random visits to verify compliance with program standards and verify the accuracy of records kept by an in-home services employee.

14. The department shall maintain the employee disqualification list and place on the employee disqualification list the names of any persons who have been finally determined by the department, pursuant to section 660.315, to have recklessly, knowingly or purposely abused or neglected an in-home services client or home health patient while employed by an in-home services provider agency or home health agency. For purposes of this section only, "knowingly" and "recklessly" shall have the meanings that are ascribed to them in this section. A person acts "knowingly" with respect to the person's conduct when a reasonable person should be aware of the result caused by his or her conduct. A person acts "recklessly" when the person consciously disregards a substantial and unjustifiable risk that the person's conduct will result in serious physical injury and such disregard constitutes a gross deviation from the standard of care that a reasonable person would exercise in the situation.

15. At the time a client has been assessed to determine the level of care as required by rule and is eligible for in-home services, the department shall conduct a "Safe at Home Evaluation" to determine the client's physical, mental, and environmental capacity. The department shall develop the safe at home evaluation tool by rule in accordance with chapter 536, RSMo. The purpose of the safe at home evaluation is to assure that each client has the appropriate level of services and professionals involved in the client's care. The plan of service or care for each in-home services client shall be authorized by a nurse. The

department may authorize the licensed in-home services nurse, in lieu of the department nurse, to conduct the assessment of the client's condition and to establish a plan of services or care. The department may use the expertise, services, or programs of other departments and agencies on a case-by-case basis to establish the plan of service or care.

The department may, as indicated by the safe at home evaluation, refer any client to a mental health professional, as defined in 9 CSR 30-4.030, for evaluation and treatment as necessary.

16. Authorized nurse visits shall occur at least twice annually to assess the client and the client's plan of services. The provider nurse shall report the results of his or her visits to the client's case manager. If the provider nurse believes that the plan of service requires alteration, the department shall be notified and the department shall make a client evaluation. All authorized nurse visits shall be reimbursed to the in-home services provider. All authorized nurse visits shall be reimbursed outside of the nursing home cap for in-home services clients whose services have reached one hundred percent of the average statewide charge for care and treatment in an intermediate care facility, provided that the services have been preauthorized by the department.

17. All in-home services clients shall be advised of their rights by the department **or the department's designee** at the initial evaluation. The rights shall include, but not be limited to, the right to call the department for any reason, including dissatisfaction with the provider or services. **The department may contract for services relating to receiving such complaints.** The department shall establish a process to receive such nonabuse and neglect calls other than the elder abuse and neglect hotline.

18. Subject to appropriations, all nurse visits authorized in sections 660.250 to 660.300 shall be reimbursed to the in-home services provider agency.

Section B. Because immediate action is necessary to preserve state services, the repeal and reenactment of sections 148.340, 148.350, 148.370, 148.380, 208.010, and 208.453 of this act are deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of sections 148.340, 148.350, 148.370, and 148.380 of this act shall be in full force and effect upon its passage and approval.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 4

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill Nos. 842, 799 and 809, Page 8, Section 208.215, Line 258, by inserting after all of said line:

**“Section 1. 1. For each school year beginning July 1, 2010, the department of social services shall provide all state licensed child-care providers who receive state or federal funds under section 210.027 and all public school districts in this state with written information regarding eligibility criteria and application procedures for the state children's health insurance program (SCHIP) authorized in sections 208.631 to 208.657, to be distributed by the child-care providers or school districts to parents and guardians at the time of enrollment of their children in child-care or school, as applicable.**

**2. The department of elementary and secondary education shall add an attachment to the application for the free and reduced lunch program for a parent or guardian to check a box indicating yes or no whether each child in the family has health care insurance. If any such child does not have health care insurance, and the parent or guardian's household income does not exceed the highest income level under 42 U.S.C. Section 1397CC, as amended, the school district shall provide a notice to such parent or guardian that the uninsured child may qualify for health insurance under SCHIP.**

**3. The notice described in subsection 2 shall be developed by the department of social services and shall include information on enrolling the child in the program. No notices relating to the state children's health insurance program shall be provided to a parent or guardian under this section other than the notices developed by the department of social services under this section.**

**4. Notwithstanding any other provision of law to the contrary, no penalty shall be assessed upon any parent or guardian who fails to provide or provides any inaccurate information required under this section.**

**5. The department of elementary and secondary education and the department of social services may adopt rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.**

**6. The department of elementary and secondary education, in collaboration with the department of social services, shall report annually to the governor and the house budget committee chair and the senate appropriations committee chair on the following:**

**(3) The number of families who received information on the state children's health insurance program under this section; and**

**(4) The number of families who received the information in subdivision (3) of this subsection and applied to the state children's health insurance program.**

Section B. Because immediate action is necessary to ensure the health of a vulnerable population and to synchronize the issuance of information with the beginning of the school year, the enactment of Section 1 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of Section 1 of section A of this act shall be in full force and effect upon its passage and approval.”; and

The general bail bond agent shall be allowed at least ninety days after the defendant's failure to appear before a forfeiture shall be considered a final judgment, subject to the provisions set forth in this section. The forfeiture automatically becomes a final judgment on the ninetieth day unless the court extends the time for final judgment entry. The clerk of the court shall immediately provide notice of the forfeiture order to the general bail bond agent or insurer at the address on file with the court. This section shall apply to all divisions of the circuit court hearing such matters, including municipal divisions.**

**3. The court shall extend the date for entry of final judgment no less than ninety additional days, if the agent tenders to the court the full amount of the criminal appearance bond.**

**4. The forfeiture order shall be set aside, if before final judgment or within thirty days after the date of final judgment, the general bail bond agent establishes:**

**(3) The defendant is being held in another jurisdiction and has asked the court for leave to return to the court issuing the warrant;**

**(4) The defendant has been deported;**

**(5) The defendant has died; or**

**6. Unless notice of appeal of the final judgment is filed, thirty days after final judgment, the court shall distribute the amount tendered in accordance with the law and notify the department of the satisfaction. If notice of appeal is filed, the amount tendered shall not be distributed, and shall remain as tendered to the court pending appeal.**

**7. Thirty days after final judgment, if the bond forfeiture has not been paid, the general bail bond agent's authorization to write bail bonds in the state of Missouri shall immediately be suspended until that judgment has been satisfied, vacated, or otherwise discharged by order of the court and the director shall draw upon the assets of the surety, remit the sum to the court, and obtain a receipt of such sum from the court. The director may take action as provided by section 374.755, regarding the license of the surety and any bail bond agents writing upon the surety's liability. The department shall notify the courts when a general bail bond agent's authorization to write bail bonds in the state of Missouri has been suspended and when it has been reinstated.**

**8. In lieu of such list, the department may provide this information to each presiding judge in an electronic format.

[3.] **10.** All duly licensed and qualified bail bond agents and general bail bond agents shall be qualified, without further requirement, to write bail upon a surety's liability in all courts of this state as provided in rules promulgated by the supreme court of Missouri and not by any circuit court rule. **In all cases where the court has set a bond requiring a percentage deposit, a licensed surety may satisfy such bond by posting a surety bond in the full face amount of the bond.**

**374.766. 1.** If the director determines that a person has engaged in or is engaging in An Act, practice, or course of business constituting a violation of sections 374.702 to 374.789 or a rule adopted or order issued or pursuant thereto, or that a person has materially aided or is materially aiding an act, omission, or course of constituting a violation of sections 374.702 to 374.789 or a rule adopted or order pursuant thereto, the director may issue such administrative orders as authorized under section 374.046. A violation of sections 374.717 or 374.757 is a level three violation under section 374.049. A violation of section 374.788 is a level four violation under section 374.049.**

374.770. [1. If there is a breach of the contract of the bond, the court in which the case is pending shall declare a bond forfeiture, unless the surety upon such bond informs the court that the defendant is incarcerated somewhere within the United States. If forfeiture is not ordered because the defendant is incarcerated somewhere within the United States, the surety is responsible for the return of the defendant. If bond forfeiture is ordered and the surety can subsequently prove the defendant is incarcerated somewhere within the United States, then the bond forfeiture shall be set aside and the surety be responsible for the return of the defendant. When the surety notifies the court of the whereabouts of the defendant, a hold order shall be placed by the court having jurisdiction on the defendant in the state in which the defendant is being held.

If he is unable to return such defendant, the state of Missouri shall return such defendant to the proper court for prosecution, and all costs incurred by the state in so returning a defendant may be levied against the bail bond agent or general bail bond agent in question.

The director shall determine which institutions, organizations, associations, and individuals shall be eligible to provide said training. Said instructions and fees associated therewith shall be identical or similar to those prescribed in section 374.710 for bail bond agents and general bail bond agents.

3. In addition to said twenty-four hours of initial minimum training, licensees shall be required to receive eight hours of biennial continuing education of which said instructions and fees shall be identical or similar to those prescribed in section 374.710 for bail bond agents and general bail bond agents.

4. Applicants for surety recovery agents licensing shall be exempt from said requirements of the twenty-four hours of initial minimum training if applicants provide proof of prior training as a law enforcement officer with at least two years of such service within the ten years prior to the application being submitted to the department.

## SENATE AMENDMENT NO. 10

Amend Senate Substitute No. 2 for Senate Committee Substitute for House Bill No. 1609, Page 37, Section 452.340, Line 24, by inserting after all of said line the following:

“452.370. 1. Except as otherwise provided in subsection 6 of section 452.325, the provisions of any judgment respecting maintenance or support may be modified only upon a showing of changed circumstances so substantial and continuing as to make the terms unreasonable. In a proceeding for

modification of any child support or maintenance judgment, the court, in determining whether or not a substantial change in circumstances has occurred, shall consider all financial resources of both parties, including the extent to which the reasonable expenses of either party are, or should be, shared by a spouse or other person with whom he or she cohabits, and the earning capacity of a party who is not employed. If the application of the child support guidelines and criteria set forth in section 452.340 and applicable supreme court rules to the financial circumstances of the parties would result in a change of child support from the existing amount by twenty percent or more, a prima facie showing has been made of a change of circumstances so substantial and continuing as to make the present terms unreasonable, if the existing amount was based upon the presumed amount pursuant to the child support guidelines.

2. When the party seeking modification has met the burden of proof set forth in subsection 1 of this section, the child support shall be determined in conformity with criteria set forth in section 452.340 and applicable supreme court rules.

3. Unless otherwise agreed in writing or expressly provided in the judgment, the obligation to pay future statutory maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance, **or if the former spouse receiving alimony or maintenance is cohabiting with or has cohabited with another person in a continuing, conjugal relationship.**

4. Unless otherwise agreed in writing or expressly provided in the judgment, provisions for the support of a child are terminated by emancipation of the child. The parent entitled to receive child support shall have the duty to notify the parent obligated to pay support of the child's emancipation and failing to do so, the parent entitled to receive child support shall be liable to the parent obligated to pay support for child support paid following emancipation of a minor child, plus interest.

5. If a parent has made an assignment of support rights to the division of family services on behalf of the state as a condition of eligibility for benefits pursuant to the Temporary Assistance for Needy Families program and either party initiates a motion to modify the support obligation by reducing it, the state of Missouri shall be named as a party to the proceeding. The state shall be served with a copy of the motion by sending it by certified mail to the director of the division of child support enforcement.

6. The court shall have continuing personal jurisdiction over both the obligee and the obligor of a court order for child support or maintenance for the purpose of modifying such order. Both obligee and obligor shall notify, in writing, the clerk of the court in which the support or maintenance order was entered of any change of mailing address. If personal service of the motion cannot be had in this state, the motion to modify and notice of hearing shall be served outside the state as provided by supreme court rule 54.14. The order may be modified only as to support or maintenance installments which accrued subsequent to the date of personal service. For the purpose of 42 U.S.C. 666(a)(9)(C), the circuit clerk shall be considered the "appropriate agent" to receive notice of the motion to modify for the obligee or the obligor, but only in those instances in which personal service could not be had in this state.

7. If a responsive pleading raising the issues of custody or visitation is filed in response to a motion to modify child support filed at the request of the division of child support enforcement by a prosecuting attorney or circuit attorney or an attorney under contract with the division, such responsive pleading shall be severed upon request.

8. Notwithstanding any provision of this section which requires a showing of substantial and continuing change in circumstances, in a IV-D case filed pursuant to this section by the division of child support enforcement as provided in section 454.400, RSMo, the court shall modify a support order in accordance

with the guidelines and criteria set forth in supreme court rule 88.01 and any regulations thereunder if the amount in the current order differs from the amount which would be ordered in accordance with such guidelines or regulations.”; and

Further amend the title and enacting clause accordingly.

Senator Green moved that the above amendment be adopted, which motion prevailed.

Senator Dempsey offered **SA 11**:

**SENATE AMENDMENT NO. 11**

3. If the building or buildings to be demolished or razed are upon any lot of land in any town, city or village, then the lien shall be upon the lot or lots or land upon which the building or other improvements are situated, to secure the payment for the labor and materials performed.

4. The provisions of sections 429.030 to 429.060 and sections 429.080 to 429.430 applicable to liens of mechanics and other persons shall apply to and govern the procedure with respect to the liens provided for in subsections 1, 2 and 3 of this section.

5. Any design professional or corporation authorized to have lien rights under subsection 1 of this section shall have a lien upon the building or other improvement and upon the land, whether or not actual construction of the planned work or improvement has commenced if:

(1) The owner or lessee thereof, or such owner's or lessee's agent or trustee, contracted for such professional services directly with the design professional or corporation asserting the lien; and

(2) The owner or lessee is the owner or lessee of such real property either at the time the contract is made or at the time the lien is filed.

6. Priority between a design professional or corporation lien claimant and any other mechanic's lien claimant shall be determined pursuant to the provisions of section 429.260 on a pro rata basis.

7. In any civil action, the owner or lessee may assert defenses which include that the actual construction of the planned work or improvement has not been performed in compliance with the professional services contract, is impracticable or is economically infeasible.

Amend Senate Committee Substitute for House Committee Substitute for House Bill No. 1316, Page 1, In the Title, Line 7, by inserting immediately after “taxes” the following: “, with an emergency clause for a certain section”; and

Further amend said bill, page 5, section 55.190, line 15, by inserting after all of said line the following:

“137.106. 1. This section may be known and may be cited as “The Missouri Homestead Preservation Act”.

2. As used in this section, the following terms shall mean:

(4) “Eligible owner”, any individual owner of property who is sixty-five years old or older as of January first of the tax year in which the individual is claiming the credit or who is disabled, and who had an income of equal to or less than the maximum upper limit in the year prior to completing an application pursuant to

this section; or

(a) In the case of a married couple owning property either jointly or as tenants by the entirety, or where only one spouse owns the property, such couple shall be considered an eligible taxpayer if both spouses have reached the age of sixty-five or if one spouse is disabled, or if one spouse is at least sixty-five years old and the other spouse is at least sixty years old, and the combined income of the couple in the year prior to completing an application pursuant to this section did not exceed the maximum upper limit; or

(b) In the case of joint ownership by unmarried persons or ownership by tenancy in common by two or more unmarried persons, such owners shall be considered an eligible owner if each person with an ownership interest individually satisfies the eligibility requirements for an individual eligible owner under this section and the combined income of all individuals with an interest in the property is equal to or less than the maximum upper limit in the year prior to completing an application under this section. If any individual with an ownership interest in the property fails to satisfy the eligibility requirements of an individual eligible owner or if the combined income of all individuals with interest in the property exceeds the maximum upper limit, then all individuals with an ownership interest in such property shall be deemed ineligible owners regardless of such other individual's ability to individually meet the eligibility requirements; or

(c) In the case of property held in trust, the eligible owner and recipient of the tax credit shall be the trust itself provided the previous owner of the homestead or the previous owner's spouse: is the settlor of the trust with respect to the homestead; currently resides in such homestead; and but for the transfer of such property would have satisfied the age, ownership, and maximum upper limit requirements for income as defined in subdivisions (7) and (8) of this subsection;

No individual shall be an eligible owner if the individual has not paid [their] **the individual's** property tax liability, if any, in full by the payment due date in any of the three prior tax years, except that a late payment of a property tax liability in any prior year shall not disqualify a potential eligible owner if such owner paid in full the tax liability and any and all penalties, additions and interest that arose as a result of such late payment; no individual shall be an eligible owner if such person filed a valid claim for the senior citizens property tax relief credit pursuant to sections 135.010 to 135.035, RSMo;

(5) "Homestead", as such term is defined pursuant to section 135.010, RSMo, except as limited by provisions of this section to the contrary. No property shall be considered a homestead if such property was improved since the most recent annual assessment by more than five percent of the prior year appraised value, except where an eligible owner of the property has made such improvements to accommodate a disabled person;

(6) "Homestead exemption limit", a percentage increase, rounded to the nearest hundredth of a percent, which shall be equal to the percentage increase to tax liability, not including improvements, of a homestead from one tax year to the next that exceeds a certain percentage set pursuant to subsection 10 of this section. For applications filed in 2005 or 2006, the homestead exemption limit shall be based on the increase to tax liability from 2004 to 2005. For applications filed between April 1, 2005, and September 30, 2006, an eligible owner, who otherwise satisfied the requirements of this section, shall not apply for the homestead exemption credit more than once during such period. For applications filed after 2006, the homestead exemption limit shall be based on the increase to tax liability from two years prior to application to the year immediately prior to application. For applications filed between December 31, 2008, and December 31, 2011, the homestead exemption limit shall be based on the increase in tax liability from the base year to the

year prior to the application year. For applications filed on or after January 1, 2012, the homestead exemption limit shall be based on the increase to tax liability from two years prior to application to the year immediately prior to application. For purposes of this subdivision, the term “base year” means the year prior to the first year in which the eligible owner’s application was approved, or 2006, whichever is later;

(7) “Income”, federal adjusted gross income, and in the case of ownership of the homestead by trust, the income of the settlor applicant shall be imputed to the income of the trust for purposes of determining eligibility with regards to the maximum upper limit;

(8) “Maximum upper limit”, in the calendar year 2005, the income sum of seventy thousand dollars; in each successive calendar year this amount shall be raised by the incremental increase in the general price level, as defined pursuant to article X, section 17 of the Missouri Constitution.

3. Pursuant to article X, section 6(a) of the Constitution of Missouri, if in the prior tax year, the property tax liability on any parcel of subclass (1) real property increased by more than the homestead exemption limit, without regard for any prior credit received due to the provisions of this section, then any eligible owner of the property shall receive a homestead exemption credit to be applied in the current tax year property tax liability to offset the prior year increase to tax liability that exceeds the homestead exemption limit, except as eligibility for the credit is limited by the provisions of this section. The amount of the credit shall be listed separately on each taxpayer’s tax bill for the current tax year, or on a document enclosed with the taxpayer’s bill. The homestead exemption credit shall not affect the process of setting the tax rate as required pursuant to article X, section 22 of the Constitution of Missouri and section 137.073 in any prior, current, or subsequent tax year.

4. If application is made in 2005, any potential eligible owner may apply for the homestead exemption credit by completing an application through their local assessor’s office. Applications may be completed between April first and September thirtieth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided to the assessor’s office by the department. Forms also shall be made available on the department’s Internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

(1) To the applicant’s age;

(2) That the applicant’s prior year income was less than the maximum upper limit;

(3) To the address of the homestead property; and

(4) That any improvements made to the homestead, not made to accommodate a disabled person, did not total more than five percent of the prior year appraised value. The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the two prior tax years.

5. If application is made in 2005, the assessor, upon request for an application, shall:

(1) Certify the parcel number and owner of record as of January first of the homestead, including verification of the acreage classified as residential on the assessor’s property record card;

(2) Obtain appropriate prior tax year levy codes for each homestead from the county clerks for inclusion on the form;

(3) Record on the application the assessed valuation of the homestead for the current tax year, and any new construction or improvements for the current tax year; and

(4) Sign the application, certifying the accuracy of the assessor's entries.

6. If application is made after 2005, any potential eligible owner may apply for the homestead exemption credit by completing an application. Applications may be completed between April first and October fifteenth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided by the department. Forms also shall be made available on the department's Internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

(1) To the applicant's age;

(2) That the applicant's prior year income was less than the maximum upper limit;

(3) To the address of the homestead property;

(4) That any improvements made to the homestead, not made to accommodate a disabled person, did not total more than five percent of the prior year appraised value[; and].

[(5)]

The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the three prior tax years.

7. Each applicant shall send the application to the department by October fifteenth of each year for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the application was completed.

8. If application is made in 2005, upon receipt of the applications, the department shall calculate the tax liability, adjusted to exclude new construction or improvements, verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant has also filed a valid application for the senior citizens property tax credit, pursuant to sections 135.010 to 135.035, RSMo. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit, and provide a list of all verified eligible owners to the county collectors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county collectors or county clerks in counties with a township form of government shall provide a list to the department of any verified eligible owners who failed to pay the property tax due for the tax year that ended immediately prior. Such eligible owners shall be disqualified from receiving the credit in the current tax year.

9. If application is made after 2005, upon receipt of the applications, the department shall calculate the tax liability, verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant also has filed a valid application for the senior citizens property tax credit under sections 135.010 to 135.035, RSMo. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit and provide a list of all verified eligible owners to the county assessors or county clerks in counties with a township form of government by December fifteenth

of each year. By January fifteenth, the county assessors shall provide a list to the department of any verified eligible owners who made improvements not for accommodation of a disability to the homestead and the dollar amount of the assessed value of such improvements. If the dollar amount of the assessed value of such improvements totaled more than five percent of the prior year appraised value, such eligible owners shall be disqualified from receiving the credit in the current tax year.

10. The director shall calculate the level of appropriation necessary to set the homestead exemption limit at five percent when based on a year of general reassessment or at two and one-half percent when based on a year without general reassessment for the homesteads of all verified eligible owners, and provide such calculation to the speaker of the house of representatives, the president pro tempore of the senate, and the director of the office of budget and planning in the office of administration by January thirty-first of each year.

11. For applications made in 2005, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall, by July thirty-first of such year, set the homestead exemption limit. The limit shall be a single, statewide percentage increase to tax liability, rounded to the nearest hundredth of a percent, which, if applied to all homesteads of verified eligible owners who applied for the homestead exemption credit in the immediately prior tax year, would cause all but one-quarter of one percent of the amount of the appropriation, minus any withholding by the governor, to be distributed during that fiscal year. The remaining one-quarter of one percent shall be distributed to the county assessment funds of each county on a proportional basis, based on the number of eligible owners in each county; such one-quarter percent distribution shall be delineated in any such appropriation as a separate line item in the total appropriation. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

12. After setting the homestead exemption limit for applications made in 2005, the director shall apply the limit to the homestead of each verified eligible owner and calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation and assessment fund allocation to the county collector's funds of each county or the treasurer ex officio collector's fund in counties with a township form of government where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued, plus the one-quarter of one percent distribution for the county assessment funds. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section plus the one-quarter of one percent distribution for the county assessment funds. Funds, at the direction of the county collector or the treasurer ex officio collector in counties with a township form of government, shall be deposited in the county collector's fund of a county or the treasurer ex officio collector's fund or may be sent by mail to the collector of a county, or the treasurer ex officio collector in counties with a township form of government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government, so as to exactly offset each

homestead exemption credit being issued. In counties with a township form of government, the county clerk shall provide the treasurer ex officio collector a summary of the homestead exemption credit for each township for the purpose of distributing the total homestead exemption credit to each township collector in a particular county.

13. If, in any given year after 2005, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall determine the apportionment percentage by equally apportioning the appropriation among all eligible applicants on a percentage basis. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

14. After determining the apportionment percentage, the director shall calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation to the county collector's fund of each county where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section. Funds, at the direction of the collector of the county or treasurer ex officio collector in counties with a township form of government, shall be deposited in the county collector's fund of a county or may be sent by mail to the collector of a county, or treasurer ex officio collector in counties with a township form of government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government, so as to exactly offset each homestead exemption credit being issued.

15. The department shall promulgate rules for implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void. Any rule promulgated by the department shall in no way impact, affect, interrupt, or interfere with the performance of the required statutory duties of any county elected official, more particularly including the county collector when performing such duties as deemed necessary for the distribution of any homestead appropriation and the distribution of all other real and personal property taxes.

16. In the event that an eligible owner dies or transfers ownership of the property after the homestead exemption limit has been set in any given year, but prior to January first of the year in which the credit would otherwise be applied, the credit shall be void and any corresponding moneys, pursuant to subsection 12 of this section, shall lapse to the state to be credited to the general revenue fund. In the event the collector of the county or the treasurer ex officio collector of the county in counties with a township form of

government determines prior to issuing the credit that the individual is not an eligible owner because the individual did not pay the prior three years' property tax liability in full, the credit shall be void and any corresponding moneys, under subsection 11 of this section, shall lapse to the state to be credited to the general revenue fund.

17. This section shall apply to all tax years beginning on or after January 1, 2005. This subsection shall become effective June 28, 2004.

18. [In accordance with the provisions of sections 23.250 to 23.298, RSMo, and unless otherwise authorized pursuant to section 23.253, RSMo:

(1) Any new program authorized under the provisions of this section shall automatically sunset six years after the effective date of this section; and

(2) This section shall terminate on September first of the year following the year in which any new program authorized under this section is sunset, and the revisor of statutes shall designate such sections and this section in a revision bill for repeal.] **Pursuant to section 23.253, RSMo, of the Missouri sunset act, the provisions of the program authorized under this section are hereby reauthorized and shall automatically sunset August 28, 2013.**"; and

Further amend said bill, Page 37, Section 246.310, Line 3, by inserting after all of said line the following:

"Section B. Because of the need to continue the tax relief currently provided for this state's senior citizens, the repeal and reenactment of section 137.106 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of section 137.106 of this act shall be in full force and effect upon its passage and approval."; and

Further amend the title and enacting clause accordingly.

**section.** Nonattendance by such child shall cause such parent, guardian or other responsible person to be in violation of the provisions of section 167.061, except as provided by this section. A parent, guardian or other person in this state having charge, control, or custody of a child between the ages of seven years of age and the compulsory attendance age for the district shall cause the child to attend regularly some public, private, parochial, parish, home school or a combination of such schools not less than the entire school term of the school which the child attends; except that:

# Journal of the Senate

## SECOND REGULAR SESSION

---

**SIXTY-SEVENTH DAY—TUESDAY, MAY 11, 2010**

---

The Senate met pursuant to adjournment.

Senator Clemens in the Chair.

Reverend Carl Gauck offered the following prayer:

“While praying, listen to the words very carefully. When your heart is attentive, your entire being enters your prayer without your having to force it.” (Rebbe Nachman of Breslov)

Heavenly Father, we know that with all the demands on us and time away from those we love, we are not as centered as we have need to be. Help us to pray and listen to those words and be centered in You. Help us to lovingly move among one another and work co-operatively one with the other so our decisions are helpful, and our bills accomplish precisely what You desire. In Your Holy Name we pray. Amen.

After hearing the evidence, the court shall enter its findings thereon.

#### SENATE AMENDMENT NO. 5

Amend Senate Committee Substitute for House Committee Substitute for House Bill No. 1316, Page 5, Section 55.190, Line 15, by inserting immediately after all of said line the following:

**“67.110. 1. Each political subdivision in the state, except counties and any political subdivision located at least partially within any county with a charter form of government or any political subdivision located at least partially within any city not within a county, shall fix its ad valorem property tax rates as provided in this section not later than September first for entry in the tax books. Each political subdivision located, at least partially, within a county with a charter form of government or within a city not within a county shall fix its ad valorem property tax rates as provided in this section not later than October first for entry**

in the tax books for each calendar year after December 31, 2008. Before the governing body of each political subdivision of the state, except counties, as defined in section 70.120, RSMo, fixes its rate of taxation, its budget officer shall present to its governing body the following information for each tax rate to be levied: the assessed valuation by category of real, personal and other tangible property in the political subdivision as entered in the tax book for the fiscal year for which the tax is to be levied, as provided by subsection 3 of section 137.245, RSMo, the assessed valuation by category of real, personal and other tangible property in the political subdivisions for the preceding taxable year, the amount of revenue required to be provided from the property tax as set forth in the annual budget adopted as provided by this chapter, and the tax rate proposed to be set. Should any political subdivision whose taxes are collected by the county collector of revenue fail to fix its ad valorem property tax rate by [September first] **the date provided under this section for such political subdivision**, then no tax rate other than the rate, if any, necessary to pay the interest and principal on any outstanding bonds shall be certified for that year.

2. The governing body shall hold at least one public hearing on the proposed rates of taxes at which citizens shall be heard prior to their approval. The governing body shall determine the time and place for such hearing. A notice stating the hour, date and place of the hearing shall be published in at least one newspaper qualified under the laws of the state of Missouri of general circulation in the county within which all or the largest portion of the political subdivision is situated, or such notice shall be posted in at least three public places within the political subdivision; except that, in any county of the first class having a charter form of government, such notice may be published in a newspaper of general circulation within the political subdivision even though such newspaper is not qualified under the laws of Missouri for other legal notices. Such notice shall be published or posted at least seven days prior to the date of the hearing. The notice shall include the assessed valuation by category of real, personal and other tangible property in the political subdivision for the fiscal year for which the tax is to be levied as provided by subsection 3 of section 137.245, RSMo, the assessed valuation by category of real, personal and other tangible property in the political subdivision for the preceding taxable year, for each rate to be levied the amount of revenue required to be provided from the property tax as set forth in the annual budget adopted as provided by this chapter, and the tax rates proposed to be set for the various purposes of taxation. The tax rates shall be calculated to produce substantially the same revenues as required in the annual budget adopted as provided in this chapter. Following the hearing the governing body of each political subdivision shall fix the rates of taxes, the same to be entered in the tax book. Failure of any taxpayer to appear at such hearing shall not prevent the taxpayer from pursuit of any other legal remedy otherwise available to the taxpayer. Nothing in this section absolves political subdivisions of responsibilities under section 137.073, RSMo, nor to adjust tax rates in event changes in assessed valuation occur that would alter the tax rate calculations.

3. Each political subdivision of the state shall fix its property tax rates in the manner provided in this section for each fiscal year which begins after December 31, 1976. New or increased tax rates for political subdivisions whose taxes are collected by the county collector approved by voters after September first of any year shall not be included in that year's tax levy except for any new tax rate ceiling approved pursuant to section 71.800, RSMo.

4. In addition to the information required under subsections 1 and 2 of this section, each political subdivision shall also include the increase in tax revenue due to an increase in assessed value as a result of new construction and improvement and the increase, both in dollar value and percentage, in tax revenue as a result of reassessment if the proposed tax rate is adopted.”; and

Further amend said bill, section 137.180, page 7, line 78, by inserting immediately after all of said line the following:

“137.243. 1. To determine the “projected tax liability” required by subsections 2 and 3 of section 137.180, subsection 2 of section 137.355, and subsection 2 of section 137.490, the assessor, on or before March first of each **odd-numbered** tax year, shall provide the clerk with the assessment book which for this purpose shall contain the real estate values for that year, the prior year’s state assessed values, and the prior year’s personal property values. On or before March fifteenth, the clerk shall make out an abstract of the assessment book showing the aggregate amounts of different kinds of real, personal, and other tangible property and the valuations of each for each political subdivision in the county, or in the city for any city not within a county, entitled to levy ad valorem taxes on property except for municipalities maintaining their own tax or assessment books. The governing body of each political subdivision or a person designated by the governing body shall use such information to informally project a nonbinding tax levy for that year and return such projected tax levy to the clerk no later than April eighth. The clerk shall forward such information to the collector who shall then calculate and, no later than April thirtieth, provide to the assessor the projected tax liability for each real estate parcel for which the assessor intends to mail a notice of increase pursuant to sections 137.180, 137.355, and 137.490.

2. Political subdivisions located at least partially within two or more counties, which are subject to divergent time requirements, shall comply with all requirements applicable to each such county and may utilize the most recent available information to satisfy such requirements.

3. Failure by an assessor to timely provide the assessment book or notice of increased assessed value, as provided in this section, may result in the state tax commission withholding all or a part of the moneys provided under section 137.720 and all state per-parcel reimbursement funds which would otherwise be made available to such assessor.

4. Failure by a political subdivision to provide the clerk with a projected tax levy in the time prescribed under this section shall result in a twenty percent reduction in such political subdivision’s tax rate for the tax year, unless such failure is a direct result of a delinquency in the provision of, or failure to provide, information required by this section by the assessor or the clerk. If a political subdivision fails to provide the projected tax rate as provided in this section, the clerk shall notify the state auditor who shall, within seven days of receiving such notice, estimate a nonbinding tax levy for such political subdivision and return such to the clerk. The clerk shall notify the state auditor of any applicable reduction to a political subdivision’s tax rate.

5. Any taxing district wholly within a county with a township form of government may, through a request submitted by the county clerk, request that the state auditor’s office estimate a nonbinding projected tax rate based on the information provided by the county clerk. The auditor’s office shall return the projected tax rate to the county clerk no later than April eighth.

6. The clerk shall deliver the abstract of the assessment book to each taxing district with a notice stating that their projected tax rates be returned to the clerk by April eighth.”; and

Further amend the title and enacting clause accordingly.

Senator Bray moved that the above amendment be adopted, which motion prevailed.

2. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be established in an area located within a county for which public and individual assistance has been requested by the governor pursuant to Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 et seq., for an emergency proclaimed by the governor pursuant to section 44.100, RSMo, due to a natural disaster of major proportions, if the area to be designated is blighted and sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency. One member of the board shall be appointed by other affected taxing districts. The remaining five members shall be chosen by the chief elected official of the county or municipality.

Of the five members appointed by the chief elected official, two shall have initial terms of four years, two shall have initial terms of three years, and one shall have an initial term of two years. Thereafter, members shall serve terms of five years. Each commissioner shall hold office until a successor has been appointed. All vacancies shall be filled in the same manner as the original appointment. For inefficiency or neglect of duty or misconduct in office, a member of the board may be removed by the applicable appointing authority.

3. A majority of the members shall constitute a quorum of such board for the purpose of conducting business and exercising the powers of the board and for all other purposes. Action may be taken by the board upon a vote of a majority of the members present.

4. The members of the board annually shall elect a chair from among the members.

**5. In the case of a certified site zone or a dormant manufacturing plant zone regarding which a finding of blight has been made as provided in subdivision (1) of subsection 1 of section 99.810, the commission created under section 99.820 may, at the sole option of the governing authority, supplant and replace the board established in accordance with subsection 1 of this section, and the composition and organization of such commission shall be in accordance with section 99.820. If the governing authority elects for such commission to serve in the capacity of the enhanced enterprise zone board instead of the board established in accordance with subsection 1 of this section, the commission shall fulfill the duties of the board established under subsection 6 of this section.**

**6. The role of the board or commission, as described in subsection 5 of this section, shall be to conduct the activities necessary to advise the governing authority on the designation of an enhanced enterprise zone and any other advisory duties as determined by the governing authority. 135.960. 1. Any governing authority that desires to have any portion of a city or unincorporated area of a county under its control designated as an enhanced enterprise zone shall hold a public hearing for the purpose of obtaining the opinion and suggestions of those persons who will be affected by such designation. The governing authority shall notify the director of such hearing at least thirty days prior thereto and shall publish notice of such hearing in a newspaper of general circulation in the area to be affected by such designation at least twenty days prior to the date of the hearing but not more than thirty days prior to such hearing. Such notice shall state the time, location, date, and purpose of the hearing. The director, or the director's designee, shall attend such hearing. **In the alternative, any governing authority that has made the necessary findings by ordinance to designate a certified site zone or a dormant manufacturing plant zone as a blighted area as contemplated under subdivision (1) of subsection 1 of section 99.820, prior to December 31, 2010, shall not be required to conduct an additional public hearing to establish the certified site zone or the dormant manufacturing plant zone as an enhanced enterprise zone so long as the governing authority notified the director of such hearing, at least thirty days prior thereto. Any governing authority that seeks to make the necessary finding to designate a certified site zone or**

**a dormant manufacturing plant zone as an enhanced enterprise zone after December 31, 2010, may do so under a public hearing required under sections 99.820 and 99.825 conducted by the commission, and such public hearing shall satisfy the public hearing requirement set forth in subsection 1 of this section so long as the governing authority shall notify the director of such hearing at least thirty days prior thereto.**

(1) A plan to provide adequate police protection within the area;

(2) A specific and practical process for individual businesses to obtain waivers from burdensome local regulations, ordinances, and orders which serve to discourage economic development within the area to be designated an enhanced enterprise zone, except that such waivers shall not substantially endanger the health or safety of the employees of any such business or the residents of the area;

(3) A description of what other specific actions will be taken to support and encourage private investment within the area;

(4) A plan to ensure that resources are available to assist area residents to participate in increased development through self-help efforts and in ameliorating any negative effects of designation of the area as an enhanced enterprise zone;

(5) A statement describing the projected positive and negative effects of designation of the area as an enhanced enterprise zone;

(6) A specific plan to provide assistance to any person or business dislocated as a result of activities within the enhanced enterprise zone. Such plan shall determine the need of dislocated persons for relocation assistance; provide, prior to displacement, information about the type, location, and price of comparable housing or commercial property; provide information concerning state and federal programs for relocation assistance and provide other advisory services to displaced persons. 3. An enhanced enterprise zone designation shall be effective upon such approval **or deemed approval** by the department and shall expire in twenty-five years. **Notwithstanding the requirement of subsection 2 of this section to the contrary, any certified site zone or dormant manufacturing plant zone that has been designated as a blighted or redevelopment area as contemplated under subdivision (1) of subsection 1 of section 99.820 by the governing body or any certified site zone or dormant manufacturing plant zone that has been otherwise designated as an enhanced enterprise zone by the governing authority under this section shall be deemed approved and designated as an enhanced enterprise zone without further approval of or additional action being taken by the department. Such approval of the department of the certified site zone or dormant manufacturing plant zone as an enhanced enterprise zone and the designation of the certified site zone or dormant manufacturing plant zone as an enhanced enterprise zone shall be deemed effective when the governing authority provides written notice to the department of its intent to establish such enhanced enterprise zone and**

**such notice is accompanied with a petition that includes all of the information required by subsection 2 of this section and, as applicable, an acknowledgment by the governing authority that the provisions of subdivision (7) of subsection 3 of section 137.115 shall apply to certain tangible personal property in such area.**

4. Each designated enhanced enterprise zone board shall report to the director on an annual basis regarding the status of the zone and business activity within the zone.

135.963. 1. Improvements made to real property as such term is defined in section 137.010, RSMo, which are made in an enhanced enterprise zone subsequent to the date such zone or expansion thereto was designated, may, upon approval of an authorizing resolution by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions. In addition to enhanced business enterprises, a speculative industrial or warehouse building constructed by a public entity or a private entity if the land is leased by a public entity may be subject to such exemption.

2. Such authorizing resolution shall specify the percent of the exemption to be granted, the duration of the exemption to be granted, and the political subdivisions to which such exemption is to apply and any other terms, conditions, or stipulations otherwise required. A copy of the resolution shall be provided to the director within thirty calendar days following adoption of the resolution by the governing authority.

3. No exemption shall be granted until the governing authority holds a public hearing for the purpose of obtaining the opinions and suggestions of residents of political subdivisions to be affected by the exemption from property taxes. The governing authority shall send, by certified mail, a notice of such hearing to each political subdivision in the area to be affected and shall publish notice of such hearing in a newspaper of general circulation in the area to be affected by the exemption at least twenty days prior to the hearing but not more than thirty days prior to the hearing. Such notice shall state the time, location, date, and purpose of the hearing.

4. Notwithstanding subsection 1 of this section, at least one-half of the ad valorem taxes otherwise imposed on subsequent improvements to real property located in an enhanced enterprise zone of enhanced business enterprises or speculative industrial or warehouse buildings as indicated in subsection 1 of this section shall become and remain exempt from assessment and payment of ad valorem taxes of any political subdivision of this state or municipality thereof for a period of not less than ten years following the date such improvements were assessed, provided the improved properties are used for enhanced business enterprises. The exemption for speculative buildings is subject to the approval of the governing authority for a period not to exceed two years if the building is owned by a private entity and five years if the building is owned or ground leased by a public entity. This shall not preclude the building receiving an exemption for the remaining time period established by the governing authority if it was occupied by an enhanced business enterprise. The two- and five-year time periods indicated for speculative buildings shall not be an addition to the local abatement time period for such facility.

5. No exemption shall be granted for a period more than twenty-five years following the date on which the original enhanced enterprise zone was designated **or deemed approved** by the department.

6. The provisions of subsection 1 of this section shall not apply to improvements made to real property begun prior to August 28, 2004.

7. The abatement referred to in this section shall not relieve the assessor or other responsible official

from ascertaining the amount of the equalized assessed value of all taxable property annually as required by section 99.855, 99.957, or 99.1042, RSMo, and shall not have the effect of reducing the payments in lieu of taxes referred to in subdivision (2) of subsection 1 of section 99.845, RSMo, subdivision (2) of subsection 3 of section 99.957, RSMo, or subdivision (2) of subsection 3 of section 99.1042, RSMo, unless such reduction is set forth in the plan approved by the governing body of the municipality pursuant to subdivision (1) of subsection 1 of section 99.820, section 99.942, or section 99.1027, RSMo.

**8. As applicable, before the provisions of subdivision (7) of subsection 3 of section 137.115 become effective in an enhanced enterprise zone, each local political subdivision that currently levies an ad valorem tax on tangible personal property within the boundaries of the enhanced enterprise zone shall adopt a resolution providing that the provisions of subdivision (7) of subsection 3 of section 137.115 shall apply to tangible personal property in such case.**

135.967. 1. A taxpayer who establishes a new business facility may, upon approval by the department, be allowed a credit, each tax year for up to ten tax years, in an amount determined as set forth in this section, against the tax imposed by chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo. No taxpayer shall receive multiple [ten-year] **five-year** periods for subsequent expansions at the same facility. **Notwithstanding the provisions of this subsection, the provisions of section 135.969 shall govern the issuance of tax credits for a new business facility in a certified site zone or dormant manufacturing plant zone approved and designated as an enhanced enterprise zone, except for the amount of tax credits to be issued with respect to such certified site zone or dormant manufacturing plant zone as provided in subsection 5 of this section.**

2. 3. No credit shall be issued pursuant to this section unless:

(1) The number of new business facility employees engaged or maintained in employment at the new business facility for the taxable year for which the credit is claimed equals or exceeds two; and

(2) The new business facility investment for the taxable year for which the credit is claimed equals or exceeds one hundred thousand dollars.

4. The annual amount of credits allowed for an approved enhanced business enterprise shall be the lesser of:

(2) [The sum calculated based upon] **An amount not to exceed the sum of** the following:

(a) [A credit of four hundred dollars for each new business facility employee employed within an enhanced enterprise zone;

(b) An additional credit of four hundred dollars for each new business facility employee who is a resident of an enhanced enterprise zone] **A tax credit up to five percent of the gross wages of each new business facility employee employed within the enhanced enterprise zone if the average wage of the new jobs of the enhanced business enterprise exceeds the county average wage, or if the average wage**

**is below the county average wage, up to three percent; and**

**(b) A tax credit up to one percent of new business facility investment within an enhanced enterprise zone made during the current taxable year if the average wage of the new jobs of the enhanced business enterprise exceeds the county average wage, or if the average wage is below the county average wage, up to one-half percent;**

(c) An additional credit of four hundred dollars for each new business facility employee who is paid by the enhanced business enterprise a wage that exceeds the average wage paid within the county in which the facility is located, as determined by the department; and

(d) A credit equal to two percent of new business facility investment within an enhanced enterprise zone.

5. Prior to January 1, 2007, in no event shall the department authorize more than four million dollars annually to be issued for all enhanced business enterprises. After December 31, 2006, in no event shall the department authorize more than twenty-four million dollars annually to be issued for all enhanced business enterprises **including any such enhanced business enterprises located in certified site zones or dormant manufacturing plant zones under section 135.969.**

6. If a facility, which does not constitute a new business facility, is expanded by the taxpayer, the expansion shall be considered eligible for the credit allowed by this section if:

(1) The taxpayer's new business facility investment in the expansion during the tax period in which the credits allowed in this section are claimed exceeds one hundred thousand dollars and if the number of new business facility employees engaged or maintained in employment at the expansion facility for the taxable year for which credit is claimed equals or exceeds two, and the total number of employees at the facility after the expansion is at least two greater than the total number of employees before the expansion; and

(2) The taxpayer's investment in the expansion and in the original facility prior to expansion shall be determined in the manner provided in subdivision [(19)] **(22)** of section 135.950.

7. The number of new business facility employees during any taxable year shall be determined by dividing by twelve the sum of the number of individuals employed on the last business day of each month of such taxable year. If the new business facility is in operation for less than the entire taxable year, the number of new business facility employees shall be determined by dividing the sum of the number of individuals employed on the last business day of each full calendar month during the portion of such taxable year during which the new business facility was in operation by the number of full calendar months during such period. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility under subsection 6 of this section, and in the case of a new business facility which satisfies the requirements of paragraph (c) of subdivision [(17)] **(20)** of section 135.950, or subdivision [(25)] **(28)** of section 135.950, the number of new business facility employees at such facility shall be reduced by the average number of individuals employed, computed as provided in this subsection, at the facility during the taxable year immediately preceding the taxable year in which such expansion, acquisition, or replacement occurred and shall further be reduced by the number of individuals employed by the taxpayer or related taxpayer that was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation, or the establishment of a new facility.

8. In the case where a new business facility employee who is a resident of an enhanced enterprise zone

for less than a twelve-month period is employed for less than a twelve-month period, the credits allowed by paragraph (b) of subdivision (2) of subsection 4 of this section shall be determined by multiplying four hundred dollars by a fraction, the numerator of which is the number of calendar days during the taxpayer's tax year for which such credits are claimed, in which the employee was a resident of an enhanced enterprise zone, and the denominator of which is three hundred sixty-five.

9. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility pursuant to subsection 6 of this section, and in the case of a new business facility which satisfies the requirements of paragraph (c) of subdivision [(17)] **(20)** of section 135.950 or subdivision [(25)] **(28)** of section 135.950, the amount of the taxpayer's new business facility investment in such facility shall be reduced by the average amount, computed as provided in subdivision [(19)] **(22)** of section 135.950 for new business facility investment, of the investment of the taxpayer, or related taxpayer immediately preceding such expansion or replacement or at the time of acquisition. Furthermore, the amount of the taxpayer's new business facility investment shall also be reduced by the amount of investment employed by the taxpayer or related taxpayer which was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation, or the establishment of a new facility.

10. For a taxpayer with flow-through tax treatment to its members, partners, or shareholders, the credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the taxpayer's tax period.

11. Credits may not be carried forward but shall be claimed for the taxable year during which commencement of commercial operations occurs at such new business facility, and for each of the nine succeeding taxable years for which the credit is issued.

12. Certificates of tax credit authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. The sale price cannot be less than seventy-five percent of the par value of such credits.

13. The director of revenue shall issue a refund to the taxpayer to the extent that the amount of credits allowed in this section exceeds the amount of the taxpayer's income tax.

14. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that the amount of credits issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department, and that department shall update the amount of outstanding delinquent tax owed by the

applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

**135.969. 1. A taxpayer who establishes a new business facility in a certified site zone or a dormant manufacturing plant zone approved or designated as an enhanced enterprise zone shall receive a tax credit each tax year for five tax years, in an amount determined as set forth in this section, against the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265. No taxpayer shall receive multiple five-year periods for subsequent expansions at the same facility.**

**2. Notwithstanding any provision of law to the contrary, any taxpayer who establishes a new business facility in a certified site zone or dormant manufacturing plant zone approved or designated as an enhanced enterprise zone and accepts state tax credits under this section shall not also receive tax credits or other benefits for the same new jobs under sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, section 135.967, or sections 620.1875 to 620.1890 unless such benefits are determined to be necessary by the department.**

**3. The taxpayer shall be entitled to receive the tax credit upon satisfaction of one of the following criteria:**

**(1) The number of new business facility employees engaged or maintained in employment at the new business facility for the taxable year for which the credit is claimed equals or exceeds nine; or**

**(2) The new business facility investment for the taxable year for which the credit is claimed equals or exceeds five hundred thousand dollars.**

**4. The annual amount of tax credits to be issued for an enhanced business enterprise located in a certified site zone or dormant manufacturing plant zone shall be equal to the lesser of:**

**(1) The annual amount of projected state economic benefit for such enhanced business enterprise, as determined by the department; or**

**(2) An annual amount equal to the sum of the following:**

**(a) A tax credit equal to seven percent of the gross wages of each new business facility employee employed within the enhanced enterprise zone if the average wage of the new jobs of the enhanced business enterprise exceeds the county average wage, or if the average wage is below the county average wage, equal to four percent; and**

**(b) A tax credit equal to two percent of new business facility investment within an enhanced enterprise zone if the average wage of the new jobs of the enhanced business enterprise exceeds the county average wage, or if the average wage is below the county average wage, equal to one percent.**

**5. As set forth in section 135.967, up to twenty-four million dollars of tax credits shall be authorized annually for issuance of tax credits for all enhanced enterprise zones, including any tax credits issued with respect to certified site zones and dormant manufacturing plant zones, of which ten million shall be used exclusively for tax credits attributable to taxpayers in accordance with this section who establish new business facilities in a certified site zone qualified as such under subdivision (4) of section 135.950, provided that for calendar years 2010 and 2011, the ten million dollar limitation may be reduced to equal the balance of tax credits available under the entire program if, as of August 28, 2010, the department has made irrevocable allocations to qualified applicants for tax credits under section 135.967 such that the total of all available tax credit capacity of this program is less than ten**

million dollars. Beginning January 1, 2011, if no such taxpayer or taxpayers have applied for tax credits attributable to new business facilities in a certified site zone qualified as such under subdivision (4) of section 135.950 by November fifteenth of each calendar year for the entire ten million dollars, or such lesser amount as computed for calendar years 2010 and 2011, any remaining tax credits for which an application has not been made will be available for issuance for all enhanced enterprise zones for that calendar year. If a new business facility investment in a certified site zone qualified as such under subdivision (4) of section 135.950 qualifies the taxpayer for tax credits under subsection 4 of this section, in excess of the available annual authorization limit set forth in this subsection, the taxpayer may carry such excess new business facility investment amount forward to subsequent years and such excess shall be treated as a new business facility investment for such later taxable years until the taxpayer has received issuance of all tax credits authorized under this section, and, for each such taxable year, the taxpayer shall receive such tax credits on a pro rata basis with other applicants for the tax credits if there are other applicants.

6. If a facility, which does not constitute a new business facility, is expanded by the taxpayer, the expansion shall be considered eligible for the credit allowed by this section if:

(1) The taxpayer's new business facility investment in the expansion during the tax period in which the credits allowed in this section are claimed exceeds five hundred thousand dollars and if the number of new business facility employees engaged or maintained in employment at the expansion facility for the taxable year for which credit is claimed equals or exceeds two, and the total number of employees at the facility after the expansion is at least two greater than the total number of employees before the expansion; and

(2) The taxpayer's investment in the expansion and in the original facility prior to expansion shall be determined in the manner provided in subdivision (22) of section 135.950.

7. The number of new business facility employees during any taxable year shall be determined by dividing by twelve the sum of the number of individuals employed on the last business day of each month of such taxable year. If the new business facility is in operation for less than the entire taxable year, the number of new business facility employees shall be determined by dividing the sum of the number of individuals employed on the last business day of each full calendar month during the portion of such taxable year during which the new business facility was in operation by the number of full calendar months during such period. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility under subsection 6 of this section, and in the case of a new business facility which satisfies the requirements of paragraph (c) of subdivision (20) or (28) of section 135.950, the number of new business facility employees at such facility shall be reduced by the average number of individuals employed, computed as provided in this subsection, at the facility during the taxable year immediately preceding the taxable year in which such expansion, acquisition, or replacement occurred and shall further be reduced by the number of individuals employed by the taxpayer or related taxpayer that was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation, or the establishment of a new facility.

8. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility under subsection 6 of this section, and in the case of a new business

facility which satisfies the requirements of paragraph (c) of subdivision (20) or (28) of section 135.950, the amount of the taxpayer's new business facility investment in such facility shall be reduced by the average amount, computed as provided in subdivision (22) of section 135.950 for new business facility investment, of the investment of the taxpayer, or related taxpayer immediately preceding such expansion or replacement or at the time of acquisition. Furthermore, the amount of the taxpayer's new business facility investment shall also be reduced by the amount of investment employed by the taxpayer or related taxpayer which was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation, or the establishment of a new facility.

9. For a taxpayer with flow-through tax treatment to its members, partners, or shareholders, the credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the taxpayer's tax period.

10. Except as allowed in subsection 5 of this section, credits may not be carried forward but shall be claimed for the taxable year during which commencement of commercial operations occurs at such new business facility, and for each of the nine succeeding taxable years for which the credit is issued.

11. Certificates of tax credit authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. The sale price cannot be less than seventy-five percent of the par value of such credits.

12. The director of revenue shall issue a refund to the taxpayer to the extent that the amount of credits allowed in this section exceeds the amount of the taxpayer's income tax.

13. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that the amount of credits issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department, and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in

subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

- (1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and
- (2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:
  - (a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; [and]

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent; **and**

**(7) In any county of the first classification with more than one hundred thirty-five thousand four hundred but fewer than one hundred thirty-five thousand five hundred inhabitants, tools, telecommunications equipment, power production and transmission machinery and equipment, data processing machinery and equipment, and other machinery and equipment that is used in an enhanced enterprise zone designated as such a zone for a certified site zone as defined in subdivision (4) of section 135.950, one-half of one percent.**

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(1) For real property in subclass (1), nineteen percent;

(2) For real property in subclass (2), twelve percent; and

(3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation.

The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

16. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 15 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.”; and

Further amend said bill, Page 27, Section 140.420, Line 11, by inserting after all of said line the following:

“144.054. 1. As used in this section, the following terms mean:

(3) All sales at retail of tangible personal property and materials for the purpose of constructing, repairing, or remodeling any new data storage center or server farm facility.

3. Any data storage center and server farm facility project seeking a tax exemption under subsection 2 of this section shall submit a project plan to the department of economic development, including identifying each known constructing taxpayer and each known operating taxpayer for the project. The department of economic development shall determine whether the project is eligible for the exemption under subsection 2 of this section conditional upon subsequent verification by the department that the project meets the requirement in paragraph (d) of subdivision (8) of subsection 1 of this section of at least five million dollars of new facility investment over a time period not to exceed thirty-six consecutive months. The department of economic development shall convey such conditional approval to the department of revenue and the identified project taxpayers. After a conditionally approved new facility project has met the investment amount, the project taxpayers shall provide proof of such investment to the department of economic development. Upon verification of such proof, the department of economic development shall certify the project to the department of revenue as being eligible for the exemption dating retroactively to the first day of the thirty-six month period or the first day of the new investment in the event the investment is met in less than

thirty-six months. The department of revenue, upon receipt of adequate proof of the amount of sales taxes paid since the first day of the thirty-six month period, or the first day of the new investment in the event the investment is met in less than thirty-six months, shall issue a refund of sales taxes paid as set forth in this section to each operating taxpayer and each constructing taxpayer and issue a certificate of exemption to each new project taxpayer for ongoing exemptions under subdivisions (1), (2), and (3) of subsection 2 of this section.

4. Beginning August 28, 2010, in addition to the exemptions granted under this chapter, there shall also be specifically exempted from state and local sales and use taxes defined, levied, or calculated under section 32.085, sections 144.010 to 144.525, sections 144.600 to 144.761, or section 238.235:

(1) All electrical energy, gas, water, and other utilities including telecommunication services used in an expanding data storage center or server farm facility which, on an annual basis, exceeds the amount of electrical energy, gas, water, and other utilities including telecommunication services used in the existing facility or the replaced facility prior to the expansion. Amount shall be measured in kilowatt hours, gallons, cubic feet or other measures applicable to a utility service as opposed to in dollars, to account for increases in rates;

(2) All machinery, equipment, and computers used in any expanding data storage center or server farm facility, the cost of which, on an annual basis, exceeds the average of the previous three years' expenditures on machinery, equipment, and computers at the existing facility or the replaced facility prior to the expansion. Existing facilities or replaced facilities in existence for less than three years shall have the average expenditures calculated based upon the applicable time of existence; and

(3) All sales at retail of the tangible personal property and materials for the purpose of constructing, repairing, or remodeling any expanding data storage center or server farm facility.

5. Any data storage center and server farm facility project seeking a tax exemption under subsection 4 of this section shall submit an expanding project plan to the department of economic development, including identifying each known constructing taxpayer and each known operating taxpayer for the project. The project applicants shall also provide proof satisfactory to the department of economic development that the facility is an expanding facility and has net new investment related to the expansion of operations in this state of at least one million dollars during a time period not to exceed twelve consecutive months. Upon verification of such proof, the department of economic development shall certify the project to the department of revenue as being eligible for the exemption. The department of revenue shall issue a certificate of exemption to each expanding project taxpayer for ongoing exemptions under subdivisions (1), (2) and (3) of subsection 4 of this section.

6. The sales tax exemptions in subsections 2 and 4 of this section shall be tied to the new or expanding facility project. A certificate of exemption in the hands of a taxpayer that is no longer an operating or constructing taxpayer of the new or expanding facility project shall be invalid as of the date the taxpayer was no longer an operating or constructing taxpayer of the new or expanding facility project. New certificates of exemption shall be issued to successor constructing taxpayers and operating taxpayers at such new or expanding facility projects. The right to the exemption by successor taxpayers shall exist without regard to subsequent levels of investment in the new or expanding facility by successor taxpayers.

7. The department of economic development and the department of revenue shall cooperate in

conducting random audits to make certain the intent of this section is followed.

**8. The department of economic development and the department of revenue shall jointly prescribe such rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.”; and**

SENATE AMENDMENT NO. 1

Amend Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute No. 2 for House Bill No. 1543, Page 37, Section 167.117, Line 20 of said page, by inserting after all of said line the following:

“168.221. 1. The first five years of employment of all teachers entering the employment of the metropolitan school district shall be deemed a period of probation during which period all appointments of teachers shall expire at the end of each school year. During the probationary period any probationary teacher whose work is unsatisfactory shall be furnished by the superintendent of schools with a written statement setting forth the nature of his incompetency. If improvement satisfactory to the superintendent is not made within one semester after the receipt of the statement, the probationary teacher shall be dismissed. The semester granted the probationary teacher in which to improve shall not in any case be a means of prolonging the probationary period beyond five years and six months from the date on which the teacher entered the employ of the board of education. The superintendent of schools on or before the fifteenth day of April in each year shall notify probationary teachers who will not be retained by the school district of the termination of their services. Any probationary teacher who is not so notified shall be deemed to have been appointed for the next school year. Any principal who prior to becoming a principal had attained permanent employee status as a teacher shall upon ceasing to be a principal have a right to resume his or her permanent teacher position with the time served as a principal being treated as if such time had been served as a teacher for the purpose of calculating seniority and pay scale. The rights and duties and remuneration of a teacher who was formerly a principal shall be the same as any other teacher with the same level of qualifications and time of service.

2. After completion of satisfactory probationary services, appointments of teachers shall become permanent, subject to removal for any one or more causes herein described and to the right of the board to terminate the services of all who attain the age of compulsory retirement fixed by the retirement system. In determining the duration of the probationary period of employment in this section specified, the time of service rendered as a substitute teacher shall not be included.

3. No teacher whose appointment has become permanent may be removed except for one or more of

the following causes: immorality, inefficiency in line of duty, violation of the published regulations of the school district, violation of the laws of Missouri governing the public schools of the state, or physical or mental condition which incapacitates him for instructing or associating with children, and then only by a vote of not less than a majority of all the members of the board, upon written charges presented by the superintendent of schools, to be heard by the board after thirty days' notice, with copy of the charges served upon the person against whom they are preferred, who shall have the privilege of being present **at the hearing**, together with counsel, offering evidence and making defense thereto. Notifications received by an employee during a vacation period shall be considered as received on the first day of the school term following. At the request of any person so charged the hearing shall be public. **During any time in which powers granted to the district's board of education are vested in a special administrative board, the special administrative board may appoint a hearing officer to conduct the hearing. The hearing officer shall conduct the hearing as a contested case under chapter 536 and shall issue a written recommendation to the board rendering the charges against the teacher. The board shall render a decision on the charges upon the review of the hearing officer's recommendations and the record from the hearing.** The action and decision of the board upon the charges shall be final. Pending the hearing of the charges, the person charged may be suspended if the rules of the board so prescribe, but in the event the board does not by a majority vote of all the members remove the teacher upon charges presented by the superintendent, the person shall not suffer any loss of salary by reason of the suspension. Inefficiency in line of duty is cause for dismissal only after the teacher has been notified in writing at least one semester prior to the presentment of charges against him by the superintendent. The notification shall specify the nature of the inefficiency with such particularity as to enable the teacher to be informed of the nature of his inefficiency.

4. No teacher whose appointment has become permanent shall be demoted nor shall his salary be reduced unless the same procedure is followed as herein stated for the removal of the teacher because of inefficiency in line of duty, and any teacher whose salary is reduced or who is demoted may waive the presentment of charges against him by the superintendent and a hearing thereon by the board. The foregoing provision shall apply only to permanent teachers prior to the compulsory retirement age under the retirement system. Nothing herein contained shall in any way restrict or limit the power of the board of education to make reductions in the number of teachers or principals, or both, because of insufficient funds, decrease in pupil enrollment, or abolition of particular subjects or courses of instruction, except that the abolition of particular subjects or courses of instruction shall not cause those teachers who have been teaching the subjects or giving the courses of instruction to be placed on leave of absence as herein provided who are qualified to teach other subjects or courses of instruction, if positions are available for the teachers in the other subjects or courses of instruction.

5. Whenever it is necessary to decrease the number of teachers because of insufficient funds or a substantial decrease of pupil population within the school district, the board of education upon recommendation of the superintendent of schools may cause the necessary number of teachers beginning with those serving probationary periods to be placed on leave of absence without pay, but only in the inverse order of their appointment. Nothing herein stated shall prevent a readjustment by the board of education of existing salary schedules. No teacher placed on a leave of absence shall be precluded from securing other employment during the period of the leave of absence. Each teacher placed on leave of absence shall be reinstated in inverse order of his placement on leave of absence. Such reemployment shall not result in a loss of status or credit for previous years of service. No new appointments shall be made while there are available teachers on leave of absence who are seventy years of age or less and who are adequately qualified

to fill the vacancy unless the teachers fail to advise the superintendent of schools within thirty days from the date of notification by the superintendent of schools that positions are available to them that they will return to employment and will assume the duties of the position to which appointed not later than the beginning of the school year next following the date of the notice by the superintendent of schools.

6. If any regulation which deals with the promotion of teachers is amended by increasing the qualifications necessary to be met before a teacher is eligible for promotion, the amendment shall fix an effective date which shall allow a reasonable length of time within which teachers may become qualified for promotion under the regulations.

7. A teacher whose appointment has become permanent may give up the right to a permanent appointment to participate in the teacher choice compensation package under sections 168.745 to 168.750.”; and

Further amend the title and enacting clause accordingly.

Senator Wright-Jones moved that the above amendment be adopted, which motion prevailed.

**(12) To take whatever actions necessary to participate in and administer a clean energy conduit financing or a property assessed clean energy program.**

**3. No later than July first of each year, the clean energy development board shall file with each municipality that participated in the formation of the clean energy development board, an annual report for the preceding calendar year that includes:**

**(1) A brief description of each project financed by the clean energy development board during the preceding calendar year;**

**(2) The amount of assessments due and the amount collected during the preceding calendar year;**

**(3) The amount of clean energy development board administrative costs incurred during the preceding calendar year;**

**(4) The estimated cumulative energy savings resulting from all energy efficiency improvements financed during the preceding calendar year; and**

**(5) The estimated cumulative energy produced by all renewable energy improvements financed during the preceding calendar year.**

**4. No lawsuit to set aside the formation of a clean energy development board or to otherwise question the proceedings related thereto shall be brought after the expiration of sixty days from the effective date of the ordinance or order creating the clean energy development board. No lawsuit to set aside the approval of a project, an assessment contract, or a special assessment levied by a clean energy development board, or to otherwise question the proceedings related thereto shall be brought after the expiration of sixty days from the date that the assessment contract is executed.**

**67.2815. 1. A clean energy development board shall not enter into an assessment contract or levy or collect a special assessment for a project without making a finding that there are sufficient resources to complete the project and that the estimated economic benefit expected from the project during the financing period is equal to or greater than the cost of the project.**

**2. An assessment contract shall be executed by the clean energy development board and the benefitted property owner or property owners and shall provide:**

**(1) A description of the project, including the estimated cost of the project and details on how the project will either reduce energy consumption or create energy from renewable sources;**

**(2) A mechanism for:**

(a) Verifying the final costs of the project upon its completion; and

(b) Ensuring that any amounts advanced or otherwise paid by the clean energy development board toward costs of the project will not exceed the final cost of the project;

(3) An acknowledgment by the property owner that the property owner has received or will receive a special benefit by financing a project through the clean energy development board that equals or exceeds the total assessments due under the assessment contract;

(4) An agreement by the property owner to pay annual special assessments for a period not to exceed twenty years, as specified in the assessment contract;

(5) A distribution of assessment amounts among all parcels of real property subject to the assessment contract;

(6) A statement that the obligations set forth in the assessment contract, including the obligation to pay annual special assessments, are a covenant that shall run with the land and be obligations upon future owners of such property; and

(7) An acknowledgment that no subdivision of property subject to the assessment contract shall be valid unless the assessment contract or an amendment thereof divides the total annual special assessment due between the newly subdivided parcels pro rata to the special benefit realized by each subdivided parcel.

3. The total special assessments levied against a property under an assessment contract shall not exceed the sum of the cost of the project, including any required energy audits and inspections, or portion thereof financed through the participation in a property assessed clean energy program or clean energy conduit financing, including the costs of any audits or inspections required by the clean energy development board, plus such administration fees, interest, and other financing costs reasonably required by the clean energy development board.

4. The clean energy development board shall provide a copy of each signed assessment contract to the local county assessor and county collector and shall cause a copy of such assessment contract to be recorded in the real estate records of the county recorder of deeds.

5. Special assessments agreed to under an assessment contract shall be a lien on the property against which it is assessed on behalf of the applicable clean energy development board from the date that each annual assessment under the assessment contract becomes due. Such special assessments shall be collected by the county collector in the same manner and with the same priority as ad valorem real property taxes. Once collected, the county collector shall pay over such special assessment revenues to the clean energy development board in the same manner in which revenues from ad valorem real property taxes are paid to other taxing districts. Such special assessments shall be collected as provided in this subsection from all subsequent property owners, including the state and all political subdivisions thereof, for the term of the assessment contract.

6. Any clean energy development board that contracts for outside administrative services to provide financing origination for a project shall offer the right of first refusal to enter into such a contract to a federally insured depository institution with a physical presence in Missouri upon the same terms and conditions as would otherwise be approved by the clean energy development board. Such right of first refusal shall not be applicable to the origination of any transaction that involves

the issuance of bonds by the clean energy development board.

**67.2820. 1.** Any clean energy development board may establish a property assessed clean energy program to finance energy efficiency improvements or renewable energy improvements. A property assessed clean energy program shall consist of a program whereby a property owner may apply to a clean energy development board to finance the costs of a project through annual special assessments levied under an assessment contract.

**2.** A clean energy development board may establish application requirements and criteria for project financing approval as it deems necessary to effectively administer such program and ration available funding among projects, including but not limited to requiring projects to meet certain energy efficiency standards.

SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 2205, Page 4, Section 208.183, Line 11, by inserting after all of said line the following:

“208.215. 1. MO HealthNet is payer of last resort unless otherwise specified by law. When any person, corporation, institution, public agency or private agency is liable, either pursuant to contract or otherwise, to a participant receiving public assistance on account of personal injury to or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled, payments made by the department of social services or MO HealthNet division shall be a debt due the state and recoverable from the liable party or participant for all payments made [in] **on** behalf of the participant and the debt due the state shall not exceed the payments made from MO HealthNet benefits provided under sections 208.151 to 208.158 and section 208.162 and section 208.204 on behalf of the participant, minor or estate for payments on account of the injury, disease, or disability or benefits arising from a health insurance program to which the participant may be entitled. **Any health benefit plan as defined in section 376.1350, third party administrator, administrative service organization, and pharmacy benefits manager, shall process and pay all properly submitted medical assistance subrogation claims or MO HealthNet subrogation claims using standard electronic transactions or paper claim forms:**

**(1) For a period of three years from the date services were provided or rendered; however, an entity:**

**(a) Shall not be required to reimburse for items or services which are not covered under MO HealthNet;**

**(b) Shall not deny a claim submitted by the state solely on the basis of the date of submission of**

**the claim, the type or format of the claim form, failure to present proper documentation of coverage at the point of sale, or failure to provide prior authorization;**

**(c) Shall not be required to reimburse for items or services for which a claim was previously submitted to the health benefit plan, third party administrator, administrative service organization, or pharmacy benefits manager by the health care provider or the participant and the claim was properly denied by the health benefit plan, third party administrator, administrative service organization, or pharmacy benefits manager for procedural reasons, except for timely filing, type or format of the claim form, failure to present proper documentation of coverage at the point of sale, or failure to obtain prior authorization;**

**(d) Shall not be required to reimburse for items or services which are not covered under or were not covered under the plan offered by the entity against which a claim for subrogation has been filed; and**

**(e) Shall reimburse for items or services to the same extent that the entity would have been liable as if it had been properly billed at the point of sale, and the amount due is limited to what the entity would have paid as if it had been properly billed at the point of sale; and**

**(2) If any action by the state to enforce its rights with respect to such claim is commenced within six years of the state's submission of such claim.**

2. The department of social services, MO HealthNet division, or its contractor may maintain an appropriate action to recover funds paid by the department of social services or MO HealthNet division or its contractor that are due under this section in the name of the state of Missouri against the person, corporation, institution, public agency, or private agency liable to the participant, minor or estate.

3. Any participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death who pursues legal rights against a person, corporation, institution, public agency, or private agency liable to that participant or minor for injuries, disease or disability or benefits arising from a health insurance plan to which the participant may be entitled as outlined in subsection 1 of this section shall upon actual knowledge that the department of social services or MO HealthNet division has paid MO HealthNet benefits as defined by this chapter promptly notify the MO HealthNet division as to the pursuit of such legal rights.

4. Every applicant or participant by application assigns his right to the department of social services or MO HealthNet division of any funds recovered or expected to be recovered to the extent provided for in this section. All applicants and participants, including a person authorized by the probate code, shall cooperate with the department of social services, MO HealthNet division in identifying and providing information to assist the state in pursuing any third party who may be liable to pay for care and services available under the state's plan for MO HealthNet benefits as provided in sections 208.151 to 208.159 and sections 208.162 and 208.204. All applicants and participants shall cooperate with the agency in obtaining third-party resources due to the applicant, participant, or child for whom assistance is claimed. Failure to cooperate without good cause as determined by the department of social services, MO HealthNet division in accordance with federally prescribed standards shall render the applicant or participant ineligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204. A [recipient] **participant** who has notice or who has actual knowledge of the department's rights to third-party benefits who receives any third-party benefit or proceeds for a covered illness or injury is either required to pay the division within sixty days after receipt of settlement proceeds the full amount of the third-party benefits up

to the total MO HealthNet benefits provided or to place the full amount of the third-party benefits in a trust account for the benefit of the division pending judicial or administrative determination of the division's right to third-party benefits.

5. Every person, corporation or partnership who acts for or on behalf of a person who is or was eligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204 for purposes of pursuing the applicant's or participant's claim which accrued as a result of a nonoccupational or nonwork-related incident or occurrence resulting in the payment of MO HealthNet benefits shall notify the MO HealthNet division upon agreeing to assist such person and further shall notify the MO HealthNet division of any institution of a proceeding, settlement or the results of the pursuit of the claim and give thirty days' notice before any judgment, award, or settlement may be satisfied in any action or any claim by the applicant or participant to recover damages for such injuries, disease, or disability, or benefits arising from a health insurance program to which the participant may be entitled.

6. Every participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death, or his attorney or legal representative shall promptly notify the MO HealthNet division of any recovery from a third party and shall immediately reimburse the department of social services, MO HealthNet division, or its contractor from the proceeds of any settlement, judgment, or other recovery in any action or claim initiated against any such third party. A judgment, award, or settlement in an action by a [recipient] **participant** to recover damages for injuries or other third-party benefits in which the division has an interest may not be satisfied without first giving the division notice and a reasonable opportunity to file and satisfy the claim or proceed with any action as otherwise permitted by law.

7. The department of social services, MO HealthNet division or its contractor shall have a right to recover the amount of payments made to a provider under this chapter because of an injury, disease, or disability, or benefits arising from a health insurance plan to which the participant may be entitled for which a third party is or may be liable in contract, tort or otherwise under law or equity. Upon request by the MO HealthNet division, all third-party payers shall provide the MO HealthNet division with information contained in a 270/271 Health Care Eligibility Benefits Inquiry and Response standard transaction mandated under the federal Health Insurance Portability and Accountability Act, except that third-party payers shall not include accident-only, specified disease, disability income, hospital indemnity, or other fixed indemnity insurance policies.

8. The department of social services or MO HealthNet division shall have a lien upon any moneys to be paid by any insurance company or similar business enterprise, person, corporation, institution, public agency or private agency in settlement or satisfaction of a judgment on any claim for injuries or disability or disease benefits arising from a health insurance program to which the participant may be entitled which resulted in medical expenses for which the department or MO HealthNet division made payment. This lien shall also be applicable to any moneys which may come into the possession of any attorney who is handling the claim for injuries, or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled which resulted in payments made by the department or MO HealthNet division. In each case, a lien notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or participant has a claim, demand or cause of action. The lien shall claim the charge and describe the interest the department or MO HealthNet division has in the claim, demand or cause of action. The lien shall attach to any verdict or judgment entered and to any money or property which may be recovered on account of such claim, demand, cause of action or suit from and after the time of the service

of the notice.

9. On petition filed by the department, or by the participant, or by the defendant, the court, on written notice of all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either before or after a verdict, and nothing in this section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the department has charge. The court may determine what portion of the recovery shall be paid to the department against the recovery. In making this determination the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

(1) The amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the participant incident to the recovery; and whether the department should, as a matter of fairness and equity, bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;

(2) The amount, if any, of the attorney's fees and other costs incurred by the participant incident to the recovery and paid by the participant up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;

(3) The total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the participant, by insurance provided by the participant, and by the department, and the amount of such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;

(4) Whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the participant;

(5) The age of the participant and of persons dependent for support upon the participant, the nature and permanency of the participant's injuries as they affect not only the future employability and education of the participant but also the reasonably necessary and foreseeable future material, maintenance, medical rehabilitative and training needs of the participant, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;

(6) The realistic ability of the participant to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

10. The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction. **The computerized records of the MO HealthNet division, certified by the director or his designee, shall be prima facie evidence of proof of moneys expended and the amount of the debt due the state.**

11. The court may reduce and apportion the department's or MO HealthNet division's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs,

physician costs, and all other appropriate costs. The department or MO HealthNet division shall pay its pro rata share of the attorney's fees based on the department's or MO HealthNet division's lien as it compares to the total settlement agreed upon. This section shall not affect the priority of an attorney's lien under section 484.140, RSMo. The charges of the department or MO HealthNet division or contractor described in this section, however, shall take priority over all other liens and charges existing under the laws of the state of Missouri with the exception of the attorney's lien under such statute.

12. Whenever the department of social services or MO HealthNet division has a statutory charge under this section against a recovery for damages incurred by a participant because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, [irrespective] **regardless** of whether [or not] an action based on participant's claim has been filed in court. Nothing herein shall prohibit the director from entering into a compromise agreement with any participant, after consideration of the factors in subsections 9 to 13 of this section.

13. This section shall be inapplicable to any claim, demand or cause of action arising under the workers' compensation act, chapter 287, RSMo. From funds recovered pursuant to this section the federal government shall be paid a portion thereof equal to the proportionate part originally provided by the federal government to pay for MO HealthNet benefits to the participant or minor involved. The department or MO HealthNet division shall enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on permanently institutionalized individuals. The department or MO HealthNet division shall have the right to enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on all other institutionalized individuals. For the purposes of this subsection, "permanently institutionalized individuals" includes those people who the department or MO HealthNet division determines cannot reasonably be expected to be discharged and return home, and "property" includes the homestead and all other personal and real property in which the participant has sole legal interest or a legal interest based upon co-ownership of the property which is the result of a transfer of property for less than the fair market value within thirty months prior to the participant's entering the nursing facility. The following provisions shall apply to such liens:

(1) The lien shall be for the debt due the state for MO HealthNet benefits paid or to be paid on behalf of a participant. The amount of the lien shall be for the full amount due the state at the time the lien is enforced;

(2) The MO HealthNet division shall file for record, with the recorder of deeds of the county in which any real property of the participant is situated, a written notice of the lien. The notice of lien shall contain the name of the participant and a description of the real estate. The recorder shall note the time of receiving such notice, and shall record and index the notice of lien in the same manner as deeds of real estate are required to be recorded and indexed. The director or the director's designee may release or discharge all or part of the lien and notice of the release shall also be filed with the recorder. The department of social services, MO HealthNet division, shall provide payment to the recorder of deeds the fees set for similar filings in connection with the filing of a lien and any other necessary documents;

(3) No such lien may be imposed against the property of any individual prior to the individual's death on account of MO HealthNet benefits paid except:

(a) In the case of the real property of an individual:

a. Who is an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, if such individual is required, as a condition of receiving services in such institution,

to spend for costs of medical care all but a minimal amount of his or her income required for personal needs; and

b. With respect to whom the director of the MO HealthNet division or the director's designee determines, after notice and opportunity for hearing, that he cannot reasonably be expected to be discharged from the medical institution and to return home. The hearing, if requested, shall proceed under the provisions of chapter 536, RSMo, before a hearing officer designated by the director of the MO HealthNet division; or

(b) Pursuant to the judgment of a court on account of benefits incorrectly paid on behalf of such individual;

(4) No lien may be imposed under paragraph (b) of subdivision (3) of this subsection on such individual's home if one or more of the following persons is lawfully residing in such home:

(a) The spouse of such individual;

(b) Such individual's child who is under twenty-one years of age, or is blind or permanently and totally disabled; or

(c) A sibling of such individual who has an equity interest in such home and who was residing in such individual's home for a period of at least one year immediately before the date of the individual's admission to the medical institution;

(5) Any lien imposed with respect to an individual pursuant to subparagraph b of paragraph (a) of subdivision (3) of this subsection shall dissolve upon that individual's discharge from the medical institution and return home.

14. The debt due the state provided by this section is subordinate to the lien provided by section 484.130, RSMo, or section 484.140, RSMo, relating to an attorney's lien and to the participant's expenses of the claim against the third party.

15. Application for and acceptance of MO HealthNet benefits under this chapter shall constitute an assignment to the department of social services or MO HealthNet division of any rights to support for the purpose of medical care as determined by a court or administrative order and of any other rights to payment for medical care.

16. All participants receiving benefits as defined in this chapter shall cooperate with the state by reporting to the family support division or the MO HealthNet division, within thirty days, any occurrences where an injury to their persons or to a member of a household who receives MO HealthNet benefits is sustained, on such form or forms as provided by the family support division or MO HealthNet division.

17. If a person fails to comply with the provision of any judicial or administrative decree or temporary order requiring that person to maintain medical insurance on or be responsible for medical expenses for a dependent child, spouse, or ex-spouse, in addition to other remedies available, that person shall be liable to the state for the entire cost of the medical care provided pursuant to eligibility under any public assistance program on behalf of that dependent child, spouse, or ex-spouse during the period for which the required medical care was provided. Where a duty of support exists and no judicial or administrative decree or temporary order for support has been entered, the person owing the duty of support shall be liable to the state for the entire cost of the medical care provided on behalf of the dependent child or spouse to whom the duty of support is owed.

18. The department director or the director's designee may compromise, settle or waive any such claim in whole or in part in the interest of the MO HealthNet program. Notwithstanding any provision in this section to the contrary, the department of social services, MO HealthNet division is not required to seek reimbursement from a liable third party on claims for which the amount it reasonably expects to recover will be less than the cost of recovery or for which recovery efforts will not be cost-effective. Cost-effectiveness is determined based on the following:

(1) Actual and legal issues of liability as may exist between the [recipient] **participant** and the liable party;

(2) Total funds available for settlement; and

(3) An estimate of the cost to the division of pursuing its claim.”; and

Further amend the title and enacting clause accordingly.

Senator Schmitt moved that the above amendment be adopted, which motion prevailed.

Senator Pearce assumed the Chair.

Senator Dempsey offered **SA 3**:

## SENATE AMENDMENT NO. 1

Amend House Committee Substitute for House Bill No. 2070, Page 1, Section A, Line 2, by inserting immediately after said line the following:

**“190.335. 1. In lieu of the tax levy authorized under section 190.305 for emergency telephone services, the county commission of any county may impose a county sales tax for the provision of central dispatching of fire protection, including law enforcement agencies, emergency ambulance service or any other emergency services, including emergency telephone services, which shall be collectively referred to herein as “emergency services”, and which may also include the purchase and maintenance of communications**

and emergency equipment, including the operational costs associated therein, in accordance with the provisions of this section.

2. Such county commission may, by a majority vote of its members, submit to the voters of the county, at a public election, a proposal to authorize the county commission to impose a tax under the provisions of this section. If the residents of the county present a petition signed by a number of residents equal to ten percent of those in the county who voted in the most recent gubernatorial election, then the commission shall submit such a proposal to the voters of the county.

3. The ballot of submission shall be in substantially the following form:

Shall the county of ..... (insert name of county) impose a county sales tax of ..... (insert rate of percent) percent for the purpose of providing central dispatching of fire protection, emergency ambulance service, including emergency telephone services, and other emergency services?

☐ YES

☐ NO

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance shall be in effect as provided herein. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the county commission shall have no power to impose the tax authorized by this section unless and until the county commission shall again have submitted another proposal to authorize the county commission to impose the tax under the provisions of this section, and such proposal is approved by a majority of the qualified voters voting thereon.

4. The sales tax may be imposed at a rate not to exceed one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any county adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525, RSMo. The sales tax shall not be collected prior to thirty-six months before operation of the central dispatching of emergency services.

5. Except as modified in this section, all provisions of sections 32.085 and 32.087, RSMo, shall apply to the tax imposed under this section.

6. Any tax imposed pursuant to section 190.305 shall terminate at the end of the tax year in which the tax imposed pursuant to this section for emergency services is certified by the board to be fully operational. Any revenues collected from the tax authorized under section 190.305 shall be credited for the purposes for which they were intended.

7. At least once each calendar year, the governing body shall establish a tax rate, not to exceed the amount authorized, that together with any surplus revenues carried forward will produce sufficient revenues to fund the expenditures authorized by this act. Amounts collected in excess of that necessary within a given year shall be carried forward to subsequent years. The governing body shall make its determination of such tax rate each year no later than September first and shall fix the new rate which shall be collected as provided in this act. Immediately upon making its determination and fixing the rate, the governing body shall publish in its minutes the new rate, and it shall notify every retailer by mail of the new rate.

Beginning with the general election in 1994, all board members shall be elected according to this section

and other applicable laws of this state. At the time of the appointment of the initial members of the board, the commission shall relinquish and no longer exercise the duties prescribed in this chapter with regard to the provision of emergency services and such duties shall be exercised by the board.

9. The initial board shall consist of seven members appointed without regard to political affiliation, who shall be selected from, and who shall represent, the fire protection districts, ambulance districts, sheriff's department, municipalities, any other emergency services and the general public. This initial board shall serve until its successor board is duly elected and installed in office. The commission shall ensure geographic representation of the county by appointing no more than four members from each district of the county commission.

10. Beginning in 1994, three members shall be elected from each district of the county commission and one member shall be elected at large, such member to be the chairman of the board. Of those first elected, four members from districts of the county commission shall be elected for terms of two years and two members from districts of the county commission and the member at large shall be elected for terms of four years. In 1996, and thereafter, all terms of office shall be four years.

12. (1) Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the second classification with more than fifty-four thousand two hundred but fewer than fifty-four thousand three hundred inhabitants that has approved a sales tax under this section, the county commission shall appoint the members of the board to administer the funds and oversee the provision of emergency services in the county.

(2) The board shall consist of seven members appointed without regard to political affiliation. Each member shall be one of the following:

- (a) The head of any of the county's fire protection districts, or a designee;
- (b) The head of any of the county's ambulance districts, or a designee;
- (c) The county sheriff, or a designee;
- (d) The head of any of the police departments in the county, or a designee; and
- (e) The head of any of the county's emergency management organizations, or a designee.

(3) Upon the appointment of the board under this subsection, the board shall have the power provided in section 190.339 and shall exercise all powers and duties exercised by the county commission under this chapter, and the commission shall relinquish all powers and duties relating to the provision of emergency services under this chapter to the board.

**13. Provisions of this section to the contrary notwithstanding, in any county with a charter form of government and with more than one million inhabitants which imposes a sales tax authorized under the provisions of this section, such tax shall not apply to sales at retail of "food", as such term is defined under section 144.014.";** and

Further amend the title and enacting clause accordingly.
